From the Desk of the Executive Director

Dear Brothers,

It is hard to believe Founders' Day is upon us once again. It is a reminder that our Ideals, our mission and the brotherhood will endure. A testament to that is seeing our chapters succeed on campus. This year several of our chapters have really rebounded in numbers, activities and in general presence at their given institutions. The Fraternity can now focus on restarting chapters to make up for the ones we lost during the pandemic. It will not be easy in these ever-changing times, but I believe we can get back up to where we were just a few years ago with your support.

The AKL Education Foundation put out a Founders' Day Challenge this year as a fun way to create friendly competition amongst our chapters and members. This includes closed chapters. You will find more information in the next few pages. It is not too late to participate!

I am also excited to share that the newest Founders Rock Napa Valley release is coming. The label for this Pinot Noir will be recognizing the Ochino Club which was the predecessor of our Delta Chapter at Kansas. We are slowly creating a library of wines that honors our history and tastes pretty darn good too. Remember that Wine Club memberships and purchases support the Fraternity. I highly recommend if you have not done so already to join our 3-Bottle club for this spring. Try the Strength and Victory sparkling wine, the Yellow Rose chardonnay, and the new Ochino Club Pinot Noir.

I hope you enjoy this edition of Inside AKL.

Fraternally,

2023 Alpha Kappa Lambda Founders' Day Challenge

On April 22, Alpha Kappa Lambda and our chapters across the country will celebrate Founder's Day. It feels like we have more to celebrate with each passing Founder's Day since the challenges that began in 2020. This year, we want to highlight the renewed success of the Clark-Thompson Presidents' Academy, Officers Institute and Emerging Leaders Initiative which takes place each January and have bounced back strongly since the lessening of COVID restrictions.

Both events are funded by the AKL Education Foundation and its generous contributors.

In 2022, the Foundation provided \$42,000 in scholarships and grants thanks to these supporters, impacting over 80 AKL members nationwide. The Education Foundation also contributed to successful, well-attended Academy events in January, something we intend to repeat in January 2024, among funding other goals in the year to come.

To keep these funds flowing, the AKL Education Foundation is issuing a challenge: let's see which Alpha Kappa Lambda chapter can raise the most money by Founder's Day!

ALPHA KAPPA LAMBDA EDUCATION FOUNDATION

This is a great opportunity for us to come together and boost a fund that supports not just one, but all of our chapters and younger brothers. What better way to share our Loyalty to Alpha Kappa Lambda than with a friendly competition? Please send in your gift as soon as possible so we can properly recognize your chapter on April 22.

The Education Foundation plays a crucial role in teaching our brothers Scholarship and Leadership while giving them the support they need to find success. Thank you for your consideration, and we hope you are able to celebrate Founder's Day with your chapter and fellow brothers soon!

Alpha Phi Alumni Grows Ice Cream Brand

"One day, after an unusually grueling work-out, founder Louis Armstrong and a friend stopped and grabbed ice cream sandwiches out of a gas station freezer. Louis wondered out loud to his buddy – "why can't ice cream pack a nutrient dense punch?" A good question for sure. But an even better idea when a food scientist like Louis asks it. From there it was off to the ice cream races."

It may not feel like ice cream weather right now, but by the time it is, it may be a lot easier to get keto ice cream products from Killer Creamery, thanks to expansions on both the manufacturing and distribution sides. "Our show pony is our ice cream sandwich," which is both sugar-free and gluten-free, said Louis Armstrong, CEO and founder of the company. "It's the only one of its kind."

*Killer Creamery

Phi (Idaho) alumni,

Creamery.*

This year, Killer Creamery is going to be expanding nationally with Albertsons, putting four varieties of its ice cream sandwich – salted caramel, vanilla, mint chocolate chip, and chocolate in stores. It's a big deal because Albertsons adds new products into its set only once a year, Armstrong explained.

"We're one of only two or three that's actually growing," said Matt Price, chief operating officer. "It's been a brutal time for the category, and surprisingly many brands are losing their shelf space."

Moreover, Albertsons isn't the only company Killer Creamery is working with. "There are a couple of key retailers that could match Albertsons' volume," Armstrong said, such as Costco, Publix, Whole Foods, and Kroger's, the parent company of Fred Meyer, which is pursuing a merger with Albertsons. But he's looking at Albertsons first because "it's a hometown brand," he said.

Longer term, the company is looking at expanding manufacturing. Killer Creamery is focused on ice cream novelties, or hand-held forms of ice cream. "Ice cream manufacturing is at capacity nationally," Armstrong said. "It's growing significantly as more people shop in store, and novelties in particular are growing like crazy."

The problem is how to increase manufacturing capacity. While Idaho is third in dairy production, there are no large ice cream manufacturers in Idaho right now, Armstrong said. "Much of the cream produced in Idaho is leaving the state."

2024 National Conclave & 2024 Clark-Thompson Presidents' and Officers' Academy

The Fraternity of Alpha Kappa Lambda National Conclave is moving! We are excited to announce that National Conclave will be moving to January 2024 and combining with the 2024 Clark - Thompson Presidents' Academy, Officers' Institute, and Emerging Leaders Initiative.

The Fraternity of Alpha Kappa Lambda National Conclave, held every two years, is a four-day event that includes educational training, legislative sessions, and networking opportunities. During legislative sessions, the National Conclave delegation passes amendments and resolutions directing the National Executive Council in developing fraternity programs and policy, makes constitution and bylaw changes, and elects new members to the National Executive Council as needed. All members, friends, and families are encouraged to attend the National Conclave and take part in the festivities.

For newly elected officers and members, you should sign up to attend our annual leadership training.

The Fraternity of Alpha Kappa Lambda proudly provides annual training for incoming chapter presidents and officers annually every January. The Clark-Thompson Presidents' Academy is generously supported via a grant from the AKL Education Foundation.

In 2007, the Mu Chapter Alumni Corporation decided to graciously support the AKL Education Foundation and this program specifically through an endowment in honor of two of their alumni, Dean Clark and Harry Thompson.

AKL Risk Management Training

National Fraternity Risk Management Education & Resources

AKL Foundations

The AKL Foundations course of the New Member Entry Process is designed to make joining members better leaders by educating them on the issues facing college students today. As members of the Greek system, students are campus leaders and role models.

As leaders they may face difficult and challenging situations. It is how they respond to these difficult situations that help them learn and develop into effective leaders who make a positive contribution to the campus community. While our members may not encounter these challenges personally, they may have brothers or friends who do.

AKL Foundations will also cover; Drugs & Alcohol risk management and best practices, Anti-Hazing education, Sexual Violence Prevention, and Mental Health resources.

SPEAK UP Sexual Violence Prevention

This course will educate members of AKL as to the devastating impact of sexual violence on victims, in fraternities and sororities, and the university community. Many members will say initially that “I would never do anything like that.” or “That does not happen in my chapter.”

Name Your Story Mental Health Education

By completing the Name Your Story Mental Health Education course, members will become aware of the most common mental health disorders diagnosed among college students including depression, anxiety, suicide, and related risk behaviors involving alcohol, illicit drugs, and non-medical use of prescriptions drugs.

Recognize / Challenge / Change Diversity, Equity, and Inclusion Education

Recognize. Challenge. Change. is an honest conversation about our increasingly interconnected and diverse world. Participants will challenge myths regarding the historical and present day distributions of power, investigate the role of racism and anti-racism in social, professional, and educational spaces, and feel empowered to analyze their own social identities and positions within systems of power.

Definition of Hazing

No chapter, provisional chapter, student, or alumnus should conduct, participate in nor condone hazing activities. Permission or approval by a person being hazed is not a defense. Hazing activities are defined as:

“Any action taken, or situation created, intentionally, whether on or off fraternity premises, to produce mental or physical discomfort, embarrassment, harassment, or ridicule. Such activities may include but are not limited to the following: use of alcohol, paddling in any form, creation of excessive fatigue, physical and psychological shocks, quests, treasure hunts, scavenger hunts, road trips or any other such activities carried on outside or inside of the confines of the chapter house; wearing of public apparel which is conspicuous and not normally in good taste, engaging in public stunts and buffoonery, morally degrading or humiliating games and activities, and any other activities which are not consistent with academic achievement, fraternal law, ritual or policy or the regulations and policies of the educational institution or applicable state law.”

Growing The Fraternity

Recruitment Minimums & Results

In order for any organization to be sustainable and grow, every member must be committed to recruitment. Fraternity recruitment should not be the sole responsibility of the Recruitment Chair.

Every undergraduate member should strive to recruit one new member per semester to assist chapter and fraternity growth. Members who are graduating at the end of the semester should aim to recruit two new members, one to fill your spot and a second to help the fraternity grow.

Every year, the National Fraternity sets Recruitment Minimums for each AKL chapter. These minimums are based on campus size, past recruitment targets and achievements, and input from the chapter leadership. The following chart is the 22-23 academic year Recruitment Minimums and results following the Fall and ongoing Spring.

“Recruitment is the lifeblood of the Fraternity.”

Omega Chapter

Remembering Our Brothers

"Brothers and friends, we are assembled to remember those once among us who have received their calling from on high and passed into the eternal Omega Chapter of the Fraternity of Alpha Kappa Lambda. This is at once a time of sorrow at the loss we have all sustained, and the celebration of the many happy memories we will hold dear forever.

The fraternal tie that binds is a lasting bond; yet, a place once filled among us is now empty; a voice once known to us is now silent; the form we grew to know, and welcome will no longer be seen by us in this life. Yet, these Brothers are alive in the hearts and the memories of us all and will ever be held dear in the 'halls of Alpha Kappa Lambda.' It is fitting that we here pause and reflect upon the transience of life and remember those who have come and gone before us.

And we answer for every Brother named, 'Present' for though we can no longer grasp their hands in friendship nor look them in the eye, they are seen and heard with the eyes and ears of faith... the faith that someday we will meet again."

– Excerpt from the Omega Ceremony

"These Brothers are alive in the hearts and the memories of us all and will ever be held dear in the 'halls of Alpha Kappa Lambda.' It is fitting that we here pause and reflect upon the transience of life and remember those who have come and gone before us."

"The fraternal tie that binds is a lasting bond; yet, a place once filled among us is now empty."

ALPHA KAPPA LAMBDA

EDUCATION FOUNDATION

The Fraternity of Alpha Kappa Lambda Experience has never been more important than it is today. On college campuses, in small towns, and big cities alike, society needs men committed to the Five Ideals of AKL: Judeo-Christian Principles, Leadership, Scholarship, Loyalty, and Self-Support.

The same issues which affect the world also affect Alpha Kappa Lambda. Our organization can help shape the future leaders of society by providing programming, scholarships, and guidance to our members.

We must bring ideals and values to the leaders we will depend on to make the world a better place – but we need your help!

[Click Here to Donate to the AKL Education Foundation](#)

When you give to the Alpha Kappa Lambda Education Foundation you help educate and empower young men who are committed to making a difference in their communities by learning, embracing and exemplifying AKL character.

To adjust to whatever challenge may come our way, we must be nimble enough to react to the needs of today's generation and tomorrow's.

We're thrilled to introduce, Ochino Club, our newest Founders' Rock 2020 Pinot Noir From Santa Barbara County. The Ochino Club was the predecessor of the Delta Chapter of Alpha Kappa Lambda at the University of Kansas. It was formed in 1919 as an outgrowth of the Oxford Club, which was formed in the winter of 1916. Like many other groups the Oxford Club was broken up by World War I. After the war, four returning members created Ochino as an organization expressing their ideals of fellowship, clean habits, and serious purpose binding together in a unified whole.
