

The AKL Education Foundation was created in 1984 as the tax exempt charitable arm of Alpha Kappa Lambda. Its purpose is to financially support the worthy educational and leadership activities of the Fraternity of Alpha Kappa Lambda. Donors can help to ensure the strength and stability of Alpha Kappa Lambda in the future is by providing a gift in their estate plans.

In recognition of my commitment to the Fraternity of Alpha Kappa Lambda, and my desire to support the AKL Education Foundation beyond the horizon of my mortality, I am interested in learning more and discussing how to take steps to make a bequest or other planned gift. I understand that completing this form is entirely at my option, and that all information will remain confidential.
