THE LOGOS is published to further the interests of Alpha Kappa Lambda Fraternity. All communications regarding editorial matters, contributions, news items, advertising rates, and other matters should be addressed to the Editor.

SUMMER 1949

President's Page

This message is intended to invite you, the members of our active and alumni chapters, to attend the National Conclave to be held at Pullman, Washington on Thursday, Friday and Saturday, September 8, 9, 10, 1949 as guests of Eta Chapter and the National Fraternity. We have tried to make this Conclave of interest to you and hope that we can have a large attendance at the meetings. We have planned a trip to Grand Coulee Dam as an added attraction on Saturday.

This Conclave is a most important one as we will introduce our new Expansion Secretary and National Secretary to the group. This man will be the first one to receive a paid salary from our National Fraternity. It should be a vital stepping stone in the future progress of our fraternity. Mr. Lewis Bacon has accepted this appointment on a one year basis with the privilege of reappointment at the end of that time. This is the one goal which we have set for this year and we have attained it. We should now point towards newer fields and goals to accomplish.

The fraternity is now in a position to advance in size and stature. If we can get the cooperation of all we will progress and develop as we would like to see AKL grow. Your National Officers have attempted to do all that we could to assist the growth of our beloved fraternity. Will you please show your interest by attending the Conclave and bring your problems so that we may work together to make a harmonious solution of them.

May I see all of you at Pullman.

H. GEORGE DEKAY,
National President

ETA CHAPTER INVITES YOU

These active members of Eta Chapter cordially invite you to attend the 1949 National Conclave of Alpha Kappa Lambda, to be held at Pullman, Washington, September 8, 9 and 10. In the foreground is Chapter President Clarence M. Dial.

GREETINGS to all of Alpha Kappa Lambda:

More than a decade has passed since Eta Chapter was host to the National Conclave of Alpha Kappa Lambda. We are proud to invite you to our chapter again this year for a few days of fellowship, discussion, business, and recreation.

We hope to be able to take a day to visit Grand Coulee Dam. When the delegates and officers were here in 1938, they motored to the site of the Dam and observed early phases of its construction. Now we feel fortunate to be able to take you to see the great dam which furnishes much of the Northwest with electric power.

I hope that much can be accomplished at the conclave in the way of advancement and expansion of Alpha Kappa Lambda, and that this meeting will be an inspiration for all who attend.

Remember the dates of September 8th to 10th, and, on behalf of Eta Chapter, I cordially invite you to our State of Washington to spend a few memorable days with us.

Fraternaly yours,

CLARENCE M. DIAL,
President, Eta Chapter

REPORT OF THE NATIONAL TREASURER

TO ALL MEMBERS OF ALPHA KAPPA LAMBDA FRATERNITY:

I present herewith a Balance Sheet showing the financial position of the General Fund of Alpha Kappa Lambda Fraternity as of the close of the fiscal year ended June 30, 1949, together with a Statement of Income and Expenditures for the two one-year periods ended June 30, 1948, and June 30, 1949, showing the results of operations of those years.

Respectfully submitted,
 VAN RENSSELAER,

GENERAL FUND—NATIONAL OF ALPHA KAPPA LAMBDA FRATERNITY

Statement of

INCOME AND EXPENDITURES

	Year Ended June 30, 1948	Year Ended June 30, 1949
INCOME		
Initiation Fees	\$3,250.00	\$5,160.00 (a)
Less: Amounts Payable from Fees to NEF (b)	1,230.00	1,935.00
	2,020.00	3,225.00
Less: Portion appropriated to Reserve for Expansion Secretary Salary and Expenses (b)	380.00	645.00
	1,640.00	2,580.00
Chapter Dues	3,200.50	3,779.75
Less: Special Levy for Reserve for Expansion Secretary Salary and Expenses (b)	2,091.50	2,519.83
	1,109.00	1,259.92
Net Initiation Fees and Chapter Dues—as above	2,749.00	3,839.92
Jeweler's Rebates	191.04	218.91
Charter Fees		50.00
Miscellaneous Income	22.00	26.40
Total Income	\$2,962.54	\$4,135.23

UNAPPROPRIATED SURPLUS AT END OF YEAR	<u>\$5,847.72</u>	<u>\$4,992.73</u>

GENERAL FUND
NATIONAL OF ALPHA KAPPA LAMBDA FRATERNITY
BALANCE SHEET

as of

June 30, 1949

ASSETS

Cash in Bank—Bank of America, N.T.&S.A., Palo Alto, Calif.	\$13,135.21
Accounts Receivable from Chapters, per detail below	104.95
Alpha Chapter	6.25
Beta Chapter	12.50
Delta Chapter	17.20
Gamma Chapter	69.00
Furniture and Fixtures.....	1.00 (e)
Total Assets.....	<u>\$13,241.16</u>

LIABILITIES AND SURPLUS

Accounts Payable—National Endowment Fund.....	510.00 (f)
Deferred Credits—Chapter Dues Paid in Advance.....	54.00
Total Liabilities	<u>564.00</u>
Surplus—as detailed below.....	12,677.16
Reserve for Expansion Secretary Salary and Expenses	\$5,636.33
Reserve for 1949 Conclave Expenses.....	2,000.00
Directory Fund	48.10
Total Appropriated Surplus.....	<u>\$7,684.43</u>
Unappropriated Surplus—per statement of Income and Expenditures	<u>4,992.73</u>
Total Liabilities and Surplus.....	<u>\$13,241.16</u>

- (a) Including Initiation fees of 34 initiates of Theta Chapter in amount of \$1,360,000, which amount is written off below as an expansion expenditure.
- (b) Of each Initiation fee, \$15.00 of such fee is payable to the National Endowment Fund, the income derived from which offsets the publication of the Logos; \$5.00 of such fee is allocated to Reserve for Expansion Secretary; and \$20.00 remains in the General Fund.
- (c) In accordance with past accounting procedure, \$2,000.00 was appropriated for the 15th National Conclave to be held during September, 1949. This procedure was not followed in the fiscal year ended June 20, 1947, and as a result, expenditures for the year ended June 30, 1948, were overstated by the amount of \$1,573.87.
- (d) By direction of the National Executive Council, Notes Receivable in the amount of \$882.40, having been proven uncollectible, were written off.
- (e) Reduced from \$100.31 to nominal value of \$1.00 during year ended June 30, 1949.
- (f) From initiation fees of 34 initiates, such fees having been forgiven.

Chapter News

ALPHA

DANNY COELHO OF ALPHA CHAPTER ELECTED PRESIDENT OF ASSOCIATED STUDENTS OF THE UNIVERSITY OF CALIFORNIA

Alpha Kappa Lambda extends hearty congratulations to Brother Danny Coelho upon his election to the highest office in student government on the campus at Berkeley, President of the ASUC. Last May 11, Danny defeated his opponent in the run off elections by a wide margin. His home town is San Luis Obispo, California, and he became a member of AKL in March, 1947. He has just finished his term as President of the Junior Class. Best wishes, Danny, in this new responsibility.

Chapter President's Message

As in preceeding semesters, we of Alpha chapter returned to school resolved to further the ideals and policies of AKL. This spring there exists among the members a spirit of "can do." The work of the various chairmen and their committees is evidence of this spirit. At this point I would like to thank each chairman, for it is they who are responsible for instilling and propagating this feeling, and thus furthering the principles upon which AKL was founded.

Our Alumni Chapter has created a scholarship committee for the purpose of stimulating interest in high scholarship. Due to the hard work of their committee, I am very happy to report that the interest in scholarship is greater than any one previous semester since I have been in the house. We are indebted to this committee and hope other interested alumni will drop into one of their meetings.

In closing I would like to extend a hearty invitation to any and all of the alumni to drop in and sing a few songs with us some evening.

Faternally yours,

WALT REICHEL.

Social Committee Report

The semester started out with a radio dance, followed by initiation the next week-end. On the 5th of March we came through with a sweater dance after the Stanford basketball game. The week of March 7th through March 13th has been one of the fastest weeks ever seen in Alpha Kappa Lambda for a long time. It started with an exchange dinner with Alpha Xi Delta on Wednesday the 9th. On Saturday, we had the Pledge dance, for which we spent Friday and Saturday preparing the decorations and food. The theme was "Suppressed Desire" and the house was decorated very sur-realistic, thanks mostly to the efforts of Don Lathrap. At 11:15, chilled cracked crabs and all the trimmings were served.

Not satisfied to call it a week, we bounced back on Sunday with an exchange buffet with Mary Morse Hall from Mills College. The exchange was held here at the house, with things starting around 3:00 P. M. and breaking up after 8:00. A terrific ham dinner and all the trimmings was provided by Cleo (the cook). By the time the week-end was over, we had all decided that

things must come to a screeching halt for a while in order to recuperate.

However, still remaining on the Social program was the Spring Formal on May 14th, the Mother's and Father's Day Banquet, May 22, 1949, and a stag outing for the house.

CARNEY CAMPION.

House And Grounds Report

The house is in the process of being renovated by the members. Venetian blinds were bought for the guest room, the second and third floor halls were painted, the dining room floor was sanded and varnished, etc. It is expected that the house will be in tip top shape shortly.

JIM ELLIOT.

Alumni Committee Report

Outside of trying to get the alumni card file up to date, this Spring semester has not seen too much activity on the part of the alumni committee.

We are now in process of working out a program for Founder's Day Banquet which will be held on April 14th this year instead of April 22nd, as the regular date falls during Easter vacation. So far the committee has obtained the Rose Bowl pictures and enlisted the services of end coach Ed Manske to narrate the films. With this added attraction it is hoped that the Founder's Day Banquet of 1949 will see a turnout so far unequalled.

JERRY ELBERT.

Rushing Committee Report

The spring rushing program was very successful as the house acquired six new pledges. Jack Cakebread, a transfer from Santa Rosa J. C., is an outside man; Dave Cummings, a fresh-

man from Berkeley High; Leroy Dart, a pre-med student from San Luis Obispo; John Gress, a sophomore from San Leandro majoring in Bus. Ad.; Dave Porter, from San Francisco majoring in Bus. Ad., and Skipp Smith, a freshman from Berkeley High majoring in Chem.

The house would like to thank all the Alumni for their assistance in turning in names to the rushing committee.

R. E. MCCURDY.

Intramural Report

The Spring Sport schedule has not yet begun but we look forward to a good semester in most events. Our fall semester was almost a complete reversal from what we had hoped for. We were quickly eliminated in both football and volleyball; however, we did well in other sports, winning two straight games in basketball, bowling and tennis. We also won our first match in horseshoes. In the spring semester we have hopes of winning championships in table tennis, horseshoes, badminton and bowling, with chances of doing well in the remaining events. We are trying to retain our position of third place again this year or even do better.

TONY KINKADO,

Intramural Manager.

Secretary's Report

At present, Alpha Chapter has 36 active members and nine pledges.

Music Committee Report

The music committee started the semester by making an appeal to the members for suggestions as to which new phonograph records were desired to fill out our collection. After this was completed we turned to the task of liv-

ening up house interest in special singing groups. At present these groups are now being formed from the enthusiastic members.

The pledges are being given a House song and a University song to be learned each week. Their proficiency in rendering these pieces is tested one week later after House meeting. So far they're doing fine.

Our singing has been especially im-

pressive at the mixed social affairs that we have had already this semester. We hope to improve even more as the semester proceeds.

The committee would appreciate any suggestions from our more musical alumni as to novelty songs that we can sing during future exchange functions—our stock is running low.

PAUL JOHNS.

BETA

Past President's Message

I would like to extend the personal greetings of Beta Chapter to all members and alumni of AKL. I hope that this bulletin will bring you up-to-date on the activities of our chapter during the past half year and help to acquaint you with our general status as the school year of 1948-9 draws to a close.

I believe that any specific statement on my part of the activities of Beta would be mere repetition. I would like to comment generally, therefore, on what the outlook for the future seems to be.

I cannot help being optimistic in my report. This year has seen an adequate consolidation of Beta in the fields of our relationship with the campus, in our internal organization, and in our relationship with National.

An all-campus dance which we presented during Winter Quarter, as well as various political activities in which we have engaged has strengthened the name of AKL on campus. Fraternities in general have never been in a more favorable relationship with the administration and with the general student body.

The members of the house have proven to be a compatible working organization with good cooperation being shown for all activities. We have continued to maintain a high scholastic average, ranking first and second among the fraternities for Fall and Winter Quarters. There is no reason to believe that we will not be on top again this quarter.

We will have a fairly large turnover of membership this year, with approximately nine seniors leaving. We had a successful rushing season and have ten pledges who will move in next year. They are, in my opinion, an outstanding group and should be of great benefit to the chapter. These new men, together with the general improvement which the house has made, indicate a bright future for Beta Chapter.

In closing, I want to extend to all of you an invitation to visit us at the house at any time. We think you will be interested to see the house and meet the members. BILL SHEPARD, '49.

Mothers' Club

The Mothers' Club, long inactive since the war years, was reorganized

last quarter and has been functioning with renewed vigor ever since. At the meeting of reorganization, Mrs. Wyckoff, Mrs. Peter, Mrs. Shepard, Mrs. Torman, and Mrs. Campbell met with the members of a house committee to discuss future plans. Mrs. Peter was elected president of the club and Mrs. Shepard was elected secretary-treasurer. The first order of business was to write a newsletter to the mothers of all the actives, informing them of the club and offering the opportunity of contributing to the cause. About \$250 has been collected and some of the money has already been well spent. Two love-seats, covered with a bamboo pattern, were purchased jointly with the Alumni Board. Two more pieces of furniture have been recovered and a new fluorescent light fixture purchased for the pool room. This week, two coffee tables were delivered to the house as another presentation from the club.

Current projects include new dining-room drapes, which are being completed now, and floor lamps. A big vote of thanks is due these mothers who have spent many hours shopping for improvements for the house. With the above-mentioned additions, and refurnishing that was done last fall, the living-room has become a very livable place and one of which we are all proud.

Scholarship

The house slipped to second place scholastically among Stanford's twenty-four fraternities during last quarter. The grade-point average for the house was 2.71. It is hoped that this slight aberration will not develop into a trend and that we will improve this quarter to become first.

Open Season On Pledges

AKL added five more names to its list of members from Stanford this Spring Quarter. From the Junior Class came Byron Gouy and from the Sophomore Class came Tom Griffin, Dave Elliott, Bob Volk, and Tom Shartle to spend their remaining years at Stanford as AKL's. Although formally pledged to the house during Winter Quarter, these men took up residence in the house as pledges at the beginning of Spring Quarter. After experiencing, as pledges, rather novel happenings preliminary to the formal initiation, these five displayed their daring and initiative by kidnapping their pledge master, Fred Terman. However, Fred was returned to the house without any striking evidence of brutal treatment and his five abductors became his brothers in an impressive service held on April 24th at the chapter house.

Our chapter gained nine additional pledges in Winter Quarter. These are Jack Peters, Torry Torman, Lee Mirviss, Alan Enthoven, Mike Collins, Fred

Govreau, Mort Yelton, Pete Pulitzer, and Jerry Farmin, all of whom are Freshmen. At Stanford, Frosh cannot move into houses, so they will be with us next fall. By their Soph year they are well acquainted with their future brothers and are aware of the responsibilities of fraternity life. We are looking forward to having them with us at that time.

Not as an afterthought but as an event in chronological sequence do we mention the entrance into the house of a recent pledge, Larry Sulc. Larry is a first quarter Junior who transferred to Stanford this year. He will be initiated with the other nine pledges.

More about "dope guys" on page six of this edition.

JOHN HENDERSON,
Rushing Chairman...

The Social Register

Last Quarter it was proved that we indeed had made a wise decision in making our "AKL Hard-Times Dance" an annual affair. This dance was a terrific success for the second consecutive year. Over three hundred people were here, all of whom seemed to be enjoying themselves. Incidentally, there were so many here that not only was the front dance hall crowded, but the dining room, our "flop-house" ballroom, was full to capacity. Undoubtedly this year's success will bring more people to next year's dance.

The second social affair of Winter Quarter was the pledge dance held in Berkeley's Claremont Hotel, where the AKL's reserved the Blue and Gold Room. After an excellent dinner, there was dancing to the music of Dick Jurgens and orchestra.

Our social life was renewed Spring Quarter with a very informal fireside dance at the house. We were agreeably surprised at the good turnout, as it was a closed dance.

To prove that we do not have to hold our initiation dances at the Claremont Hotel to be successful, our Spring celebration took place in the Los Altos home of Pete Daley, preceded by dinner at Dinah's Shack. We are thankful to Mr. and Mrs. Daley for offering us the use of their house and grounds.

We have taken advantage of the nearby beaches twice already by having house-sponsored beach parties. The first of these, held at San Gregorio Beach during March, caught many of

us unused to the sun. The second beach party was held the same place on May 15th. The house agrees that there is no pleasanter way to spend an afternoon than soaking up sunshine at the ocean side.

An informal party is planned at Walt Peter's Burlingame home.

Intramural Sports

Fielding a fast gold and violet quintet AKL basketballers went through a hot and cold season, winning two and losing three of its league games. The hard-running outfit, sparked by the sharp eyes of Walt Peter and Doug Campbell, lost most of its games by scant margins and via the overtime route. From the enthusiasm shown during the season, next year's calendar will see two AKL teams suited up.

The bowling team lived up to its fast-growing reputation by placing high again, losing only to the campus champions and one other competitor. All of the high-scoring quartet will be back next year, this time to win.

We were bested rather early in the individual sports held. The table-tennis team lost in the first round. Our only crusher in the wrestling tournament, McGregor, sweated it out until the quarter-finals where he was finally overthrown by some fluke.

Halfway through Spring Quarter at this writing, the AKL's have two more athletic events on their calendar, the track and swimming meets. The softball and volleyball teams have finished their league play. Lack of batting practice caught the horsehiders short of base, and we came through the season with only one win in the league competition.

Again the individual events seemed

to pass us by with the tennis, horse-shoe, and handball men going down early in play.

Out of the melee of the recent water carnival, the AKL's came up with a sterling first place in the canoe turn-over race and a bunch of soaked heads in the jousting and swimming events. But no lives were lost.

Last on this Quarter's list of events will be the invitational tournaments given for the benefit of the Stanford Convalescent Home. AKL is entering teams in volleyball, table-tennis, and bridge (with "Trump" Charlie Sword and the other spades holding down the banner for us, how can we lose?).

We expect to find some good footballers among our Frosh pledges.

Them What Ain't Here

The most recent happy event among Beta alumni occurred on May 5th in the Alfante family. On that day, Ginger and Bill, '44, became the proud parents of a 7-pound girl, named Carol Anslyn. The news was celebrated at the chapter house by a round of the "ceegars" Bill furnished.

Joe Coulombe, '51, climbed down out of the ivory tower at the end of Winter Quarter and joined the Air Force. A recent letter may be quoted: "Whoever thinks the A. F. doesn't march is dead wrong." Good luck, Joe, and may your feet last through basic training.

Another man braving the rough and tumble of the outside world is Dave Sanford, '49, who is vacationing from school by working in a bank in San Francisco. He expects to be back at the books next fall. He said recently that as yet he wasn't bank president, but was sure he was next in line.

Mac McGregor, who graduated last December, is taking graduate work here and doing research under Dr. Dave Bassett, '34. Mac has been accepted to George Washington Medical School (Washington, D. C.) for next fall term. Good work, Mac.

Bruce Smith, '49, who graduated in March, is now basking on the sunny beach at Laguna. In his spare time he is a salesman for Budweiser—a handy man to know. His tentative plans include Business School next year.

Dave Fulton, '49, is at present working for the National Symphony in Washington, D. C., organizing a student Symphony Forum. Next month he leaves for merrie England for a summer vacation, returning in the fall for grad work in History.

Bob Miller, '49, another March graduate, is now employed on the campus by the Veterans Center. The "Veteran's Best Friend" will take up graduate work in international affairs at Harvard next fall.

Charlie Sword graduates from Law School this June. He will spend the summer taking the Bar Review, after which he plans to attend Business School, probably at Harvard. Hey! What's Harvard got that we haven't got?

Norm Wintemute has taken the California Bar Exam and is at present awaiting the results. We're all with you, Norm.

Tentative plans for the seniors who graduate in June are: Don Beeman plans to attend the College of Physicians and Surgeons in Los Angeles; Steve Kahn has applied for graduate work in Chemistry at UCLA; Fred Terman will probably take graduate work in Engineering here at Stanford; Bill

Shepard has been accepted at Yale Medical School, which will be his home for the next few years; Pete Daley plans to work with his father's construction business.

Dick Hobby, '50, was one of the few Juniors accepted to the Stanford Medical School for next Fall term. He will be cracking the whip as "house mother" during 1949-50.

News of other alums would be appreciated. Drop us a line!

Campus Activities

What with ample sunshine and Lake Lagunita full for the first time since 1945, Spring Quarter, 1949, hustled its bustle with the best ingenuity and enthusiasm since pre-war days.

The inauguration of Dr. Wallace Sterling as Stanford's president took place April 2. Former president of Huntington Library, Dr. Sterling succeeds Acting President Clarence Faulst to the post.

The annual student elections got off to a flying start with some energetic campaigning. AKL's two candidates, Doug Campbell and pledge Al Enthoven, were defeated by narrow margins for Men's Council and Soph Excom Representative. The new ASSU President, Hank Rosin, outran his closest opponent, Gordon Ness of the Row bloc, by 1,100 votes. A total vote of 3,702 was cast out of nearly 8,000 students.

A successful registration dance featuring Lou Watters was the first event of the Quarter. Firesides, house dances, and class activities signify hopeful promises for continued Farm spirit. The house will feature a booth at the Sophomore Carnival, May 20th.

Stanford's Music department has

been active the past two quarters. After two successful performances with the San Francisco Symphony under Pierre Monteux, chorus director Harold Schmidt will present the Stanford Singers at a program at the Knoll this month.

The Stanford Daily won superior honors in a national contest for college newspapers and first place for editorial writing. Wallace Stegner's 1949 edition of *Stanford Short Stories* was published by the University Press this quarter.

News Of Foreign Students

Our participation in Stanford's Foreign Scholarship Program was extremely successful, and already plans are being made for next year's foreign students. As was stated in the last Beta Bulletin, the student who lived with us during Winter Quarter was Toro Vaisanen, from Helsinki, Finland. It is well agreed that he was a fine addition to the house. At the end of the quarter the house presented him with a cigarette lighter emblazoned with the AKL crest.

For the coming year we are signed up for two foreign students, agreeing to furnish them with room and board, and, if necessary, spending money. One of next year's foreign students, Bent Pontoppidan, is from Denmark, and the other, Philippe Berthet, is from France. We are looking forward to their stay.

GAMMA

Klaxon Editor Reports

Undoubtedly the highlight of the second semester was AKL's winning of second place in the Sachem Sing. Under the direction of song leader Phil Watt we wowed 'em with "Bells Across the Meadow." Phi Sigma Kappa placed third with "I'm in the Mood for Love," and Lambda Chi Alpha won with "Andalucia." Just wait'll next year tho!

Mother's Day

Then there was the AKL Mothers' Day Program and Musicales under the chairmanship of Doug Weitzel. Chuck O'Neal performed on his trumpet, the AKL Quartet gave out with a few appropriate numbers like "Don't Ever Throw a Lighted Lamp at Mother," the House sang a serenade program, and "Mountain-Melody" Jim Stokes got the theme away from music for a while by "singing" a few verses of "If the World Keeps On Turning..." All the mothers said the program was very nice, but of course they may have been a little prejudiced.

Spring Carnival

The Spring Carnival was of course again a roaring success. Jimmy Wolters masterminded the AKL "swindle-booth" which resembled a huge roulette table with a circling airplane in place of the conventional little ivory ball. Quite ingenious, and very successful (especially with Hull, Varland, Weitzel, Wolter, and yours truly as barkers and come-one-come-all men).

Spring Formal

Then there's been the usual social whirl: picnics, record dances, exchange

dessert with ZTA, and the Senior Ball; but of course the apex of the entire Social Season was the AKL Spring Formal May 21st.

Spring Fevers

Jim Stokes, '51, of Philly, has lost his head, his heart, and his pin to Miss Marilyn Nutson of McKinley Hall.

Spring Roundup

Spring Roundup was only a moderate success in numbers this year, but all who came had a heck of a good time. Bigger plans are afoot for next time.

Spring Shade

We've got an elegant new awning for the terrace.

—Scott Bohon

Nine Seniors Escape From Our "State Institution"

Nine unfortunate brothers of ours have suddenly found themselves being evicted out of the blissful unreality of college life into the cold, cold world. Poor kids. Just think, no more surprise quizzes, no more hour exams, no more "activities," no more term papers, no more "one-o'clock" nights, no more scribbled lecture notes in an undecipherable "personal shorthand" that we always intend to get typed-up before the end of the semester but somehow never quite get around to again until too late, no more heating-of-brains-out till 3 a.m. over *The Elements of 18th Century Simony* or *Sociological Pattern Among the Lomboks Just Before the Dawn of History*, and no more cramming of facts and No-Doze tablets for final exams. But then on the other

hand, there'll be no more bull sessions, no more Sachem Sings, no more Friday night (brawls) maybe, no more frenzied week-ends, no more raids on Aca-cia, no more goofy housemeetings, and no more camaraderie. Well anyway, alumni, we give you William R. Eygabroad of Aurora, Richard Hong of Wild Rose, Wis., Harold L. Hull of Urbana, Richard P. Metzger of Decatur, Wallace D. Mulliken of Elgin, K. Douglas Weitzel of Urbana, Duane F. Wenderoth of Minier, and James H. Wolter of Danville. Good luck, and let us know from time to time what it's like on the "out-side", will you, men?

Alumni

Al Carpenter, '49, urges all AKL's in the Chicago vicinity to roll out their Cadillacs and convertibles and show up for his wedding to Miss Teddy Dahl at the Methodist Church in Wheaton, June 7th, 8:00 p.m.

Lloyd McCleary will be married to Miss Marc Antony of New Ulm, Minnesota, on June 7th in St. Paul.

And here's the word from Gil Henegar, '48: "I'd very much appreciate your including the announcement of my engagement and wedding. Such would enable the word to be spread among the untold number of generations of AKLs with whom I've been, shall I say, associated in my long academic career. Here are the particulars:

Name: Patricia Crowley of Hastings-on-Hudson, N. Y. School: University of Vermont, Pi Beta Phi. Wedding: 25 June 1949, Yonkers, N. Y.

"I sincerely hope that some of you can make it in the flesh as well as in the spirit. There will be spirits for those who can make it in the flesh."

Bob Davis, '48, recently became the father of a baby girl. At least I guess that's what the cigars were for.

And a note from Horace Pettee, '39: "Introducing the newest member of our family, Barbara Sue, who, having now arrived at the ripe old age of eight weeks, has assumed quite an important place in our midst. She looks like no one in particular, but has the Pettee characteristics in general. She's mighty sweet, smiles quite readily, and engages in long 'baby' conversations with her dad." We understand that there has been a little work to do on the new house but Horace manages to get away to the office (National Starch) to "rest" from time to time.

Brother Bob Williams, '49, writes "As for my present 'standing' in this cruel, cruel world, I am tagged as a 'Student Engineer' with Woodward Governor Company of Rockford, Illinois. Those of you who heard me talk about the place so much will remember that this is where I worked before my days on campus. Say 'hello' to the gang, and keep Eygabroad from disappointing all those poor co-eds."

DELTA

Chapter President's Message

Dear Brothers,

To some of you June brings out of the distant past misty thoughts and faint remembrances of an Oread commencement. To others the recollections of such promotions are more vivid, less dulled by the barrier of the years. I sincerely hope that it brings to all of you thoughts of your fraternity and the brotherhood which it fosters.

To me it seems an opportune time to thank you for your part in making the school year a successful one. By your visits to the house, your prompt reply to our newsletters, your service in the capacities in which it has been requested, and above all, your interest in the men who now, as you once did, signify AKL at the University of Kansas, you have made us feel more a part of the tradition which so greatly enriches every fraternity. Your manifestations fortify us with the well settled past and give a reliable basis upon which to build for the future.

I feel certain that during this school year we have made many advancements which will make the future less difficult for AKL's to come. At the same time, however, we have met the problems of the present and forded the barriers that hindered our task. Such responsibility is the great developer of men.

Then to the 1949-1950 school year we turn with challenging eyes and uplifted heads and a desire to make an ever-stronger, ever-present Delta of Alpha Kappa Lambda.

Fraternally yours,

J. GLENN HAHN, '50
President

Initiation

Sunday, May 8, marked the initiation at the Chapter House. The official clasp of brotherhood was extended to Alvin L. Benham, freshman in Engineering from Wellsville; Donald D. Keller, junior in Business from Herington; and John M. McKinley, Engineering sophomore from Wichita. Honorary membership was conferred upon Ross C. Keeling, Chief Engineer of the Kansas Highway Department, a graduate of the University in 1916. The ceremonies were followed by a breakfast at the Castle Tea Room honoring the new initiates.

Introducing

Spring brought, among other things, renewed activity on the part of the Rushing Committee. Its efforts were very richly rewarded, for we gained an outstanding group of new pledges. New faces seen these days at the AKL house include Bill Adams, College sophomore from Clay Center; Eddie V. Bales, freshman in the College from Herington; David A. Harner, college sophomore, Rago; Jack Kreie, Education junior, Johnson; Bob Ober, junior in Journalism from Beloit; Bob Simon-ton, senior in Journalism from Natchez, Miss.; and Frank Sibrava, College sophomore from Wilson.

Ted Beaver, who has performed his duties as Rush Captain this semester in a very capable manner, has been re-appointed for the fall semester. For the first time in the history of the chapter, a program of intensified summer rushing will be sponsored by the fraternity this summer, in conjunction with Iota

and Lambda chapters. Ted will be assisted in these duties by Bob Davis, who is co-captain for summer rushing. Tentative plans call for rush parties in Salina on July 30, in Wichita and Kansas City on August 13, and Topeka on August 27. Any of you who have names of prospects please mail them to Bob Davis, 1706 University, Wichita, Kansas, or Ted Beaver, 840 N. Pershing, Wichita, Kansas, and he will contact them by mail or personally.

Social

The highlight of the spring semester social season came with the Spring Formal on April 22 in the Memorial Union Ballroom. By the skillful and untiring efforts of our social chairman, Jack Dausman, it became not only the Delta Spring Formal, but the Kansas AKL Formal. Members of the Iota Chapter at Kansas State and Lambda Chapter at Emporia Teachers', who were our guests for the Relays week end, attended the dance. Decorations were carried out in the Greek theme, with torches around the columns and an eighteen-foot Trojan with an AKL shield backing the bandstand. The mighty warrior vied for the crowd's attention, however, with Jack Lee, '52, who ministered the punch bowl clad in Greek rainment and sporting a stogie. The first intermission was brightened by a short skit, depicting the history of the fraternity, and featuring Delta's own five-piece German band, which proved considerably more popular with the formal-goers than with the men who had been listening to it practice at the house during the preceding few weeks. A balloon grab-bag with prizes for the lucky ones was the attraction of the second intermission. Music

was by Charley O'Connor and his band.

This semester's social schedule has witnessed the inauguration of a series of informal parties held at the chapter house every other Friday night. These casual get-togethers afforded an opportunity for dancing, card-playing and refreshments, and met with the hearty approval of all. All of the plans for these parties were worked out by the social committee, and to them goes the sincere thanks of the entire chapter.

Cigars, Men

were the words spoken by Warren Shaw, '49, as his engagement to Marian Kysar, College sophomore, was announced at Monchonsia Hall on April 21. AKL's were there in force for the ritual and traditional rendition of the "Sweetheart Song." Congratulations, Warren.

Intramurals

Since the last issue, AKL has been represented in two playoffs in major sports. After the completion of the basketball season, we took up the volley ball series, playing teams in both the A and B brackets. The "A" team advanced into the playoffs by beating the Sig Eps, only to meet defeat at the hands of the Betas.

Spring weather brought both softball and tennis. While our tennis team met defeat rather consistently, the only loss during the regular play in softball was to the Betas, the team winning four other games. We were defeated in the first round of the playoffs by the Phi Gams. The mound was very ably filled during the whole season by Walt Cowell, '52, whose able arm frequently baffled the men in the batter's box.

It Is The Beginning

Seven AKL's will wend their way down the Hill to the stadium to receive their diplomas and the congratulations of the Chancellor on June 6. From the staid rooms of Marvil will come Harry Robson, to receive a B.S. in Chemical Engineering; Warren Shaw, B.S. in Engineering Physics; and Jim Kanehl and Bud Landes, B.S. in Mechanical Engineering. Departing from the halls of finance will be Bob Teel and Jack Campbell, both accounting majors, who will receive the degree of B.S. in Business. And Loren Corliss will pause from his Law School studies to receive the degree of Bachelor of Arts. We all wish them well as they go on to fame and fortune.

Campus Activities

"Swoosh" is the nickname conferred upon Bob Davis as a result of the tale of his success which appeared in the last issue of the *Jayhawker* magazine in the section reserved for Big Men on the Campus. Bob has served very capably as our President this year. He was recently elected President of the YMCA and was honored at the recent convocation by selection to Omicron Delta Kappa, honorary society for senior men.

Others who received recognition on the Hill this semester for outstanding leadership were Dick Fletcher, '50, who was elected president of Sasnak, physical education society, and to membership in Phi Delta Kappa, honorary society in education. John McKinley became a member of Tau Beta Pi, honorary engineering fraternity. Jim Kanehl, '49, and Warren Shaw were pictured as "Men of Marvin" in issues of the *Kansas Engineer*.

Loren Corliss, '49, became a member of Delta Theta Phi, professional law fraternity, and J. Glenn Hahn accepted the invitation of Phi Alpha Delta, fraternity for men in law.

Housing And Grounds

For their contributions to the Association's drive to refurbish our dining room, the thanks of the active chapter go to Arthur G. Weber, Charles A. Dillon, Lyle E. Campbell, Dr. Alexander Marble, Dr. Wray Enders, Dr. Lee Rook, Clayton Crosier, and Dean Paul B. Lawson.

Without a doubt the major improvement accomplished this spring was the sodding and landscaping of the front yard. Topeka AKL's, under the guiding hand of Ross Keeling, installed the evergreens during Easter vacation, and recently the sodding of the upper half of the yard was completed. With watering and care this summer, it will be one of the prettiest lawns on the Hill. This spring also saw the installation of a new 55-gallon, automatic gas hot water heater, a welcome addition to the family.

Alumni News

Perhaps being Delta's faculty advisor is a bad omen, for misfortunes seem to befall all who hold the position. DEAN PAUL B. LAWSON (Honorary) suffered a heart attack a year ago while he was Delta's advisor, and in March of this year, DEAN FREDERICK J. MOREAU, former national president of AKL, was injured in an auto mishap.

Brother Lawson has now resumed his duties as dean of the College of Liberal Arts, although he has cut down his many activities outside of KU affairs. Brother Moreau's knee was broken in

the smashup, and for a time it was feared he might be permanently crippled. Medical attention and a month's rest put him on the road to recovery, however, and he is once again teaching in and directing the affairs of the KU School of Law.

Nels Sorem, who graduated from KU early in the 1930's, stopped by the house during the Kansas Relays week end. In town with his track crew from the Hutchinson Junior College, Brother Sorem enjoyed looking over the old group pictures hanging in our dining room. He moved to Hutchinson recently from the Lincoln High School at Des Moines, Iowa, where he coached athletics.

Dwight Hause, '48, who is studying at the Kansas City School of Osteopathy, was initiated into Phi Sigma Gamma, professional osteopathic fraternity during March.

Two alums of the reactivated Delta will receive advanced degrees soon. Milton Coughenour has earned an M.A. degree in sociology at the University of Missouri and will receive it during the commencement exercises this spring. During the summer he will be doing research in a project in a Missouri town.

Warren Alexander, '47, will receive a M.S. in physics from the University of Kansas and will be teaching full time in the department here come next fall. He will also work on his doctorate.

Charles Dillon, who was president of Delta during the spring of 1948, has been transferred to Lansing, Michigan, where he is assistant manager of the Kresge Co. store there. He formerly lived in Kansas City.

Officers elected for the fall semester of 1949-1950 are:

President.....J. Glenn Hahn
Vice-President.....Ross Keeling
Corresponding Secretary..Dale Spiegel
Recording Secretary.....Don Spiegel
Treasurer.....Don Keller
Steward.....George Muret

Dick Fletcher, '50, was elected as delegate to the National Conclave to be held next fall at Pullman, Washington, and Bob Davis was named as alternate. Committee chairman and appointive officers are Song Leader, Alvin Benham, '52; Intramural Chairman, Dick Fletcher, '50; Scholarship Chairman, John McKinley, '51; Rush Captain, Ted Beaver, '50; Chaplain, Dale Theobald, '50; Social Chairman, Jack Dausman, '51; and Chapter Editor, Bob Davis, '50.

ETA

Scholarship

Eta Chapter of Alpha Kappa Lambda achieved second position on the Scholarship Roster of The State College of Washington for the Second semester, 1948-1949, with a grade average of 2.6901. We rose in the ranks from nineteenth place for the first semester, having then a grade average of 2.33.

Spur Songfest

Eta Chapter men sang well enough this year to warrant third place on the Spur Songfest held during Mother's Week-end. The competition was very stiff this year, and with a houseful of inexperienced singers, we felt very fortunate in achieving the honorable mention position.

New Pledges

Pledged to Eta Chapter just before the end of the Second Semester were Emil Leitz of Fairfield, Washington, and Robert Will of Seattle. Both of these fellows have good Alpha Kappa Lambda potentialities.

Graduating Seniors

Pertti (Bert) Pelto was the one senior in Alpha Kappa Lambda to be designated as an outstanding senior by a committee of the faculty and students of the College in recognition of outstanding leadership, service, scholarship and character.

Three of our seniors graduated with honors. They are: William D. Harris, Pertti (Bert) Pelto, and Norman G. Ross. Remaining graduating seniors include: Robert L. Alboucq, Russell W. Fulgham, Richard D. Paeth, Williams K. Webster.

Expansion

The week-end of February 5, 1949, eleven of the members of Eta Chapter motored through the snowstorm to Seattle, Washington, where they initiated thirty-four men into Theta Chapter and reactivated that chapter at the University of Washington. It is interesting to note that it was just twenty years ago that men from Eta Chapter went to Seattle to activate Theta Chapter.

We have received word that a group of men at College of Puget Sound in Tacoma, Washington, are interested in becoming affiliated with a fraternity. We feel they would make a good group for Alpha Kappa Lambda and would like to help them know more about our standards and ideals.

Athletics

Eta of Alpha Kappa Lambda opened their intramural athletic season in basketball by winning their first game and losing the remainder except the last game. Although we shared the cellar position, prospects for a better team with some added height are in the offing for next season.

The volleyball season got off to a bad start due to lack of practice. The fellows made a good turnout, and had we been able to play in a longer schedule, we would have gotten in better shape.

Two freshman pledges participated in intramural wrestling and with a year of experience behind them should improve next season.

The beginning of the softball schedule showed AKL winning the first game by soundly trouncing a Pine Manor squad 18 to 9.

A word might be said concerning our

two varsity track men, Dick Paeth and Chuck Millard. Dick is a veteran distance man who has won many laurels for the Cougars. Chuck is a frosh and promises to be a good man and one who will be hard to beat.

Prospects for a bowling team next year look very good. This will give us plenty of time to get into shape and get off to a good start.

FORREST MILLER and
H. W. GOODRICH

House Improvements

The most notable improvement made here at Eta this year was the installation of a heater in the sleeping porch. We purchased a surplus 220-volt electrical heater with fan. This unit has been very beneficial in reducing the dampness usually found in the sleeping porch during the winter.

Early in the school year we replaced the carpet on the hall stairs. Later in the year four new dressers were placed in one of the study rooms.

We have done little towards the re-decoration of the interior this year. A couple of the rooms and the downstairs bathroom were refinished. The bathroom is undoubtedly the brightest one in the history of Eta Chapter. The ceiling and upper half of the walls are

a light blue. The floor is a dark blue. The lower half of the walls are a very bright red. However, we hope to have the dining room, living room and kitchen redecorated this summer.

RALPH TRAVIS

Marriages

Mr. Wallace R. Jongeward and Miss Dorothy Kolander were married at the Pullman, Washington, Congregational Church May 31, 1949. Both Mr. and Mrs. Longeward have accepted teaching positions in the Goldendale, Washington, High School for the coming year.

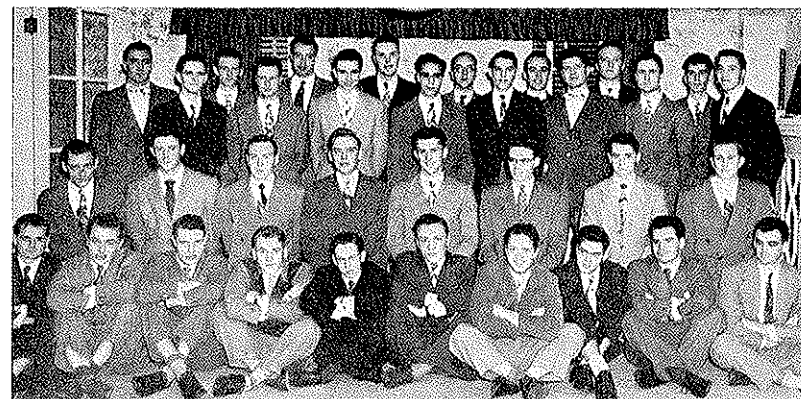

Mr. John D. Rockie and Miss Dorothy Baird were married at the Simpson Methodist Church, Pullman, Washington, June 11, 1949. Mr. Rockie is employed in Pullman and they are making their home here.

Chapter Officers

President.....Clarence M. Dial
Vice President.....Maurice E. Knowles
Recording Secretary.....Leland C. Tupper
Corresponding Secretary
Gerald M. Korte
Steward and Treasurer
Ralph M. Travis
Chaplain.....H. Warner Goodrich

THETA

Reactivated Theta Chapter, Seattle, Washington. Congratulations to this enthusiastic group of new members. The LOGOS wishes Theta Chapter fullest success.

First Row (sitting), left to right: Carl Morbery, James Albrecht, Edward E. Cotter, Vernon J. Madsen, George H. Keene, Donald G. Geyer, Edward W. Rensch, Dwain C. Colby, William J. McBurney, Frank E. Gregory. Second Row: Roy G. Snell, Donald W. Stevens, James C. Gerard, Gene Orr, William Andring, Alan Matson, Charles Eck, Lester Stuckrath. Standing: Roger Paul, Ralph Cornwall, Bill Phipps, Less Green, Vic. Valicoff, Chuck Bowen, Don Wintnechter, Vic. Valicoff, Maurice Morgan, John Ott, John Douglas, Jim Nash, Bill Hoffman, Mathew D. McIntyre, Don P. Dahl, Ted Beemeyer.

Theta Chapter was reactivated February 5, 1949, after several years of dormancy. The ritual was impressively performed by a delegation from Eta Chapter of Washington State College, and we appreciate the group making the trip to assist us.

Scholarship

At this writing, we have not received the accumulative concerning our scholarship rating, but our grade average for the Winter quarter was 2.5.

Athletics

We have a fine intramural program.

Our athletics chairman, Jim Gerard, has entered us in most of the university's events. Last quarter, our bowling team won the championship in its league, but lost in the finals to the winner of another league. Our President, Bill Andring, is first baseman and the leading hitter on the varsity baseball team.

Social

We had three exchanges with prominent sororities last quarter. Our social chairman is Jim Nash.

Pledging

We did not pledge in the Spring, but this will begin in the Fall quarter.

New Officers

President.....Bill Andring

Vice President.....Jim Albrecht
House Manager.....Alan Matson
Recording Secretary.....Bill Phipps
Corresponding Secretary.....Charles Eck
Treasurer.....Ralph Cornwall

IOTA**Chapter President's Message**

Brothers:

As we come to the close of another school year we look back with pride at our accomplishments. Each year is a more successful one for Iota.

Our most outstanding accomplishment this year was our expansion program. Through the hard work of Lewis Bacon of Emporia, a former pledge of Iota, and George Smith, Lambda Chapter of Alpha Kappa Lambda was installed this spring. A hearty thanks to Lewis and George and all of the members of Alpha Kappa Lambda for their help.

Installation of Lambda did not end our expansion program. The three Kansas chapter of AKL are now working to carry out a rush program for the summer. A joint meeting of Delta, Iota and Lambda was held May 15 to complete the rush program plans. If anyone wishes complete information about the rush program and parties, they may contact Dale Meyers, c/o Paul Schroder, Lorraine, Kansas.

Fraternally,

NORMAN J. ERNST

Scholarship

The scholarship standards of Iota were raised by Glen Bergmann and Bill Goodbar, who made Sigma Tau. Herb Combs, Norman Ernst and Bill Goodbar were elected to Pi Tau Sigma.

Glen Bergmann was also elected to Eta Kappa Nu. George Smith was elected to Sigma Delta Chi.

The pledge scholarship key was given to Carroll Hamon last semester for the highest grade average in the pledge class. In order to raise pledge scholarship a new program has been installed which requires all pledges whose grade average is below 1.5 to attend study hall in the library during the daytime. Pledges whose average is below 1.2 are required to attend study hall at the chapter house on week nights. It is hoped that this new program will produce a new high in scholarship for the future of Iota of Alpha Kappa Lambda.

Athletics

The men of Iota participated in all intramural sports during the spring semester. Although there were no championship trophies handed our way, the AKL's provided some stiff competition for opponents. The AKL's were never top but managed to field a good team in all sports which included basketball, volley ball, softball and track. Iota also entered a basketball team in the Manhattan City Industrial League. This team was at the top for some time until the star player graduated at the end of the Fall semester. Even though the athletic record for the past semester was not what we had

hoped we are looking forward to a much better record next fall.

Music

Spring semester saw this chapter carry through its musical activities. The quartet, jazz combo, and individual performers among us carried their art to many appreciative ears.

The chapter chorus rendered a well received serenade of all sororities early in the spring.

1948-1949 Award

John H. Kohn was voted the most outstanding member of Iota for the school year of 1948-1949.

Membership**Actives**

David Smooth, Salina; Robert Wis-sing, Salina; Dale Meyers, Dwight; Stanley Lindgren, Dwight; George Smith, Miltonvale; John Kohn, Kansas City, Mo.; John Elam, Winfield; Clyde Parsons, Winfield; Page Twiss, Manhattan; Fred Butcher, Manhattan; James Hendricks, Wichita; Norman Ernst, Mansfield, Mo.; Herbert Combs, Burbank, Calif.; Dean Kordes, Olathe, Kas.; Ralph McCurdy, West Orange, N. J.; Bill Goodbar, Coffeville; Bruce Buehler, Bustin; Joe Adams, Belleville; Keith Moots, Newton; Terry Walter, Tribune; Robert Chapin, Kansas City; Wayne Lander, Salina; Glenn Bergmann, Axtell; Jack Moody, Kansas City; James Clark, Overbrook; Harold Eagleton, Kanapolis; William Wilson, West Orange, N. J.; Jim Shields, Clay Center; Kelly Phillips, Olathe; Raymond Rodick, Kansas City, Mo.; Galen Wiggans, Chanute; Kenneth Whitney, Kansas City, Mo.; Donald McCracken, Ellsworth; Robert

Stark, Salina; Alan Fryer, Belleville; Joe Maloney, N. Y.; Carl Kish, Rock Point, Mo.; Robert Bauer, Chanute; Carroll Hamon, Valley Falls; Norman Krey, Manhattan.

Pledges

Donald Ploger, Kinsley; Harold Brown, Winfield; Maurice Anders, Winfield; Dale Olson, Chanute; Jerry McCoy, Coffeville; Richard Johnson, Salina; Robert Speckman, Newton; George Henrichs, Phillipsburg; Max Bird, Albert, Kas.; Ted Bird, Albert, Kas.; Jack Carpenter, Evanston, Ill.; Jack Hardy, Holyrod, Kas.; John McFall, Kansas City, Kas.; Sykes Trieb, Bronson, Kas.; Jerry Rothwiler; Carl Wren.

Iota Has New Mother

Iota has been extremely fortunate in securing Mrs. H. F. Lienhardt for our new Housemother. Mother Lienhardt is well known to Manhattan and Kansas State College. Her late husband was head of the Pathology Department of the School of Veterinary Medicine.

Mrs. Lienhardt graduated from the Pennsylvania Museum and School of Industrial Arts of the University of Pennsylvania and then moved to Manhattan where she has resided ever since. She has three daughters two of which graduated from Kansas State.

She has been very active in church and social organizations. Her capable resources have been devoted towards serving as the Superintendent of the High School Sunday School and Program Chairman of the Westminster Women's organization of the Presbyterian Church. She served as a Mother for the YWCA groups on the campus and was chairman of the badges and awards committee of the local Girl Scout

Board. At present she is President of Chapter DE of P.E.O.

Mother Lienhardt has contributed a great deal towards the efficient, friendly, and wholesome atmosphere of the house this year. She has organized a Mothers Clubs which has become very active in the affair of the fraternity this year.

Words From Mother Leinhardt

It seems almost too good to be true that I, as your House Mother, am sitting here in this delightful room writing a few lines for your "Iota Informer". And indeed I feel very grateful for all your kindnesses since I came here.

As I write this, thoughts pop into my mind in words that remind me of my AKL boys. Words like perfection, thoughtfulness, gentleness, selflessness, goodness and—gravy. Now why should I think of gravy? But how could I think of you without thinking of gravy? Never before have I seen boys eat gravy like soup.

However the word gravy ties in with all the other words that keep running through my head. Why? Because the gravy you so much enjoy is good, has the right ingredients in it to make it good. Just so all of you boys have the ingredients of the fine men you are fast becoming, and of whom I can continue to be proud.

Collectively you also have a beautiful spirit of harmony, no wonder we are all so happy here at 413 North Seventeenth, as happiness is but a by-product of harmony.

It is honestly a joy to watch the co-operative spirit that prevails in everything you do or plan to do.

Yet there is a seasoning in all you do, as in the gravy the seasoning is good, the pink of perfection. Even in your "Hell Week" a good flavor of humor and seriousness was there that studied the most riotous of your good times.

Yes, you do remind me of the gravy you like so well, with the ingredients, the seasoning, and the harmony of good taste. This harmony is also pronounced in the melodies you sing at dinner time. What fun, what cheer, what fellowship!

As someone once said, "Melody is the kernel of music to which harmony is related as gravy is to roast beef."

So boys, always keep your standards high, never have your gravy weak or just good enough; always have it well seasoned—a thing supremely excellent, of the highest type—the boys of Alpha Kappa Lambda.

MRS. H. F. LIENHARDT

Mother's Club Organized

The AKL mothers have banded together into a Mother's Club, the first such organization since the war for this chapter.

They surprised the active chapter by a tea towel shower held at the homecoming celebration in the fall. One hundred nineteen tea towels and pot holders were contributed to the house by all the mothers.

At Thanksgiving we were again surprised by a lace table cloth and two card tables. For an unexpected Christmas present we received sixty dollars to be used for a house fund for new dishes.

We of Iota appreciate what our mothers have done for us far more than can be expressed in words. Many thanks to all of you.

KAPPA

Chapter President's Message

If it were to be a matter of by-words, the two we would be using are "expansion" and "consolidation". No, not contradictory—expansion is the word in reference to colonization at other campuses. Progress at Ohio State is very encouraging, and we hope to have concrete results soon. That is by no means the limit. Other schools have also shown interest in our fraternity, and it is hoped that our next Newsletter will have even better news on the subject.

"Consolidation" is the word here at Kappa. We have almost reached what we consider to be the ideal number in active members and pledges. It has meant obtaining an annex, but our purpose is in making the physical separation negligible in comparison to the well-knit, truly fraternal feeling which has always characterized Alpha Kappa Lambda. Though there are only three weeks left in the semester, we feel that there is no better time than now for making plans and laying the ground work for the best semester ever here at Kappa.

Scholarship

AKL at Purdue once again is establishing a reputation on the campus for scholarship. The records for scholastic achievement have just been released, and they show that AKL placed third among the thirty-five fraternities. Only AGR and Alpha Chi Rho had higher indices.

The progress made by our chapter is very encouraging, but we won't be satisfied until we reach the top.

Social

Thanks to the untiring efforts of Charlie Phillips, the house has been having many social functions during the past few months. Trade parties were held with Alpha Delta Pi, Alpha Xi Delta, Phi Mu, and Zeta Tau Alpha. We also enjoyed the Hacker's Cabin party on Wildcat Creek, and several Saturday afternoon picnics.

Our social functions this spring have done a great deal towards boosting the name of Alpha Kappa Lambda at Purdue and uniting the actives and pledges. Let's hope that this progress will continue.

Six Seniors Graduating

Every spring it becomes necessary to bid farewell to several June graduates. This year is no exception as six of our men will receive their diplomas. A farewell banquet will be held during the last week of school. We wish these men the best of luck in years to come

and hope that they will visit the Chapter whenever possible.

AL ARMSTRONG, M.E., will return to his home town, Indianapolis, where he expects to work. Al hasn't chosen his future employer yet.

JIM DENISON, M.E., has decided to continue his education in the Far West. Jim will study Geology at the University of Utah.

RALPH "TOBY" LEFEVRE, A.T., retires from his position as house president and, at the present time, is considering a position with American Airlines in Chicago.

JUSTIN SEILER, C.E., has accepted an engineering position with the Purdy Construction Co. in Mansfield, Ohio. "Juice" will marry Marion Little of Pittsburgh, Pa., in July.

BOB SHELLEY, M.E., whose untiring efforts as steward did wonders for the house, will be around until August. Bob hasn't definitely decided whether he will accept employment this fall or enter the graduate school.

RALPH WOOD, T.&I.E., has accepted a position as underwriter for Lumbermens Mutual Casualty Co. in Chicago. Ralph will reside at the Phi Kappa Sigma house at Northwestern University during the summer months.

Ohio State Next?

Since February of this year, we have been corresponding with a local fraternity at Ohio State University in Columbus, O. This group, Omega Xi, is interested in affiliating with a national fraternity, and they have indicated that structure and ideals of AKL appeal to them strongly.

Omega Xi has ranked first in scholarship among more than 40 fraternities since it came into existence.

Several of us, accompanied by Dr. DeKay, will visit them in the near future to investigate the possibility of establishing Mu Chapter.

Alumni News

DICK SCHAAF, '47, visited the campus for Gala Week. Dick reports that he is very satisfied with his work for the Florsheim Shoe Co. in Chicago.

SANDY WOLIN, '47, is now a television engineer for the N.B.C. in New York City. Sandy's picture was in an article on television in the April edition of *American Magazine*.

JOE VOELZ, '48, was a guest of the house during Gala Week. Joe is engaged to Phyllis Banker, KKG from DePauw University.

BOB SHERMAN, '43, writes that he enjoys the Kappa News but doesn't say what his occupation is at present. We believe that Bob owns an appliance store in Anderson, Ind.

DEAN WILBUR, '42, is living in Buffalo, N. Y. We hear that Dean and his wife expect an addition to the family in the near future.

TOM WELLEMS, '48, has returned to his home in Montana after working a year in Venezuela for Standard Oil Co.

BILL LORENZO, '48, is now operating his own construction company in his home town, Niagara Falls, Canada.

LES WEBER, '49, who is working in St. Louis, Mo., will marry Ruth Duell, Purdue, '49, on June 11th.

BOB BARNES, '47, is working in Ellinwood, Kansas, as a mechanical engineer.

ROY "DUKE" KNOWLTON, '46, is still working for the Peoples Drug Co. in Washington, D. C.

RAY SMALL, '42, who receives his degree in Journalism from Northwest-

ern University this June, will be married this summer in Albany, N. Y.

DON MANLOVE, '39, is coaching in Richmond, Ind. Although we haven't heard from him, we expect that Don will return to Purdue this summer to continue working on his master's degree.

Pledging

Our rush program this spring, under the leadership of Bruce Scott and George Thomas, has been a real success.

From the group of men rushed, the following pledges were selected.

Al Bazo, Caracas, Venezuela; Hollis Becker, Elkhart; Andy Brizalaro, Orange, Va.; Don Cerefin, Batavia, N. Y.; Edelstein, Fort Wayne; Walter Heckelman, Chicago, Ill.; Charles Helt, Rochester; Tom Hull, Whiting; Charles Garrard, Montezuma; Bud Johnson, Mundeline, Ill.; Don Johnson, Chicago, Ill.; Russ Koert, Batavia, N. Y.; Don Morrison, Princeton; Harry Morrison, Princeton; Bill Peterson, Lowell; Jim Rohrer, Gary; Gene Silverthorne, Milroy; Leroy Wineinger, Hobart; Jim Wolfe, Jeffersonville.

AKL'S Bolster Purdue Sports

Five Kappa members have been holding down positions on Spring Sports team:

GEORGE THOMAS is a regular member of the golf team, Purdue's best in many

years and unanimous choice to win the Big 10 title. The team has won 16 dual meets, including 10 conference victories.

RALPH LEFEVRE is bolstering the Purdue tennis team which is also enjoying a good season. Although our netmen were defeated by Notre Dame, 5-4, they hold shutout victories, 9-0, over Iowa, Indiana, Wabash, Ball State, and Butler.

BILL GULBAN is one of the best shots on the rifle team, which placed fifth in the National Collegiate meet.

DON HAMANN is doing very well on the university bowling squad which defeated the teams from Indiana and Illinois Universities.

AL BAZO is playing on the recently formed soccer team. In their first inter-collegiate match, the team tied the University of Illinois.

A New Tradition Established

Beginning with the present term, Kappa Chapter has established a new tradition, which we hope will be continued indefinitely. We are sending an engraved baby spoon to every child born to a Kappa Alumnus.

The first spoons went to Eileen Gene Barnes, daughter of Bob, '47, and Kathleen Barnes, and to Roger Arthur Larson, son of Ray, '48, and Ruth Anne Larson.

Kappa Burns Second Mortgage

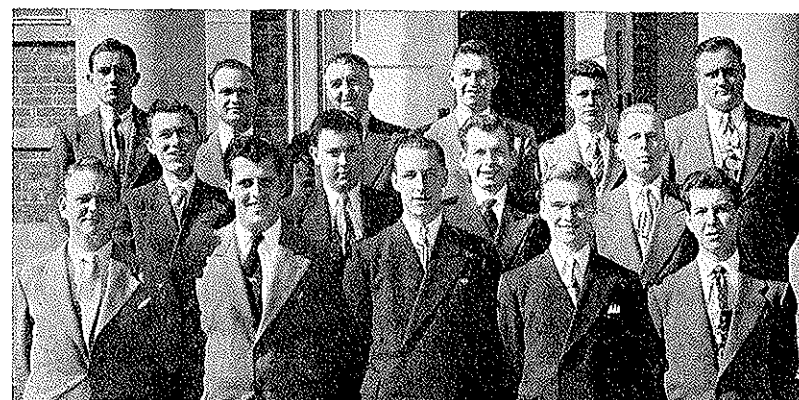

Kappa Chapter held its annual Alumni, pledge, active summer party at Murdock Park in Lafayette, Indiana, on July 24th, at which time they enjoyed the privilege of burning their second mortgage and note to the National of AKL. The Chapter borrowed from the National three and one-half years ago and were able to pay off this second mortgage in that time under the new budget system worked out for the

chapter by the Alumni board and active officers. This was a very enjoyable privilege and was appreciated especially by the alumni and their wives who were present. There was an attendance of about 40 alumni, wives, pledges and actives at the picnic as well as our sponsors, Dr. H. George DeKay and Prof. John Krueger. The pictures are those of the burning of the mortgage and nine of the alumni of 10 years or more ago.

LAMBDA

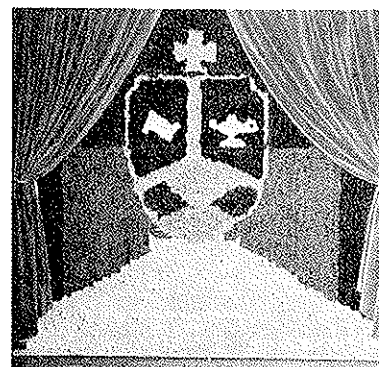

LAMBDA CHAPTER AT KANSAS STATE TEACHERS COLLEGE, EMPORIA

The first new chapter in Alpha Kappa Lambda in ten years was installed March 27, 1949, at Kansas State Teachers College. Congratulations to this enthusiastic group of new members. THE LOGOS wishes Lambda Chapter fullest success.

Chapter President's Message

This is our first real opportunity to greet all of you, the members and alumni of Alpha Kappa Lambda. How we did appreciate your telegrams, letters, and useful advice; through this media we were able to become better acquainted with you, and we hope, you with us. We were highly impressed by and grateful to the members of Iota and Delta for the well-planned and well-executed Lambda installation; much time and work must have been consumed in making this ceremony such a success. Through these weeks following our installation, Delta, Iota and Lambda chapters have used social and fraternal activities for mixing and getting acquainted, and we have dedicated ourselves to the task of serving school and fraternity alike by means

Beautiful background used at the installation of Lambda Chapter at Kansas State Teachers College, Emporia. It was constructed of crepe paper in wire fencing and was prepared by the members of the new chapter.

of certain planned co-ordinating rush parties scheduled in well-chosen sites throughout Kansas.

Since our installation, Sunday, March 27, we have made marked progress as a fraternity from several aspects. Socially, we have gone far; becoming an active fraternity chapter was the "kick-off" for getting us started. The unassuming attitude which characterizes our membership has made the group popular on the campus.

Our scholastic standing with other groups on the campus has not been established, but there have been definite signs of improvement made over the previous semester's record.

The size of our present membership shall be greatly improved during the next fall semester if we can work out arrangements for a house and I'm sure we will. We have already attracted several high-caliber men who have indicated their desire to affiliate with us. During the summer, plans will be laid for selling Alpha Kappa Lambda to well-chosen men of this area.

Our position with the Administration of Emporia State is good; the Director of Student Personnel, Dr. Comstock, and Dean of Men Trusler are sympathetic with our problems and have gone out of their way to give aid and advice.

Two of our members will be leaving us at the close of this term; Bob Long who is transferring to Kansas State and to Iota—our loss, their gain; and Lewis Bacon, the organizer and "spark" of Lambda, who is graduating. We will long remember their toilsome labors—beyond the call of duty—to make this group a reality.

Our sponsors, Dr. Andrews and Mr. Stutzner, have contributed much to our

success and growth through sound council and advice. We were fortunate in finding men of such capability. Their respective popularities on the Emporia State campus has won Lambda many new friends.

Attending the National Conclave will give us further opportunity to get better acquainted; I will see some of you there. If you have any ideas or suggestions or advice regarding any problems that you think might confront us, please do not hesitate to pass it.

Let's look forward to a bright and shining 1949-50 school year—let's make it such.

KARROL JOHNSTON

Scholarship

As a group, Lambda chapter received no scholarship rating this year, but a remarkable change occurred in our own figuring of grade averages. If we can boost our present membership averages and pledge men next fall with high ranking, we will end up near the top—if not on top—when the ratings come out. Frank Sidorfsky, one of our charter members, made honor roll this year (upper 10%). Mention should also be made to Dwight L. Williams who also received achievement award for his excellent work as chief engineer on our new campus radio station KVES. CONGRATULATIONS TO THESE MEN.

Social

Because of our low membership, our social functions were not numerous, however, they were very successful as our theme was "informalness". A Sweater Sweetheart was crowned at our first dance. The admission was a sweater on everyone. It turned out to be very successful. A get-acquainted party was

thrown in conjunction with the K-State vs K-State Teachers basketball game. About twenty Iota men were present. After our installation, we scheduled a picnic-dance at Lake Kahola. Nature interfered by delegating rain for that evening, but the dance was attended by a swell bunch of rushee and dates to boost our attendance. We felt that our active semester including the initiation and activation would substitute for a spring formal.

Sports

Because of the late start, under the Los Amigos Guild, intramural program wasn't complete. We did enter everything after we organized, and produced tangible results amidst heavy competition from fraternities with over 60 and 70 men to choose from.

Volleyball ended with a .500 average and with us tied for third place. Our bowlers didn't find our eye until the last half of the race, then managed to squeeze out fourth position. Our most successful event was our basketball entry. We were scheduled to finish in last place, but the "cinderella" team didn't realize that and after winning four and losing one—found that they were deadlocked for first place. A championship game was scheduled. That night, our team couldn't find the basket and lost the trophy. Our compliments to Coach Joe McPeck. Softball found us with no professionals, so we were eliminated from that field.

So with no particular honors won our first year, we have done much in showing that the AKL team stands watching in the future.

Men Of Lambda

FRANK SIDORFSKY, Bartlesville, Oklahoma, a major in Music Education. DWIGHT WILLIAMS, Ottawa, Kansas, a Business Education major. ROBERT LONG, Emporia, Animal Husbandry. MERLYN BLOMBERG, Marquette, Kansas, is majoring in Physical Education. LEWIS BACON, Emporia, a major in Business Administration (personnel management). GERALD STATEN, Hamilton, Kansas, is majoring in Commerce. KARROL JOHNSTON, Distributive Education. FRED MCCABE, Topeka, Kansas, pre-med student. MERLIN STAATZ, Junction City, Kansas, is majoring in Industrial Arts. JOSEPH MCPEEK, Dunlap, Kansas, Biological Science major. LEROY CRIST, Olpe, Kansas, Physical Ed major. WILLIAM BOUB, Redfield, South Dakota, Distributive Education. WILLIAM COE, Ottawa, Kansas, is majoring in Speech. GLENN CRUMB, Burlingame, Kansas, Mathematics major. RICHARD BLAKEMAN, Cimarron, Kansas, majoring in vocal music. GUY KERNS, San Diego, California, is majoring in Biological Science.

Sponsors

Lambda was very fortunate in enlisting Dr. Ted Andrews' help and interest in our colonization and activation. He was made an honorary member in our initiation. He is one of the chief figures on the campus in social leadership. Only with his leadership were we able to join the AKL brotherhood.

Mr. Edwin Stutzner, of the Music Department, has also been listed as our sponsor. He has been very valuable to us since he has affiliated with our

group. He will be made honorary at our next initiation.

Officers

President.....Karrol Johnston
Vice-President.....Dwight Williams, Jr.

Rushing Chairman.....Glenn Crumb
Historian.....Frank Sidorfsky
House Manager.....Joe McPeck
Intramural Captain.....Gerald Staten
Master at Arms.....LeRoy Crist
Reporter.....Guy Kerns
Music Chairman.....Dick Blakeman

Lewis Bacon Appointed National Secretary

The National Executive Board of AKL has employed Lewis Bacon as National Expansion Secretary and National Secretary for the next year beginning September 1st, 1949. Lewis Bacon is 23 years of age, weighs 220 lbs. and is 6 ft. 3 in. tall. He is interested in working with people and is well trained in counselling, and guidance. He graduated from the Emporia State College of Commerce in August 1949. He majored in business administration and personnel.

He has a fine background for this work as he has had experience in 4-H Club work, Navy training, YMCA boys' director, College Training and was the organizer of Lambda Chapter of AKL. He has also been instrumental in organizing the National Eniwetok Veterans' Association and has been elected the President for the coming year. He served in the Navy as a coxswain of pontoon barges and was in charge of 20 men. He was stationed on Eniwetok, Marshall Islands, during the war. He was honorably discharged on June 20, 1946.

With the cooperation of every alumni and active chapter member we should accomplish a great deal in the next few years.

WE PAUSE TO HONOR

Irving Dilliard, Gamma '27,
Advances to Top Editorial Job
on St. Louis Post-Dispatch

Irv Dilliard's many friends and fraternity brothers were thrilled recently to receive news of his appointment as editor of the Editorial page of the St. Louis Post-Dispatch. He has been a member of the newspaper's staff since 1927, and is a former editor of THE LOGOS.

His first connection with the Post-Dispatch was as a high school student when he acted as home town correspondent. He served as a correspondent during his college years at the University of Illinois, and upon his graduation started with the paper as a staff reporter. He was assigned to the Editorial Page in 1930. He was on leave of absence in 1939 at Harvard University as a member of the first group of Nieman Fellows selected from active newspaper workers for advanced study under the Nieman Foundation.

He was commissioned captain in 1943 and attended the Army's Military Government School at Charlottesville, Va. He remained in military service in England, France and Germany until August, 1946, serving on the staffs of Gen. Eisenhower and Gen. Patton.

HELP! HELP! . . . LOST LIST

(Our list is getting longer. As a result of the last issue of the LOGOS Lost List—FOUR names were removed by brothers who wrote us and supplied correct addresses. THIRTY-FOUR names have been added in this issue.)
