THE LOGOS is published three times each collegiate year to further the interests of Alpha Kappa Lambda Fraternity. All communications regarding editorial matters, contributions, news items, advertising rates, and other matters should be addressed to the editor or to the associate editor.

1 9 4 3

The President's Message

AS WE ENTER the second period of our college year, I am glad of this opportunity to salute AKA men everywhere; and especially the Fall initiates and all active chapter brothers.

For many of you it has been a tough and disturbing year and the prospects for the second period may even be tougher. But everywhere I see in our fraternity boys a growing personal confidence and determination to meet the difficulties and the hardships with courage and a growing faith in their ability to meet their individual responsibilities. All are working harder than ever before and filling well the jobs and programs for which they are best fitted. Necessarily, in our college life, many plans are made only to be changed tomorrow when new developments arise. The AKA boys are more fortunate than many others for they have as their guide those high ideals to which they subscribed when taking their fraternity pledge. As an organization of men they cannot, they must not, lose faith in their own ideals and their fraternity opportunities. Out of the confusion and the trials of the present day, we must all have faith in the final outcome of the struggle in which all are engaged. We must adapt ourselves to the wartime conditions. It is especially important that we strengthen and maintain the morale in our chapters, and at our homes, if we are to have it on the fighting front.

I especially ask that each one of our AKA men, during the coming year, conduct himself as a true fraternity man and give to each of our separate chapters that guidance which exemplifies our standing for truth and for brotherhood, not only among ourselves but before all mankind.

With New Year greetings to each of you.

Sincerely and fraternally yours,

J. C. BLAIR

National President

CHAPTER NEWS—ACTIVITIES

IOTA MOVES TO NEW HOME

AT THE beginning of the fall semester, Iota chapter moved to a new home at 1707 Laramie in Manhattan. The new house is located much closer to the campus and to other fraternity and sorority houses, and has more room than the previous residence. The house was full at the beginning of the term, but is now not filled to capacity owing to the fact that some members have left school for duty in the armed forces.

BETA INITIATES ELEVEN

ON OCTOBER 18 at a formal initiation ceremony Beta chapter welcomed into membership a new honorary, Dr. Raymond Harriman of the School of Humanities at Stanford. New actives who were initiated at the same time are *Dix Brow*, '45, Coronado; *Bill Alfonte*, '45, Sonoma; *Jack Reese*, '45, San Francisco; *Reuben Moeckli*, '45, Phoenix, Arizona; *Bill Taylor*, '45, San Francisco; *Charles Sword*, '45, Whittier; *Don Sharp*, '45, Martinez; *Jay Reeve*, '45, Winton; *Cort Van Rensselaer*, '45, Santa Barbara; *Bruce Howard*, '43, Kirkland, Washington; and *Jack Heckelman*, '44, Exeter. The total membership in the active group became 26 which fills the normal capacity of the house.

ALPHA GOES ON SCRAP DRIVE

SUNDAY, October 11, saw every man at Alpha up early for a special breakfast served them by the Army. They pro-

ceeded, in Army trucks, to scout Berkeley for scrap material, and turned in a fine record for the day, having a greater percentage of their membership participating in the drive than any of the other 44 fraternities at California. Stiff muscles and aching backs were compensated for by the satisfaction of having done a good day's work.

GAMMA MEN ACTIVE IN MANY FIELDS

TOM SMERDEL, '45, Danville, is a reserve guard on the varsity football team and has seen considerable action in the first few games. Tommy, who weighs 170, has the distinction of being one of the lightest linemen in the country playing for a major team.

Andy Sauer, '44, Winchester, is out for varsity wrestling, while Bob Herget and Ed Heine are members of the freshman football team. Don Gladding, an "I" man in track is out for cross country. Gladding won second in the two mile run at the Big Ten indoor track meet last year. "Bus" Lauchner is out for the freshman cross country team, and Keith Kerr, captain of the 1941 freshman swimming team is one of the most promising back stroke swimmers on Coach Ed Manley's varsity squad. Boyd Barrick, '44, Stillman Valley, is out for varsity basketball.

Giving Gamma a well-balanced activity program Nick Shuman is City Editor of *The Daily Illini* while Jack Adams, '44, is a junior sports editor of the publication. Bill Drake is president

of Sigma Delta Chi, national professional journalism fraternity. Bob Plagge, '44, is chairman of the Y.M.C.A.-Y.W.C.A. social committee. Bill Huber, '45, Peoria, and Dan Handlin are out for debate. Phil Zimmerly is a student announcer for WILL. George Perbix, '45, Chapin, and Chuck Spaeth, '45, Urbana, are also active in the "Y."

Several members are active in campus church affairs. Bud Johaningsmeir, '44, Fort Worth, Texas, is president of the Evangeline Student Association. Dan Sailor, '43, Rantoul is on the Student Council of the Wesley Foundation.

HOUSE RECONDITIONED AT EPSILON

ACTIVES and pledges gathered early last fall to put the house in shape for a year full of activities. The dining room was cleaned and redecorated and the kitchen was scrubbed out and given a new coating of enamel. Stairways and study rooms were fixed up, some of the rooms being painted. The deep cardinal on the walls in the room at the head of the stairs is at first startling but pleasing. Saturday work days with buffet suppers result in keeping the house in good shape. Thirty new dining room chairs were purchased.

Two new mascots occupy their reserved quarters in the house—Smokey, a black cocker spaniel acquired through the efforts of Gordie Barrington and Art Jackson, and Asphalt, a pure white cat.

ETA CONTINUES SERENADING

OPENING the serenading season, members and pledges of Eta marched to

the foot of the balcony of the Kappa Kappa Gamma sorority house to honor *Ruth Erickson* and *Gerald Mohr* whose engagement has been announced recently. Other engagements announced during the summer and fall were those of *Don Mustard* to *Grace Hiles* and *Bill Johnson* to *Beth Glover*. Wedding bells rang for *Wilbert Habakangas* and *Darlene Schmitten*.

Music occupies Eta boys at meals and at weekly songfests where they indulge in "tricky arrangements" of such numbers as "This Is My Country," "I Love You Truly" (so many engagements no doubt) and "Home Sweet Home."

TRADITION BLASTED AT KAPPA

AS THE Purdue tradition goes the seniors made an all-out effort to keep their mustaches for the first football game; however, it seems as though some youngsters, commonly known as freshmen, had a razor-sharp idea. The climax occurred in a mass battle in front of the chapter house. The sides were about even until one fourth year man yelled, "Senior," and the wrong parties came. The results are obvious.

FIVE GRADUATED AT KAPPA CHAPTER

ON SUNDAY, December 20, the accelerated program at Purdue University brought commencement which would ordinarily have taken place next June. Five members received their sheepskins: *Bill Taylor*, who has a commission in the Field Artillery; *Jack Stark*, who has a similar commission; *Dean Wilbur*, a poultry major who goes to work for a dried egg con-

cern; *Roy Weatherston*, an engineer who has gone with Curtiss Wright; and *Bill Pugh*, who is a lieutenant in the Marine Corps. All these men will be sadly missed at Kappa, but they are stepping right into spots where they are needed most, and Kappa chapter wishes them every success.

OCTOBER INITIATION AT ALPHA

Six pledges became active members of Alpha chapter on October 6 at a formal initiation in the chapter house. New members are Bob Buckwalter, '44, Randolph Holmes, '46, Bob Lindauer, '44, Bill McCampbell, '43, Frank Raab, '43, and Bill Skinner, '43. Speaking at the initiation banquet which followed, John Senger, '36, told about some of his experiences in the Bahrein Islands.

NEW FACULTY ADVISER AT IOTA

PROFESSOR H. M. Stewart is now the faculty advisor for Iota chapter at Kansas State University. The former advisor, James Chapman, has gone to Des Moines, Iowa.

WEEK-END CELEBRATIONS AT GAMMA

GAMMA chapter celebrated Homecoming on October 10 with its traditional dinner attended by many returning alumni. Dean Blair, National President, spoke at the dinner. On Dad's Day 40 fathers of Gamma men came to the campus and attended the banquet. E. L. McClure, father of Gordon McClure, '44, who had but recently returned from a Japanese internment camp in Thailand, spoke at the banquet. The "I" Men's Club, meeting on

the campus on Dad's Day, elected Walt Wessman, '22, as its president.

EPSILON MEN IN ACTIVITIES

ARTHUR JACKSON, who is a senior is an assistant instructor in commerce school. John Wilson, '43, is president of A.S.M.E. John Sefferen, '46, is a member of the famous Wisconsin Band. Roy Wiberg, '45, manages the intramural program. Otto Mueller is serving on the activities bureau. Hal Noreng, a member of the interfraternity council, served on a committee which is working on elimination of social frills during the duration.

BLACKOUT REGULATIONS AFFECT ALPHA CHAPTER

IN COMPLIANCE with dimout regulations, the entire Alpha chapter house has been "dimmed" out. This is necessary since the house is located with a direct view through the Golden Gate out into the Pacific Ocean. Blackout screens are in readiness so that the dining room may be completely blacked out, leaving a room available for studying during an alert. *Art Holmes*, '44, is in charge of house air raid precautions as well as being assistant block warden. A bucket brigade has been organized and holds periodic practice drills. Alpha and Beta chapters evidently must carry out these necessary functions more effectively than midwestern chapters.

FALL INITIATION AT EPSILON

NOVEMBER 8 was the day on which five more men became active members of Epsilon chapter. The initiates were *Frank Morman*, '44, *Robert Flatter*, '44,

Richard Mason, '44, Larry Fail, '45, and Harley Splitt, '45. Doctor John L. Gillin, Honorary, was the guest speaker at the banquet which followed.

VARIETY IN ACTIVITIES IS ETA'S GOAL

ON THE list of campus leaders at Eta are Ronald Johnson, recreational director for the Wesley foundation, Methodist youth group; Gerry Mohr, supreme councilman, of Phi Mu Alpha, music honorary, director of the Congregational church choir, and member of the college rally committee; Grant Gaines, president of Phi Mu Alpha and member of Alpha Kappa Psi, business administration honorary; Art Williams, social chairman of the

Y.M.C.A., and Burt Davis, secretary-treasurer of Phi Mu Alpha and vice-president of the senior class. Mack Jones is a new member of the WSC pep band and Stan Berry is a newly chosen page of the Intercollegiate Knights.

KAPPA INVESTS RADIO FUND

MENTIONED in the Summer 1942 Logos. Kappa's radio fund has been increasing steadily. The boys have decided, however, to "salt" the cash away until after the war, which is a worthy bit of self-denial. They aren't closing the books yet, though—any more cash that comes in can go toward another war bond.

CHAPTER NEWS—ATHLETICS

KAPPA PLACES IN CROSS COUNTRY

ENTERING as many intramural sports as possible is the aim of Alpha Kappa Lambdas at Kappa chapter. Without training, they placed third in the intramural cross country event, having placed first and third in the two preceding years in this event. Chess is the popular indoor sport, together with exercising "Kappy," the mascot, who loves to ride but who spends most of his time sleeping, eating and licking stamps.

"THEY WERE CLOSE" SAY ETA MEN

STEPPING into the intramural football season with plenty of vim and vigor, Eta's team tried hard but lost each of four games. The report is that each

one was close. Hopes are pinned high on a successful basketball team, though, since several former high school players are on the roster.

POINTS PILE UP FOR GAMMA

HAVING lost only one softball game, Gamma is off to a fine start in intramural competition. Under the guidance of Boyd Barrick, house intramural manager, brothers have accumulated further points in bowling, track and tennis.

VOLLEYBALL HIGHLIGHTED AT BETA

WHILE football and golf at Beta chapter have not been too promising, volleyball occupies the limelight, since the Beta team is the class of the league. At last reports only one defeat had been sustained.

ACTIVES TOP PLEDGES AT WISCONSIN

STILL full of enthusiasm at the varsity's homecoming victory over Ohio State, Epsilon actives next day played touch football against the pledges, who

were ably assisted by Art Raffill, '34, and Harold Lautz, '33. These men eventually proved to be a handicap, however, since the actives squeezed out a last minute touchdown on a sensational pass to Whitey Blank.

CHAPTER NEWS—SOCIAL

ALPHA HONORS SERVICE FLAG

OPENING the fall term a radio dance was held at Alpha chapter on August 29 to honor a new service flag which at this writing contains 65 stars. Also a new fraternity flag brightens the exterior of the chapter house. Alpha's social program has been restricted for reasons of economy and better scholarship, but thus far a Halloween dance and a pledge dance have been held, the latter being on November 21 after the Stanford game. Several Beta men were guests.

PIRATE DANCE AT STANFORD

A PIRATE DANCE, with appropriate decorations and costumes, together with several date dinners, made up Beta's first quarter social program. In addition the annual luncheon for transfer men was held at the beginning of the year.

HOMECOMING DANCE HIGHLIGHTS FALL SOCIAL SEASON AT EPSILON

ON OCTOBER 31 the annual homecoming dance at Epsilon gave the actives a chance to welcome back several alumni, including some from the services. Dale Ihlenfeldt, '40, of the Navy, Fritz Puls, '42, of the Army, and 2nd

Lieutenant George Savinske, ex'43, of the Marines were there. The services were further represented by three WAVES from the Naval Training School on the campus who were escorted respectively by an ardent pledge and two actives. Otto Mueller, '43, has been in charge of the social program which has included several radio dances, an exchange dinner with the Alpha Phis, and a Christmas Formal, held on December 19.

IOTA SETS DATE FOR SPRING FORMAL

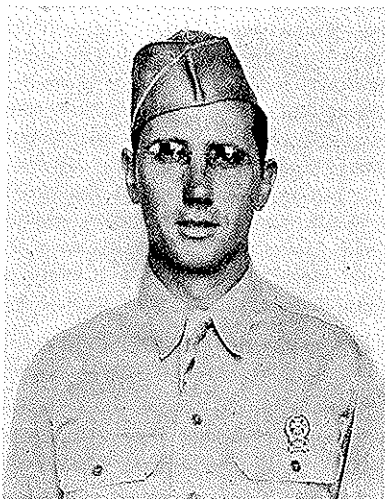

PLANNING ahead, Iota chapter has scheduled its Spring Formal for next March 13, and has already engaged its orchestra and location. Highlighting the fall social season was a Pledge Dance at which favors in the form of miniature paddles were given. Earlier open houses with Kappa Delta and Alpha Delta Pi were held.

ECONOMY FEATURES KAPPA SOCIAL PROGRAM

ALMOST forty couples attended the dance at Kappa chapter on October 3. Members made their own programs, thereby effecting a saving. From money saved here and there, the chapter has purchased three oak study desks which improve the rooms very much.

NEWS ABOUT HARRY

WE RECENTLY ran across an item in the *Indiana Telephone News*, publication of the Indiana Bell Telephone Company, about our past National President and Expansion Secretary, Harry Hollis. It is reprinted below with the permission of the editor of *Indiana Telephone News*. Harry is now an officer's candidate at Fort Belvoir, Virginia.

Officer's Candidate Hollis

"You well remember civilian Hollis, the chap who was refused by 'most

every branch of our armed forces because he wore 'cheaters.' The same civilian Hollis, turned private, won high honors in the rifle competition of Co. B, 88 Bn., being the only soldier to score 'expert' on the 200 and 300 yard ranges. In addition to the phenomenon of winning, he accomplished the feat by changing from left to right-handed—because, on rapid fire, the bolt action of the Springfield was too much of a handicap for a left-hander to overcome. Since Hollis has no control over his left eyelid nerve, it was necessary that he wear a 'Floyd Gibbons' patch so he could sight. All in all, everyone was surprised as the devil, and Pvt. Hollis thinks it's the dearest thing he ever heard of."

So wrote Pvt. Hollis to his friend, Candidate Roger Sherman who is now at Fort Benning. We think Harry's own description of his remarkable shooting is one of the best things we've read in a long time and we are truly grateful to Rog for sending it on to us so we could pass it along to you. As every man knows who ever fired a rifle in competition, it takes more than luck to win an "expert" medal. And to win one in spite of three severe physical handicaps is to do the impossible. But we're not too surprised—we played pool with the guy once and found out then that he could really hit what he was shooting at.

NATIONAL SPOTLIGHT

"SCHOLARLY" *Irv Dilliard*, Gamma '27, and editorial writer for the *St. Louis Post-Dispatch*, continues to receive national recognition in the columns of *Time Magazine*—most recently for hav-

ing written an article in a well-known national magazine before last November accurately forecasting the Republican upswing. Irv, in spite of his arduous duties, always has time for a word or deed to help the fraternity along.

LET'S LOOK AT THE LOGOS

By John B. White, Editor

THE CURRENT trend in all things is conservation—of material, time, resources of all kinds. Business firms, organizations, families and even fraternities must pause and take stock of themselves, determine how they can use what they have to the greatest advantage, see that the money they spend brings the largest return. In this spirit it might be advantageous to us all to survey our fraternity organization, see that we aren't wasting our manpower or our other resources.

Your National Executive Council is made up of six men selected, indirectly, by you, whose responsibility it is to see that Alpha Kappa Lambda continues strong and grows even stronger, despite the many sacrifices we are called upon to make for our country and the rights and privileges it stands for which we all enjoy. These six men, like yourselves, are subject to the many demands made upon everyone these days—demands upon time and ability to further the war effort. Three of the six elected national officers are now in the armed forces and their work has been taken over by others.

In the past *The Logos* has endeavored to maintain a policy of reporting news to the members of the fraternity—news of progress made by collegiate and alumni chapters and news of the progress of individual members. In addition it has reported on activities of the National Executive Council and on matters affecting the welfare of the fraternity. Feature stories presented have been about outstanding alumni

and honorary members, about interesting activities and hobbies in which members are engaged, and on other items of interest. Four years ago, in an effort to reduce expense and increase the value of the magazine, a new format was adopted which met with general approval. Last year *The Logos* went, for the first time, to ALL members of the fraternity, including those who had not paid for life subscriptions.

But now, it seems, *The Logos* has an even larger place to fill. Men are moving about the country at a much greater rate, in war work, in the services, and in civilian occupations. They are occupied more intensely than ever before with the need for completing a job with all possible speed. What place does fraternity membership occupy in this picture? Is it important for alumni to think more earnestly, more clearly about their fraternity now than before, in addition to concentrating on the immediate task at hand? If you men want to perpetuate for your sons and for young men in general the solid stabilizing influence in university life which Alpha Kappa Lambda furnished to you—if you think, as we all must, of how we are to get back on our feet after this mess is cleaned up properly—you will realize that not only must Alpha Kappa Lambda be aided in helping young college men develop themselves now, it must also prepare itself for a big job to come. In this connection, as the editor sees it, it is the duty of *The Logos* to report in full the changing scene of Alpha Kappa Lambda to its

members—the activities of men in the services, of men in direct prosecution of the war effort, of individual chapters in their efforts to preserve their organizations. And over and above all this, THE LOGOS must stimulate men of Alpha Kappa Lambda to greater effort in preserving the ideals we hold dear, and in preserving the organization which fosters these ideals and of which we are a part. THE LOGOS must translate the spirit of the fraternity's leadership to the fraternity's membership, to the end that the fraternity will, now and in the future, present to the world a united front.

To do this, THE LOGOS must ask for and receive the cooperation, not only of members of the executive council, but of every member who reads these words. This is not another appeal for you to reluctantly sit down and write a word about yourself to the editor, in spite of your natural modesty. As you thumb through these pages, think what you would like to be reading, what you want to know, what you would like to be told by your frater-

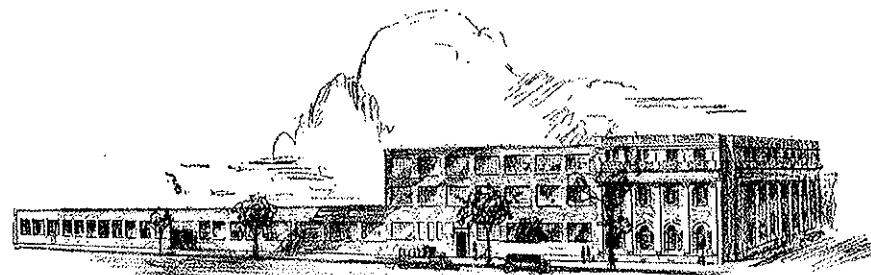

nity's leaders. Think of these things, and then reflect on what information or ideas YOU might have which your brothers might like to hear about. Last of all, reflect on the purely mechanical condition which prevents the editor from making THE LOGOS the kind of magazine you want to read. In the past four years the number of unsolicited letters from alumni and active members received by the editor about THE LOGOS can almost be counted on the editor's fingers. We even have to pry address changes out of you.

Reflect once again on this: If YOU do not assume just a little of this responsibility toward your fraternity, and if THE LOGOS can't serve the vital need it should fill because the contacts are all "one-way," it might as well be discontinued so that the funds could be put to better use for the fraternity. This is food for thought. Now more than ever, get behind your own chapter, your own fraternity, and keep it where it belongs before you look there and find it is too late!

ZETA CHAPTER BECOMES INACTIVE

It is with much regret that we record the passing into inactive status of Zeta chapter at the University of Michigan. Conditions there in the past few years have combined to weaken the active group, and this fall we were not num-

bered among the active chapters on that campus. Alumni of Zeta and of all chapters look forward to the day when, after more important matters are settled, the group will be re-established.

OUR NEW PRINTER . . .

WITH THE printing of this winter issue of THE LOGOS, we introduce our new printer, The George Banta Publishing Company, Menasha, Wisconsin.

This highly specialized organization was founded in 1901 and incorporated in 1906. The idea of a printing service to the fraternity and sorority editors wherein the printer assumed the work of developing specifications for the new editors, was paramount in the mind of this company's founder, the late George Banta. Appreciating the fact that many changes occur over a period of years in the editorial staff of most periodicals, this service was planned to assist not only the experienced, but also the untrained editor, in making his book the best value for his investment.

This company, at the present time, prints over 180 various periodicals including sorority and fraternity magazines, professional and technical journals, and trade magazines. School books also play a big part in the annual production program of The George Banta Publishing Company.

Our new printer has established a reputation which is nation-wide for high quality printing. Banta periodicals, at the present time, are being mailed or shipped to all parts of the world and the editorial staffs of many of its publications include the names of outstanding personalities from nearly every country outside of these United States.

Personal attention toward every manuscript submitted is one of the features of this prominent organization. One person is assigned to a particular account and all correspondence between editor and business manager and the printer, is carried on with this individual. It is his, or her, job to guide the publication through the plant to completion. This feature, in itself, does a great deal to lighten the burden of any editor, for although the plant employs close to five hundred people, only one of this number needs to be contacted for the many problems which may arise during the course of manufacture of a periodical.

ANNUAL REPORT OF THE NATIONAL TREASURER

By Neil C. O. Brogger, National Treasurer

THE FISCAL year which ended last June 30 has not been as gratifying as it should have been. Yet, when it is realized that the national fraternity was faced with the problem of rehabilitation of two of its chapters, the record is not as bad as the cold figures indicate. One of these, Epsilon, has staged an amazing recovery and should make up for whatever expense was incurred on its behalf. The other, Zeta, was less fortunate and is definitely in limbo for the duration.

The Directory Fund

With the last issue of the *National Directory* was enclosed a small card suggesting each member contribute one dollar toward more frequent publishing of our directory. To those few who responded, our heartfelt thanks; their contributions have been set aside in a special fund as the balance sheet below indicates. Unfortunately, the war casts considerable doubt on the advisability of publishing a new directory in 1943 as planned. With so many brothers scattered to the four corners of the earth, the task of obtaining correct addresses and occupations is very difficult. Nevertheless, the matter will be reconsidered next spring.

Income and Expense

You will readily note that income for the year ended June 30, 1942, was over \$800 less than the previous year.

Of this amount, \$500 was in the item, "Interest-National Endowment Fund Securities." This was because the National Treasurer only used the cost of the one issue of *Logos* published compared with three in the previous year. This reduction of \$500 is therefore offset by a corresponding reduction in expenses. Income from initiation fees was also reduced, but would have been nearly even with the previous year had one of our chapters remitted its check in time to be included. This check covered initiation fees paid by initiates during the year. The item, "Contingencies and Special Activities" covers extraordinary expenses in connection with the rehabilitation of the two chapters discussed above. Our organization got full value for every dollar spent.

The Outlook for This Year

The prospects for the current fiscal year are so far very encouraging. All our chapters are filled to capacity and should fare well financially until the effect of the draft of 18-19-year-old men is felt. There is no apprehension for the immediate future, but the spring of 1943 will no doubt present many difficulties. How these will be met depends on you to a great extent. The Executive Council will do its utmost to maintain our organization, and success will be ours with intelligent and diligent cooperation.

BALANCE SHEET

	June 30, 1942	June 30, 1941

FALL PLEDGES

ALPHA

Boardman Drobish, Myron Close,
Gordon Jones, Harvey Wannemaker,
and Lou Wileman.

BETA

Names not furnished.

GAMMA

Kenneth Anderson, Malcolm Clark,
Cy Dawson, John Garrett, Don Glad-
ding, Don Hallberg, Don Handlin,
Ed Heine, Bob Herget, Ralph Kelly,
Keith Kerr, Dick McCaughey, Dick
Piersol, Art Price, Andrew Sauer,
Morris Shaddle, Lee Sullivan, Jack
Swaim, Lee Stevenson, Howard Shu-
man, Julian Lauchner, Allen Car-
penter, Randall Lindquist, Jim Tor-
rance, and Lloyd McCleary.

EPSILON

Jim Austin, John Sefferen, Bob Han-

son, Fred Tait, Raymond Smith,
Morgan Jorgenson, Marvin Huebner,
George Wirtz, and Bob Kransten.

ETA

Jim Mustard, Stan Berry, Ralph
Grant, Dick Korte, Gene Lloyd, Carl
Johansen, Bill Harris, and Jim Gam-
ble.

IOTA

Names not furnished.

KAPPA

Robert Barnes, Jack Brooks, Longen
Churchman, Jack Griffith, John Guh-
man, Richard Kilpatrick, Roy
Knowlton, William Mason, Harold
Narigan, Jack Rice, Justin Seiler,
William Shuey, Arthur Tissol, San-
ford Wolin, and William Zimmer-
man.

LIST OF BROTHERS IN THE
ARMED FORCES

THE OFFICE OF CENSORSHIP has pointed out to the National Secretary the impor-
tance of keeping address information of brothers who are in the armed services
completely confidential. All chapter officers, both active and alumni, who are
responsible for maintaining a file of address cards are cautioned to see that no
unauthorized persons are given or may gain access to such files.

For the duration, THE LOGOS will endeavor to report to you the name of every
brother joining the armed forces. Addresses may always be obtained when pos-
sible through chapter secretaries or the National Secretary.

News available to us regarding these brothers will likewise be reported to you
in these columns.

Alaux, Robert Louis, Alpha '33
Auman, Victor, Eta '36
Bafus, Adrian, Eta '40
Becker, Dr. Leonard Albert, Gamma
'36
Bello, Robert Stanley, Alpha '42
Bennett, Jackson Kirby, Beta '33
Bertholf, Donald Earl, Iota '42

NEWS AND CHATTER

SCHOLARSHIP TRENDS AT ACTIVE CHAPTERS

REPORTS from various chapters on scholarship results for the last half of the previous school year indicate a need for tightening up. Beta chapter at Stanford University led all fraternities on that campus last year in scholarship, Bob Helliwell, '42, being named to Phi Beta Kappa. Eta chapter has one permanent scholarship trophy in its possession and has one leg toward another, having taken first place at Washington State for four consecutive semesters.

While information on results at Iota and Kappa chapters is not at hand, results at other chapters have not been satisfactory either to active men themselves or to alumni. Gamma chapter at Illinois has slipped to eleventh place, the lowest ranking it has ever received. This semester an organized program to improve scholarship has been given much attention. Epsilon chapter at Wisconsin during the first semester of last year rose again to first place on the campus but slipped to eleventh place the second semester. Latest reports for the current term indicate expected improvement in this ranking. Alpha chapter at California ranked sixth, a drop from second place the preceding semester.

Alumni of Iota chapter have voted to present a fraternity ring to the active member attaining the best record in scholarship and chapter activities. Alpha chapter sponsors a scholarship key to be presented to the active member

showing the greatest improvement in scholarship during each semester.

Active chapters realize that it is through their efforts that Alpha Kappa Lambda in the past has ranked so high nationally in scholarship. Reports on more recent achievements will be found in the next issue.

COLLEGE PROGRAMS ADVANCED

AT MANY colleges and universities the customary four years formerly necessary to attain a degree has now been shortened to from two to three years. This is accomplished by fitting three semesters into the year instead of the two which were formerly standard. The stepped-up program results in placing more emphasis on direct school work with the result that less time is available for development of and participation in fraternity programs. Kappa chapter at Purdue University lost five men by graduation on December 20 who normally would have remained until next June. Alpha and Beta chapters remained open last summer to accommodate the many members who took work during summer sessions.

This trend, of course, is in keeping with the nation's war effort and attempts to alleviate the manpower problem, and we as a fraternity are naturally in favor of it, although it has an adverse effect on our own future at these campuses.

CHAPTER MEMBER-SHIP PROBLEMS INCREASE

RECENT indications from several chapters are that men are moving into armed services or war work in increasing numbers. News of recently announced programs of the War Manpower Commission for inducting reservists who are students and continuing their training under military discipline is familiar to everyone. The immediate effect of these changes on the ability to secure new pledges and to retain present members at collegiate chapters is being studied by the National Executive Council, three members of which met in Urbana, Illinois, on January 10 to plan for methods of preserving our chapters. A full report on these matters will be made in the next issue of THE LOGOS.

MANHATTAN ALUMNI CHAPTER MEETS

ON OCTOBER 24 the Manhattan (Kansas) Alumni chapter held its Fall meeting at the Iota chapter house. Problems affecting both chapters were fully discussed and steps were taken to bring about closer cooperation between the two groups. Leslie King, Iota '31, was elected president and Bill Steps, Iota '31, stepped into the office of secretary and treasurer.

IN SERVICE

SO MANY brothers have entered the service of our country, by enlistment or induction, in recent months that it is impossible to point out the many significant sacrifices they are making. A few may be reviewed briefly, how-

ever. Bill Morris, Alpha '37, and ex-National Secretary, is at the Harvard School of Business Administration receiving further training in connection with his naval duties as Ensign. Also at Harvard is John Bosshard, Epsilon '42, who will, after two years of further training, receive a commission as Second Lieutenant in the U. S. Army. Harry Hollis, Kappa '35, is at Fort Belvoir, Virginia, in the Officers' Candidate School there. Some of Harry's more recent exploits since he left the employ of the Indiana Bell Telephone Corporation are told elsewhere in this issue. Don Miller, Epsilon '39, is now a Captain in the Army Air Corps. Also since any of his activities were last reported in THE LOGOS, he is the proud father of a baby girl, Jo Ann. Don was married in March, 1941, to Lois Ann Johnson of West Salem, Wisconsin.

Leslie Janett, Epsilon '35, and Wilbur Schmidt, Epsilon '34, are both Ensigns in the U. S. Navy. Wilbur is in active service outside the country, while Les is now at Dartmouth College receiving training. Bert Peterson, Epsilon '30, long on our Lost List, is reported from Camp Wallace, Texas, where he is in training. Bert hopes to be admitted to Officers' Candidate School in the near future.

ALPHA FOLLOWS COMMITTEE SYSTEM

AT ALPHA CHAPTER the committee arrangement has been reorganized to allow for more detailed and minor matters to be settled in committee rather than by action of the entire chapter. This method results in shorter and more effective chapter meetings.

Shown in attendance at the last National Conclave are, from left to right, in front row, Joe Rogers, Dean Blair, and Bill Morris; in rear row, Irv Dilliard, Harry Hollis, Horace Baker and Walt Wessman. Three of these men, Baker, Hollis and Morris, all elected to the National Executive Council at that conclave, are now in the armed forces.

MOVES AND CHANGES

ARTHUR W. MIELKE, Gamma '33, is now in Middletown, New York, where he is minister of the First Presbyterian Church. Henry M. Shires, Beta '34, has left San Leandro, California, and All Saints Episcopal Church to become Rector of Christ Episcopal Church in Alameda, California.

Serving the nation on the industrial front are many brothers. These include James A. Erskine, Kappa '35, who has left Chicago temporarily for field work on a bridge for the Rock Island Railroad in Iowa. Russ Dymond, Epsilon '32, is with the U. S. Maritime Commission doing account-

ing supervision work in connection with the projects of the Walter Butler Shipbuilding Company in St. Paul. Russ often gets to Duluth where he visits with Fred Meyer, Epsilon '32, and Ed Baillie, Epsilon '29, who are organizing and perhaps by now operating the Midwest Dehydrating Company, a new plant with full-time war production scheduled. Their work is principally dehydrating potatoes for the armed forces and "lend-lease."

News of alumni as reported by some of the active chapters follows:

EPSILON

HERBERT HERMS, Alpha '39, our '41-'42 house counselor, left October 22, 1942.

to serve in the Army. A letter received from him said he had met and lunched with Jack Meyer, '42, Jack and Herb found themselves in the same camp.

Yeoman Dale Ihlenfeldt, '40, is a specialist in the office of personnel in the Navy.

George Savinske, an undergraduate who left for service last February, recently received a commission in the Marine Air Corps.

Corbyn Hamby, '42, was teaching music in the Sun Prairie, Wisconsin, High School until he enlisted in the U. S. Coast Guard. His forthcoming marriage to Doris Tomlinson of Madison, Wisconsin, was recently announced.

Arthur Raffill moved to Madison in September where he is employed by the Commonwealth Telephone Company.

ETA

AMONG those whom we have heard from lately are George Rogers, '42, who is stationed in Australia. He states that he would appreciate hearing from any alums in care of his address—which is available from the chapter secretary.

George Ryan, '42, ex-president of Eta chapter, writes to us from Chico Army Flying School to inform us that the grub is fine and that he is enjoying Army life very much.

Charles Coffey, also '42, is now stationed at the office of the Tacoma induction center and is ready to enlist any and all that come his way.

Jack Meyer, another 1942 grad, has been reported chief clarinet player in the Fort George Wright military band, Spokane. Vick Wakefield, president of the Spokane Alumni chapter, has re-

cently been promoted to the rank of master sergeant.

Art Cobel, '41, who is right now training as a bombardier at the U. S. Army Air Base at Albuquerque, New Mexico, hopes to receive a commission soon.

Vic Aumann recently took the vow to love, honor and obey when he was married to Virginia Brown, Seattle. He is in the Army recruiting service.

Charles Paeth, now stationed in Texas, was married to Zillah Newham of Spokane recently.

Ira Daniel, '42, was married to Miss Willene Horton this fall. The boys at the house who attended their wedding wished them both lots of happiness.

Bob Zimmerman announces the arrival of Bob Zimmerman, Jr., as a new addition to his family.

Willard Hansen writes that he was married July 7 to Helen Pope. Willard is now teaching farm shop in Mt. Vernon High School, Mt. Vernon, Washington.

Ernest McKibben, '42, has been very busy at George Washington Medical School, Washington, D.C., and is enjoying his work very much.

Fred Knobel, '31, is a land appraiser for the Federal Land Bank and is located at Berkeley, California.

Roscoe Bell, Honorary, is in charge of the agricultural program of the Japanese Relocation Center in Utah.

Claud Pevey, '32, was with the Army Air Corps somewhere in England when last heard from.

Ernie Scheele, '38, has been working on his dad's ranch near Fairfield, Washington, since he finished teaching last June. A recent card from Ernie, however, states that he was leaving

for an Army reception center in Utah as one of Uncle Sam's inductees.

Joe Wolff, '37, is now working for the Army Engineers and living in Seattle.

KAPPA

ASIDE from *Lt. Don Manlove's* father giving us the inside on Don's life, mainly that Don has been married three years and has a boy and a girl, we haven't heard much from our alumni.

We know that *Dick Parkinson*, '42, has his pin out and that *Woodie Woodward*, '42, is still at the "Y" in Philadelphia. We heard that *Maurie Robertson*, '41, married Helen Cox last June. *Richard Strahl*, '39, has moved to 7208 Constance, Chicago, Illinois, and has a new addition to his family, Judith Anne, seven months old. *Ed*

Good, '36, entered the Army a private and is now a second lieutenant.

Fred Elley, '41, now a lieutenant, junior grade, in the U. S. Naval Reserve, was here for a visit the other week. Let us tell all alumni he was a dashing sight in his blue Navy uniform at the cord dance.

Recently Kappa chapter decided to get a service plaque to hang in the living room. On this plaque will be inscribed all the names of alumni who are serving in the armed forces.

We have heard that *Captain Hix W. Meier*, '38, has been captured by the Japs. Hix was serving in the Philippines when Bataan surrendered. Despite his heavy growth of beard pictured in a current magazine, his posture identified him to his parents and wife.

BECKER APPOINTED NATIONAL VICE-PRESIDENT

IN THE Summer, 1942, issue it was announced that Joe Rogers, National Vice-President, would take over the duties of National Secretary when Bill Morris might be called to active duty in the Navy. Since that time Bill has been called, and Joe has taken over the secretary's work, filling the job very capably.

The vacancy in the office of National Vice-President has just recently been filled by the appointment to that capacity of Hugo E. Becker, Beta '21. Becker was a charter member of Beta chapter, being one of the Alpha men who colonized the Stanford University group.

In accepting the appointment, Hugo

wrote to National President Blair as follows:

"I appreciate the action of the Executive Council of Alpha Kappa Lambda in selecting me as National Vice-President. Will you express my appreciation to them and inform them that I shall be happy to accept this office, along with the responsibilities pertinent thereto.

"Alpha Kappa Lambda has always held a special niche in my life as I have seen the effects of the active membership on the lives of the men who have belonged to the Fraternity. These results speak for themselves and warrant the active participation of alumni in the functioning of the organization."
