THE LOGOS

AKL

PREAMBLE

"Affirming our belief in the principles of religion, morality, and service taught by Jesus Christ, and agreeing to apply them in every conduct of life, in service to our university, our country, and humanity, and at the same time striving for the highest scholarship, we, the members of Alpha Kappa Lambda Fraternity, do establish these bylaws.

—Preamble to the Bylaws of National Alpha Kappa Lambda Fraternity, first adopted in 1914.

Our Cover

Breaking ground for the new \$170,000 chapter house for Rho chapter, President Quincy Doudna of Eastern Illinois State University turns the first spadeful of earth at the construction site. Vernon Heath, president of Rho's Board of Trustees, watches with approval. The new structure will house 52 men and will be ready for occupancy by the end of the year.

Fall, 1961

Destination Wall Street

by ALFRED B. POST, Stanford '27
Stockbroker
National Vice-President, AKL

SOME men from early boyhood are blessed with a fierce determination to become doctors, lawyers, engineers, certified public accountants, ministers or architects, and plan their education accordingly. Others, like me, graduate from college without the foggiest notion of how they want to make their living, and spend several valuable years floundering around and bouncing from one job to another before they find their proper niche in the business world. It is not the purpose of this little article to sell you on the idea of adopting the vocation which has been good to me, but rather to tell you enough about it to enable you to investigate it further or to cross it off your list.

If you are the kind of a man who likes to know in advance exactly how much money he is going to bring home every month, and thrives on regular hours, three weeks' paid vacation every year, and the certainty of \$500 a month pension after age 60, the investment business is not for you. This line has more ups and downs than a roller coaster. The first two or three years are really rough and full of heartaches. You will find

reer. Courses in psychology, accounting and public speaking fit in yourself working nights and Sundays and, if you live on the West Coast, rolling out of the hay about six o'clock.

But, once over the hump, you will discover that being a registered representative, account advisor, or just plain stockbroker has many of the advantages of being in business for yourself, without the capital investment and without many of the headaches. Every day is different and the "thrill of the chase" gets into your blood. And you will enjoy job security of the best kind. During recession periods, many a salaried man is regarded by management as just a part of the overhead and in danger of getting the axe. The broker with an established clientele is always in demand. Should he elect for any reason to cut his ties with his employer, he can walk down the street and get another job immediately. Age is no drawback, either. Some men continue active in the business in their 70's.

A good liberal arts education, with emphasis on economics and business administration, is helpful preparation for a Wall Street ca-

well. Active participation in campus and fraternity affairs is recommended. If your decision to become a stockbroker comes after graduation, it is possible to take evening courses in the subjects you have missed. If you are by nature an extrovert and like to meet and talk to people, that is in your favor, but if that description doesn't fit you, don't give up hope. I have known introverts who became top salesmen through hard work, earnestness and sincerity. The "soft sell" often works pretty well in the investment business.

Getting a job as a sales trainee is not difficult. Most firms are looking for promising candidates. The usual practice is for applicants to be interviewed by two or three executives and then given an aptitude test. Those who pass the interviews and the test then go through a training period lasting six to twelve months. During this time they work for short intervals in different departments of the business, attend lectures and study. In some cities organized lecture courses covering various phases of the business are given by local universities in cooperation with investment firms. There is also a correspondence course given by the New York Stock Exchange. After three months the trainees receive "limited registration" and are permitted to sell mutual funds. After six months they must take a rather stringent examination given by the New York Stock Exchange. If they pass they become "fully registered" and can sell all types of securities.

Employers help their men get "leads" in a variety of ways, but it is up to the men to convert them into customers. Having a wide acquaintance in the city where you

decide to locate helps, but contrary to popular belief a cub salesman does not usually start out by selling his friends. They come to him later. One advantage of the business is that you can select the city in which you want to work, and stay there the rest of your life if you want to. There is not the hazard of being shifted around at the whim of the employer.

Sales trainees will find it advantageous to live at home while they are getting started, or if married to have their wives take in washing. Salary during the training period ranges from \$300 to \$400 per month at most firms. Brokers usually don't make much more than that during the early months of selling. After about two to three years, dependent partially on market conditions, a good man will be making from \$8,000 to \$10,000 a year. After five years he should be making \$15,000 to \$20,000. Beyond that, it is strictly up to the individual. Top men can net \$25,000 to \$40,000.

The choice of a firm is important. New York Stock Exchange members have more to offer, in my opinion, but there are good non-member firms. In any event, select one which is well known in your locality and bears a good reputation. It is tough enough to get started under the most favorable conditions without handicapping yourself with a second-rate or unethical employer.

While retail selling offers the most job opportunities, other divisions of the business have their attractions. These include institutional selling, which involves calling on banks, insurance companies, pension funds and the like; under-

(Continued on page 13)

THE Headquarters Office of Delta Chi Fraternity in Iowa City, Iowa, recently released a study of fraternity expansion covering a ten-year period from 1950-1960. Since Alpha Kappa Lambda launched an expansion program in 1950, the report is of special significance to members of our fraternity. The report covered 58 member fraternities of the National Interfraternity Conference (excluding Phi Kappa and Theta Kappa Phi because of the merger into Phi Kappa Theta).

The report showed AKL with 11 chapters in 1950 and 19 in 1960.

The chart taken from the report shows sixteen fraternities added more chapters than AKL. Twelve of them, however, are among the largest 13 fraternities. The ten fraternities that had more than 100 chapters in 1950 added 197, lost 15 and netted 182. Those that had more than 56 but less than 100 added 182, lost 21 and netted 161.

The eight fraternities that had 11 or fewer chapters in 1950 (AKL included) added 20, lost 6 and netted 14.

A breakdown on expansion activity of other fraternities:

8 fraternities showed no gain
6 fraternities gained one chapter
4 fraternities gained two chapters
4 fraternities gained three chapters
4 fraternities gained four chapters
3 fraternities gained five chapters
6 fraternities gained six chapters
4 fraternities gained seven chapters
The 58 fraternities had 2,944 chapters in 1950 and 3,423 chapters in 1960 for a net gain of 479.

The Delta Chi report stated that the survey showed one-fourth of the fraternities did 68% of the expansion . . . and that one-half did 89%. "As a general rule," the report said, "those fraternities that have added the most chapters have lost the least number through inactivation."

Chapter Addition Rank	Size Rank	Fraternity	No. of Chapters 1960	1950	Net Gain
1	1	Tau Kappa Epsilon	164	82	80
2	3	Sigma Phi Epsilon	152	105	46
3	13	Delta Sigma Phi	92	66	26
4	8	Theta Chi	123	102	21
5	2	Lambda Chi Alpha	157	137	20
6	7	Sigma Nu	130	110	19
7	11	Pi Kappa Alpha	116	110	16
8	4	Sigma Alpha Epsilon	143	127	16
9	17	Alpha Epsilon Pi	72	56	16
10	5	Sigma Chi	133	119	14
11	6	Kappa Sigma	133	122	11
12	10	Alpha Tau Omega	120	110	10
13	18	Delta Upsilon	73	63	10
14	29	Tau Epsilon Phi	47	37	10
15	36	Phi Sigma Delta	36	26	10
16	9	Phi Delta Theta	122	113	9
17	48	ALPHA KAPPA LAMBDA	19	11	8

In breaking down the fraternities by size, the middle third showed the least expansion activity and none of the fraternities in that group stepped up to the upper third. Two fraternities in the small group in 1950, including AKL, replaced two fraternities in the middle group in 1960.

Although the report was a statistical one, it did show that AKL is making great strides in the expansion area. Considering that the period covered by the report included the launching of our program, a report covering the 1960-1970 era should prove to be very interesting to AKL members as it will include chapter additions made during a period when our program is more than just a hope.

LEWIS BACON

Gamma and Upsilon Chapters Win Awards

Trophies awarded annually by National Alpha Kappa Lambda Fraternity now have new homes, following the announcement recently of the winners based on 1960-61 performances. The trophies are the National Achievement Award and the National Scholarship Award.

Upsilon chapter of Colorado State College receives the Achievement Award. This award is based on a chapter's adherence to the fraternity's ideals, as evaluated in the annual reports of the collegiate members.

Gamma chapter of the University of Illinois retains the Scholarship Trophy for a second year. The award is based on scholarship reports of the National Interfraternity Council.

AKL Collegiate Groups Do Community Service

Twelve chapters of Alpha Kappa Lambda reported community service projects during 1960-61 amounting to 2,280 manhours for a chapter average of 190.

By changing manhours into 24-hour days—AKL members contributed more than 150 days in helping others through fund raising for charity, blood drives, entertaining hospitals, holding Christmas parties for needy children, painting and fixing up camps and institutions, aiding civic endeavors, and sponsoring campus projects.

Some specific projects aided City of Hope, Mothers' March for polio, Salvation Army, Cancer Fund, Red Cross, Heart Fund, Cerebral Palsy Fund, Vehicle Safety Check, Canterbury House (Corvallis), Siltecoos Boy Scout Camp (Oregon), Fircrest School for Mentally Retarded (Washington), Lawrence County Home (Kans.), Camp Alexander (Emporia), and the cities of Lafayette (Ind.), Lawrence (Kans.), and Emporia (Kans.).

It is estimated that AKL members gave more than 100 pints of blood to the Red Cross Bloodmobile during the school year.

Jack Train, Illinois '43, is a partner in Perkins and Will, a Chicago architectural firm. The Train family, including wife, Virginia, and three sons, live on Healy Road, in suburban Dundee.

Ensign J. Fred Heuser, Stanford '60, is currently an assistant navigation officer aboard the U.S.S. *Bennington* which has been in the West Pacific since last October.

Using Our Talents

by REV. FORREST J. REYNOLDS
National Chaplain of AKL

As we enter into the fall season of the year we are faced with new challenges. As brothers of a great fraternity we are challenged to adhere to the principles of our fraternity and to give our fraternity a good name by worthwhile achievements.

With this in mind, I would like to remind you of a story which was written many years ago. In this story a rich King gave each of his servants a different amount of talents. To one he gave five talents, to another he gave two talents, and to another he gave only one talent. In this story the King left instructions for each of these men to use the talents to increase his coffers. In due time he returned and asked each one to give an account of his stewardship. The man with the five talents reported that he had gained five more. Likewise the man with the two talents reported that he had doubled his talents. However, the man with the one talent failed to give the desired report. He had done nothing but keep the one talent which was given him. Here is an excellent example of failure in the use of one's abilities. Of course the King was angry at this servant and took this talent from him and gave it to the man with the ten talents.

In this story there is a lesson for all of us. To be realistic we must recognize difference in talents which have been given us. Sometimes we hear great orators tell us that we are all born free and equal. However, an assumption that there

is complete equality among men is folly. There is certainly no equality when it comes to ability. Men vary in the quality and in the quantity of their talents. There are some five-talent men who are geniuses in their line of endeavor. There are two-talent men who are above the average. However, the majority of men are the one-talent men.

It is hard to escape the conclusion that this story was told to emphasize the sins of the one-talent man. Certainly he should have been as faithful with his one talent as the other men were with their talents. However, there are peculiar dangers which do possess the one-talent men. I have no doubt that this servant looked at those with greater talents and asked himself the question "What can I do?" No doubt he reasoned, "My equipment is so small, that what I do won't amount to anything anyway. The King won't worry about the way I use my talent." This line of reasoning sounds modern and up-to-date. But the question which comes is, "What is going to happen to my talent if I do not use it?" Many times those with only one talent fail to realize what they can do with the one talent.

There is also another danger

THE LOGOS FOUNDATION ANNOUNCES

The Holmes Award

Wesley A. Cook of Upsilon Chapter, Colorado State College, is winner of the 1960-61 Holmes Award, given each year by The Logos Foundation to the outstanding collegiate leader in Alpha Kappa Lambda.

The award honors the memory of Dr. Fred G. Holmes, California '15, who lost his life in a tragic sea accident on August 7, 1955.

Wes completed his work at Colorado State College in August, 1961, with a major in physical education and history. His athletic participation included varsity track for four years (emphasis on the 880-yard dash) and the full range of intramural sports. He served as sports editor for the school paper, *The Mirror*, for three years, writing a special column entitled "Sportfolio." He was student representative on the Faculty Athletic Board and was president of the school letterman's club during his senior year.

A fraternity leader on his campus, Wes Cook was an officer of the Interfraternity Council and served Upsilon chapter of AKL as president during his junior year. He filled most other chapter offices some time during his school career, participated as a delegate in the 20th National Conclave of the fraternity, and served as a special representative of National AKL during the fall of 1960.

Twenty-one years of age, Wes has been an outstanding Scouter. He holds the Eagle rank, has 30 merit badges, and also has the Silver Award in Explorer Scouting. His home is at Gering, Nebraska.

Wes Cook

which possesses the one-talent man, and that danger is that of resentment. It is easy to be resentful of those who have more ability. However, resentment usually comes from failure upon the part of the one-talent man to use the talent which he has. It is true that resentment of others with greater gifts and possessions is a mark of a little man. If each individual is busy taking care of his one talent, he will have no time for resentment.

I am sure that in our fraternity there are many who have more than one talent, or above-average ability. Nevertheless, most of us are average. The number of talents which we possess is unimportant compared to the way in which we use our talents. As we begin a new season it behooves each of us to use the talents which we possess to the greatest advantage. As we do this others will look upon our fraternity as one of the great fraternities.

The following Resolution was adopted by the fraternity's National Executive Council during its meeting in Denver.

RESOLUTION

WHEREAS, Joseph Cullen Blair, Illinois Honorary, served with credit and distinction as Eleventh National President of Alpha Kappa Lambda Fraternity, 1941-1945, and exercised wise and careful oversight of the fraternity's heritage and traditions during the difficult years of World War II, and

WHEREAS, the outstanding work of Dr. Blair in his chosen fields of agriculture and education, particularly as Dean of the University of Illinois College of Agriculture, brought credit to him, to his family, and to this fraternity, and

WHEREAS, Dean Blair passed away on October 4, 1960, at the age of 89, and his name has been added to the fraternity's Omega Roll,

NOW, THEREFORE,

BE IT RESOLVED, that Alpha Kappa Lambda Fraternity, by action of its National Executive Council, acknowledges the love and esteem in which it held Dean Blair and declares that it is in his debt for wise leadership during perilous days, and that in his death the fraternity has suffered an irreparable loss.

It is directed that this resolution be spread on the official records of the fraternity and that a copy be sent to the family of Dean Blair.

Adopted at Denver, Colorado, this 20th day of August, 1961.

Installations For Three Are Scheduled By NEC

Three new chapters of Alpha Kappa Lambda Fraternity will be installed during the fall of 1961, if present plans materialize, the National Executive Council disclosed recently.

At its Denver meeting in August, the NEC approved the granting of charters to three AKL colonies. The group at New Mexico State University will be installed as Alpha Alpha chapter on September 30. The group at the Uni-

versity of Arizona will receive a charter as Alpha Beta chapter on October 1. The group at the University of Michigan will receive the charter of Zeta chapter around Thanksgiving time, thereby reactivating the chapter which was established in 1924 and continued in operation until World War II in 1942.

With the addition of these three chapters, AKL collegiate strength will number 23 chapters. In addition, a number of good expansion possibilities will be surveyed during the year, and additional colonies may be acquired.

President Names Chapter Representatives

Six collegiate members of Alpha Kappa Lambda have been appointed to serve as National Chapter Representatives for 1961-62, it was announced recently by E. T. Burroughs, AKL National President.

Accepting the appointment are the following men: Ronald Haxton, Richard Farquhar, Darold Herdes, Larry Borger, Richard Foster, and Gary Tye.

The program was conceived by Lewis J. Bacon, AKL's Executive Secretary, and was approved by the fraternity's National Executive Council when that group met in Denver in August. Each of the National Chapter Representatives, though presently enrolled in college, will devote time and attention to the problems of a specific area and will do chapter visitation in his area. In addition, an officer training school will be planned for each area.

The six men met in Boulder, Colorado, August 5-6, for two days of intensive briefing on fraternity procedures and problems, con-

ducted by Lewis Bacon and by James W. Roberts, AKL National Field Representative. Roberts, a full-time member of the National AKL staff, will be traveling extensively during the year, in chapter visitation work, and will be directly in charge of the work of the National Chapter Representatives.

The assignments of the National Chapter Representatives are as follows: Ronald Haxton will give assistance to Xi, Sigma and Psi chapters; Richard Farquhar, Zeta, Mu, Tau and Chi chapters; Darold Herdes, Gamma, Kappa, Pi and Rho chapters. Larry Borger, Alpha Alpha (New Mexico) and Alpha Beta (Arizona) chapters; Richard Foster, Alpha, Beta and Omicron chapter; Gary Tye, Eta, Theta and Phi chapters.

In addition, Jim Roberts will personally give assistance to Delta, Iota and Lambda chapters, and Lewis Bacon will be working with Upsilon chapter while handling expansion projects in the Rocky Mountain area.

NATIONAL STAFF. AKL's full administrative staff is shown here, taken during the Boulder, Colorado, planning conference. They are, left to right, front row: Gary Tye, James W. Roberts (AKL Field Representative), Richard Farquhar, Richard Foster. Back row: Larry Borger, Ronald Haxton, Darold Herdes, and Lewis J. Bacon (AKL Executive Secretary).

REPORT OF THE LOGOS FOUNDATION

For the Fiscal Year June 1, 1960, to May 31, 1961

According to the Bylaws of the Logos Foundation, the annual report should be published in the *Logos* magazine. Accordingly, the following is the annual report for the period of June 1, 1960, to May 31, 1961.

Cash—June 1, 1960:	
Checking	\$ 989.74*
Savings account	3,503.35†
Cash available	\$4,493.09
Contributions received	1,803.50
Interest credited to savings account	132.93
	\$6,429.52
Disbursements:	
Scholarships	
University of Richmond—Richard Beebe	\$650.00
University of New Mexico—Larry Borger	800.00
Total Scholarships	\$1,450.00
Holmes Award	15.77
Solicitation costs	235.65
Insurance—fidelity bond	31.25
Miscellaneous office expense	10.00
Total disbursement	1,742.67
Cash—May 31, 1961:	
Checking	\$1,050.57
Savings	3,636.28
Cash available	\$4,686.85

* Check of \$5 returned on June 20, 1960, that applied to previous fiscal year.
† Interest of \$20.73 from July 1, 1959, through December 31, 1959, not entered in previous fiscal year.

Bradley Elected To Head AKL Logos Foundation

Lawrence F. Bradley, California '40, is the new treasurer and chairman of The Logos Foundation, succeeding Gordon Jones, California '47, who held the position for two years.

With the new election, The Logos Foundation has launched an enlarged program looking toward the 50th Anniversary of Alpha Kappa Lambda Fraternity, which will be observed in 1964. The Foundation Board is already in the process of

Larry Bradley

changing its bylaws to increase the Board to seven members, and each board member has been given a specific assignment.

The Logos Foundation wants to increase its assets to \$50,000 by the 50th Anniversary. To this end,

and as a first step, the Board is seeking 100 AKL alumni who will give \$100 each, thereby giving the Foundation a \$10,000 boost toward its goal. In addition, Lloyd Hall, California '14, is doing alumni visitation, encouraging bequests and large gifts.

The new chairman, Larry Bradley, has been a member of the Board since 1959. He is principal accountant with the Los Angeles city schools, and is active in community affairs in the Los Angeles area. His activities include the vice-presidency of the Los Angeles City Schools Employees Association, service as section chairman for the Community Chest and American Red Cross, and membership in the Elks and Knights of Columbus. For three years he was active in fund raising for the Boy Scouts, and he continues to participate in the California, Harvard and AKL alumni groups.

A bachelor, he is a Lt. Commander in the U.S. Naval Reserve and devotes his spare time to skiing and sailing. He has owned an 18' "Flatty" sloop for 20 years.

AKL Executive Council Holds Denver Meeting

During the latter part of August, the officers of the fraternity met at Denver, Colorado, for three days of business sessions. Much time was devoted to chapter housing projects and plans, as well as to study of fraternity expansion programs.

National President E. T. "Ted" Burroughs presided at the sessions, which were held at the Diplomat Motor Hotel in downtown Denver. Others there were National Vice-President Alfred B. Post, National Treasurer David M. Allen, National Editor Robert L. Davis, Past National President Ted F. Andrews, and Executive Secretary Lewis J. Bacon.

In addition to the usual budgetary matters, the National Executive Council considered the following: plans for the 1962 Conclave, to be held at Breezy Point, Minnesota, August 31-September 3; plans for the 50th Anniversary of the fraternity, to be celebrated in 1964; projects of The Logos Foundation; improvement of *The Logos*; development of an AKL historical and promotion film; chapter and other awards; and further improvement of the national office.

Alumni Dues Program Receives Good Support

The alumni dues program has received good support so far in 1961, Lewis J. Bacon, Executive Secretary, disclosed recently. Many alumni responded to the initial notice in January, while others have answered a second notice which was sent later in the spring.

To date, over \$3,400 has been received through alumni dues. This income is important in covering the costs of fraternity expansion work and also the publication expenses for *The Logos*. A monthly newsletter of confidential expansion information is sent to AKL subscribers, to the alumni dues program, as well as other occasional mailings.

The ranking of the leading chapters, according to percentage of alumni participating so far this year, is as follows:

Rank	Chapter	Alumni Paying	Percent Paying
1	Tau	35	30
2	Epsilon	58	26
3	Zeta	49	20
4	Gamma	126	19
5-6	Alpha	96	16
5-6	Delta	54	16
7-8	Eta	21	14
7-8	Kappa	37	14

NEC AWARDS GIVEN TO TEN ACTIVE CHAPTERS

The AKL National Executive Council has authorized awards to ten collegiate chapters, based on their outstanding administrative records for 1960-61. All chapter reports were in on time, and all dues and other payments to National were paid promptly. The certificates are given as evidence of appreciation of the NEC for chapter cooperation during the school year.

The current winners are Beta chapter of Stanford, Delta chapter of Kansas, Eta chapter of Washington State, Iota chapter of Kansas State, Kappa chapter of Purdue, Mu chapter of Ohio State, Rho chapter of Eastern Illinois, Sigma chapter of Central Missouri State, Tau chapter of Pennsylvania State, and Upsilon chapter of Colorado State.

"Kappa Kaptions" of Kappa chapter, Purdue University

Religious Activities Award:

Xi chapter, Northeast Missouri State Teachers College

Scholarship

Ronnie Stuntzner, Emporia State '63, has been awarded a scholarship by The Logos Foundation, for the 1961-62 school year for study at Oregon State University, Corvallis, Oregon.

Ron wishes to major in forestry, and has had his previous work at Kansas State Teachers College, Emporia, Kansas. He will be a junior at Oregon State, and has expressed his intention of participating in AKL's Phi chapter there.

He is the son of Professor Edwin L. Stuntzner of the music faculty at Emporia State, who is a long-time member of the corporation board of Lambda chapter of AKL.

Ron Stuntzner

WALL STREET

(Continued from Page 3)
writing, which has to do with locating and offering new issues of securities; and investment counseling, which means management of investment portfolios for individuals and institutions on a fee basis without any actual selling.

Money is what puts jam on the bread and the Cadillac in the garage, but I like to think that every AKL looks for something more than that when choosing an occupation. The investment business has not yet achieved professional

status, but it is on the way. Its standards are rising all the time. The stockbroker who conducts himself in accordance with the highest standards of ethics and who sincerely tries to help his customers at all times is richly rewarded; they send other customers to him and that is the way his business grows. But over and above that, he has the satisfaction of knowing that he has rendered a real service to his fellow man, just as surely as the doctor, the minister, the teacher or any of the other professions.

Dale M. Meyers, Kansas State '51, is a sales engineer for General Electric Co., located in the Chicago office. His address is 252 Woodstock, Clarendon Hills, Illinois.

Porter J. Womeldorff, Illinois '54, married Rebecca Ann Baker of Alton, Illinois, on June 25, 1960. They live at 885½ W. Decatur St., Decatur, Illinois.

Robert Cowin, Washington State '32, is in the fruit-raising business with his son, Richard. They pack their own apples and Anjou pears and store them in cold storage on one of their ranches. The address is Route 2, Box 340, Wapato, Washington.

David Clack, College of the Pacific '60, and his wife are the parents of a son, Raymond Douglas Clack, born in February, 1961.

E. R. Leibert, Illinois '25, is doing consultant work in public relations and fund-raising for educational, health, medical, and welfare organizations. Two married daughters have made him a grandfather four times, and his son, Peter, is a sophomore at Buffalo State Teachers College, New York. His address is 316 West 104th St., New York 25, New York.

Lloyd Cowherd, Central Missouri State '57, is teaching science and mathematics in the Hale, Missouri, high school. His address is R.F.D. No. 3, Carrollton, Missouri.

John Bolenbaugh, Stanford '48, practices dentistry in Oakland, California. He and his wife, Verna, have four children. David is 6, Cathy 4, Linda 3, and Robert 1. The family lives at 836 Rosemount Rd., Oakland 10, California.

Joseph H. Coulombe, Stanford '52, has established a chain of convenience grocery stores in the Los Angeles area named "Pronto Markets." He and his wife, Alice, live in Manhattan Beach with their son Joe, 4½, and daughter Charlotte, 1½.

2nd Lt. Bob Olson, California '60, and his wife, Natalie, are parents of a baby boy born in April.

Robert H. Grenier, Millikin '60, sent in a report on some Pi brothers. Bob, himself, is teaching in Decatur, Illinois. Four other '60 graduates are also teaching. Wm. Chan is teaching in Cleveland, Ohio. Terry Black teaches art in Springfield, Illinois. Barry Witzgall has math classes in Skokie, Illinois. Bob Golchert teaches at Schurz high school in Chicago, Illinois.

Clarence E. Warner, Kansas State Teachers '60, holds a Dow Chemical Co. fellowship at Oklahoma State. He hopes to finish his Master's degree by next January and then do some college teaching before going on to a Ph.D. His address is 456 Vet Village, Stillwater.

George M. Wood, Illinois '31, is the project engineer for the Atomic Energy Commission at Iowa State University, Ames. His address is 1909 Wilson Ave.

Guy L. Schless, M.D., Stanford '51, is now a Lt. Commander in the U.S. Navy. He expects to return to Philadelphia next Christmas. Till then, his address is 206 Bobolink Road, Virginia Beach, Virginia.

Bruce Hahn, Oregon State '60, taught last year at Madras high school, Madras, Oregon.

Herbert D. Hoeppner, Central Missouri State '59, is general accountant and office manager for the Patent Scaffolding company in Kansas City. Active as a member of Sigma chapter's board, Herb lives at 405 S. Lawn, Kansas City, Missouri.

Duane Wilson, Washington '56, is an Air Force Captain at Hamilton Air Force Base in California.

Belton Fleisher, Stanford Honorary, who served as resident advisor for Beta chapter, received his Ph.D. in June and plans to teach at the University of Chicago.

Edward S. Baker, Illinois '36, is in his ninth year as circulation manager, northern California edition, TV Guide magazine. He has also been directing the San Mateo Elks glee club for six years as a hobby. He and his family live at 1309 Birch Ave., San Mateo, California.

Robert A. Nebrieg, Kansas '60, entered the Army after graduation. A 2nd Lieutenant, he attended infantry officers' orientation at Fort Benning, Ga., paratrooper school, also at Fort Benning, and was assigned to a unit in Germany.

Robert H. Glenn, California '54, an Army veteran, earned his general secondary credential in 1959 at San Francisco State College. Last year he was a substitute teacher with the city school system. His address is 2426-43rd Ave., San Francisco 16.

Vorras A. Elliott, Kansas State '35, is now manager of design engineering, atomic power equipment department, for General Electric company in San Jose. His home address is 11550 Fairway Drive, Los Altos, California.

Barter Steps Down

John L. Barter, California '22, retired on June 1 as vice-president of Hartford Accident and Indemnity Company, after nearly 40 years with that company. He had been vice-president since 1945.

"Jerry"—his nickname since initiation into Alpha chapter in 1915

—started his insurance work while a senior at the University of California, then after graduation stayed on at the San Francisco office until 1934, when he was transferred

Jerry Barter

to the home office in Hartford, Connecticut. He was named assistant secretary in 1936, secretary in 1939, and vice-president in 1945.

A native of Arcata, California, Jerry was an active member of Alpha chapter when its present chapter house was erected in 1916, then his education was interrupted by World War I and a year of postwar employment. He married Amelie Christie in 1923, and they have three children, two sons and a daughter, all grown.

Mr. Barter is a Fellow of the Casualty Actuarial Society, and for many years has been active in the National Bureau of Casualty Underwriters, Association of Casualty and Surety Companies, and the American Foreign Insurance Association.

The Barter home is at 90 Tunxis Road, West Hartford, Connecticut.

James Updike, Washington State '34, is pastor of the First Methodist Church of Lynden, Washington. His address is 400-5th Street.

Dave Pilmer, Stanford '60, was commissioned an Ensign in the U. S. Navy last June and is stationed aboard the LSD *Catamount*.

Leo R. B. Henrikson, Illinois '42, practices law in La Mesa, California, under the firm name of Jennings, Engstrand and Henrikson. He and his wife, Virginia, took a nine-week trip around the world last winter, visiting Copenhagen, Stockholm, Helsinki, Leningrad, Moscow, New Delhi, Bangkok, Hong Kong, Tokyo and Honolulu.

Andy LeCocq, Washington '57, is now working as a testing engineer for the Chrysler corporation in Detroit.

Jim Lundy, Oregon State '58, representing the Oregon alums, presented Phi chapter with a revolving plaque at the banquet prior to the spring house dance. The plaque is to be awarded each term to the individual who has the largest improvement in his grade-point average over the previous term.

Herbert Moore, California '25, has been chief accountant for the University of Redlands since 1956. His address is 854 Nottingham Drive, Redlands, California.

David Myrie, Millikin '60, works for IBM in Springfield, Illinois.

William McMullen, Illinois '59, is living in Gary, Indiana, and working for U.S. Steel in a business management training program. He had six months' of active Army duty last winter at Ft. Leonard Wood and Fort Knox.

John R. Murphy, Kansas '59, is a Lt. (jg) serving aboard the U.S.S. *Wadleigh* (DD 689) as communications officer. His address is c/o FPO, New York, New York.

Raymond M. Alden, Stanford '44, chief engineer of Hawaiian Telephone Co., is president-elect of Hawaii Society of Professional Engineers. He writes he would enjoy having a call from brothers passing through the Islands. A Stanford classmate, Harry Strick, Stanford '44, lives in Manila, P.I.

Robert R. Guy, Illinois '58, completed Army flight training and received his wings a year ago. A 1st Lt., he was assigned to Fort Rucker, Alabama, as an instructor in the department of maintenance. His address is P.O. Box 395, Fort Rucker.

Dr. Robert F. Legge, California '26, is an orthopedic surgeon, a Captain (M.C.) U.S.N. on active duty since December, 1941. He is now stationed in the Canal Zone as chief of orthopedic service, Gorgas Hospital. On October 12, 1958, he swam the Panama Canal, a distance of 28½ miles, in 21 hours and 54 minutes, breaking all records. The feat has been accomplished only six other times since 1914. His address is Box "O," Balboa Heights, Canal Zone.

Jack R. Beaupre, Illinois '58, was elected Kankakee county recorder in the November election last year and thereby became the youngest elected county official in Illinois and the first Democrat to be elected in his county since 1936.

Fred H. Knobel, Washington State '31, is employed by the International Cooperation Administration and works as agricultural credit and cooperative advisor to the government of Cambodia (*ex*

Kneier Is Honored

Professor Charles M. Kneier, Illinois Honorary, who has been on the political science faculty of the University of Illinois since 1930, was honored May 3 when he received the "1961 Brown Derby Award" from the Illinois student chapter of Sigma Delta Chi, professional journalism society. The presentation was made at the annual Gridiron dinner sponsored by the society.

The award was made for outstanding contributions to the University community as a teacher, scholar and administrator, and for his work with the state and federal governments.

Prof. Kneier is a popular teacher at Illinois, and is himself a product of that school, having earned a bachelor's degree in 1922, master's degree in 1924, and the doctoral degree in 1926. He also holds a J.D. degree from the University of Michigan, conferred in 1937. In addition to teaching at Illinois, Prof. Kneier has taught at the Universities of Texas and Nebraska.

A former president of the Midwest Conference of Political Scientists, Prof. Kneier has been a frequent consultant for both the state and federal governments, and includes among his services the organization of the research department of the Illinois Legislative Council, consultant to the Tennessee Valley Authority, consultant to the War Relocation Authority, and service on the State Police Merit Board of Illinois.

Indo-China). His address is USOM-APO 153, San Francisco, California.

Wm. A. Roberts, Kansas '55, is office manager for Garden Cemetery Co., Inc., in Overland Park, Kansas. He and his wife have three boys: Wes, 2; Russ, 1; and Craig, 2 months.

Lt. Col. Robert S. Day, Illinois '41, is registrar at the United States Military Academy, West Point, New York.

L. J. Owsley, Kansas State '30, writes he enjoys reading of former classmates in the *Logos*, wishes he had a list of their addresses. The oldest of his three children has finished college; the youngest is 14. He is regional marketing manager for Westinghouse Electric Corporation, Pittsburgh, Pa. His address is R.C. No. 3, Wexford, Pennsylvania.

George P. Sanders, Illinois '60, is stationed with the 384th Army band at Fort Eustis, Virginia, and has performed as pianist in several joint flute and piano recitals given on the Virginia peninsula.

Burton Canfield, Kansas '50, is vice president and general manager of Cecon Construction Co., an affiliate of Charles F. Curry & Co., doing residential and commercial construction in the greater Kansas City area. His address is 5050 Baltimore, Kansas City.

Lt(jg) Charles McGinley, University of the Pacific '58, served at the Naval Air Station, Oakland, California, as the disbursing officer until July, 1961, when he returned to civilian life.

Dr. Thomas R. Wilson, California '22, spent ten weeks in Europe with his son Ralph last year. Both his sons are in college now—both at schools where there are no AKA chapters as yet. Dr. Wilson continues to teach at San Francisco State College.

Martin E. Dye, Central Missouri State '60, has married Marilyn S. Bunney and settled in Cedar Rapids, Iowa, where he is employed by Colins Radio Co. His address is 2613 Fruitland Blvd. S.W., Cedar Rapids.

James P. Spresser, Ohio State '52, is manager—planning, methods and standards—at General Electric's Everett, Mass., foundry. His address is 18 Ballyorain Rd., Framingham, Mass., where he, his wife and three children hang their hats.

Leslie R. King, Kansas State '31, is now construction management engineer for the Air Force Ballistic Missile division. He works out of McConnell AFB in Wichita, looking after the construction of missile complexes around the city. The Kings live at 3118 Aloma, Wichita 11, Kansas.

Robert G. Garlock, Wisconsin '29, is a senior project engineer with Underwriters Laboratories Inc. in Chicago. He has been with the organization for 25 years. His daughter, Ann, is a University of Wisconsin senior.

Roland A. Way, California ex '19, '30, has retired after twenty years with the U.S. government foreign radio monitoring service, during which he served at various times as French monitor, editor, and bureau chief at domestic and overseas stations. His address is 2049 E. Foothill Drive, Santa Rosa, California.

Robert Haigh, Kansas '58, completed Army service in June, 1960, and now works as a field auditor for the Travelers Insurance Co. in New Orleans, Louisiana.

Roger A. McGary, Penn State Teachers '60, is staff writer and photographer for the *Evening*

Standard in Uniontown, Pennsylvania. His address is 51 E. Fayette, Apt. G, Uniontown.

David M. Adam, Jr., Penn State '56, and his wife live at 876 N. Kensington St., Arlington 5, Virginia. David is an investment advisor with Hodgdon & Co., financial counseling specialists of Washington, D.C.

Robert C. Coffeen, Illinois '53, writes of a reunion he had last winter with two Gamma brothers from the class of 1953. On a business trip to Los Angeles from Kansas City he got together with Ron Strawn, a radar antenna design engineer with a Los Angeles electronics manufacturer, and Chuck Doak, Presbyterian minister on the University of Southern California campus.

J. Glenn Hahn, Kansas '48, is now a partner in the law firm of Hoskins, King, Springer and McGannon in Kansas City. His second son, Erich Peter, was born September 15, 1960. The family address is 5549 Canterbury Road, Shawnee Mission, Kansas.

Robert Twardock, Illinois '53, finished his Ph.D. at Cornell last September and now works in the department of physical biology, New York State Veterinary College. The Twardocks have three children: Sally, 5; David, 4; and new son Paul, born January 26, 1961.

Charles E. Spahr, Kansas '34, writes he is somewhat used to his job as president of the Standard Oil Co. of Ohio, a position he has held for three years. His oldest daughter Sally, 19, a college sophomore, was sponsor at the launching of a 46,500 D.W.T. tanker, the *Charles E. Spahr*, at Kobe, Japan, last March. He was there, too.

Other children are: Steve, 13; Cindy, 7; and twin three-year-olds, Stephanie and Susan. The Spahrs would like to see old friends any time at 24075 Lyman Blvd., Cleveland 22, Ohio.

C. W. (Bill) Shepherd, Illinois '51, has a new son and a new home, both less than a year old. John William arrived November 18, 1960, and the family moved to the suburbs in January, 1961. Their address is 21 Crest Drive So., Cresskill, New Jersey.

Jack Wanchope, Millikin '60, is working for the Bank of America in Santa Monica, California.

Arvard O. Vogel, Colorado State College '57, was guest instructor for the summer session, division of the arts, Colorado State College, during 1961.

Larry Hosford, Northeast Missouri State '54, plans to return to Redfield, Iowa, where he teaches business education at Dexfield consolidated school.

Thomas E. Boots, Purdue '55, is an Air Force Lieutenant, presently working in the base communications division, Wright-Patterson AFB, Ohio. His address is 117 Spinning Rd., Dayton 31, Ohio.

It is with sorrow that the names of the following brothers are added to the fraternity's Omega Roll:

Dr. Joseph Cullen Blair, Illinois Honorary, died October 4, 1960, at Champaign, Illinois, at the age of 89. He was dean emeritus of the University of Illinois College of Agriculture, and had served as National President of Alpha Kappa Lambda from 1941 to 1945. An accompanying story appears elsewhere in this issue.

Dr. George H. Dungan, Illinois Honorary, passed away on March 12, 1961, at Urbana, Illinois. He was 73. He had retired in 1955 after 35 years on the University of Illinois faculty, as professor of crop production in the University of Illinois agronomy department. Active in the work of the Christian Church in Urbana, he was also a director of the Busey First National Bank and executive secretary of the Illinois Seed Dealers Association.

Fred J. Meyer, Wisconsin '32, died on May 9, 1961, at Madison, Wisconsin. He was 51. At the time of his death, he was vice-president and director of H. W. Lay & Co., Inc., of Chamblee, Georgia, and was president of Red Dot Foods, Inc., of Madison, a firm which he founded, specializing in potato chips. He was keenly interested in Alpha Kappa Lambda and was on the board of The Logos Foundation at the time of death.

Walter Luke Wzbowski, Ohio State '57, met death on May 30, 1961, in an accident near Padong, Laos. He was a 1st Lieutenant in the U.S. Army, serving as a helicopter pilot. His assignment in Laos was with an aircraft distributing company connected with the Laotian government. Walt was from Polk, Ohio, and was initiate number 80 in Mu chapter.

NEWS of the Collegiate Chapters

Alpha

CALIFORNIA

Spring semester at Alpha was replete with success in scholarship as well as activities.

Out of 48 fraternities on the Cal campus, Alpha placed 3rd in overall scholastic achievement and our 18-man pledge class took first-place honors.

Even with this accumulation of knowledge, Alpha was able to remain one of the most active houses on campus. In intramural sports, we placed in the top fifteen while competing in all phases of the program. Alpha combined its talent with Alpha Delta Pi Sorority to come up with an outstanding effort in the annual Spring Sing. Another old Cal tradition, Greek Week

Push Carts, found us teamed with Alpha Phi Sorority to place 5th in the race out of thirty entrants.

Socially, Alpha varied its events to include exchanges with Zeta Tau Alpha, Alpha Chi Omega, and Alpha Omicron Pi sororities and Mills College. Our major parties included a pajama dance, an overnight party at Rancho San Rafael, and the usual beach parties.

This past year Alpha was the birthplace of a singing trio. Since its beginning, the trio has become well known in campus circles and has performed at local beer gardens as well as many University functions.

—RAY POIRIER

Beta

STANFORD

This past year proved highly successful for the brothers of Beta chapter. The year commenced with the initiation of nineteen outstanding pledges. After the formalities, the new brothers and old actives pitched right in for an active year.

Athletically, the Stanford AKL's were victorious in intramurals. After finishing an undefeated football season, including a victory over our brothers from across the Bay at Alpha chapter, we went to the quarterfinals in the University championships where we were defeated for the first time by the Delta Upsilon's, six to nothing.

Our athletic endeavors did not seem to hinder our principal purpose in being at Stanford, however, as we were again the top fraternity on campus scholastically. Senior

Harry Saxton was tabbed Phi Beta Kappa, and junior Curt Koch was picked for Tau Beta Pi, honorary engineering fraternity.

Winter quarter found AKL's Tim Laddish elected as the new head yell leader at Stanford, and among his assistants next year will be Dave Kiesel, sophomore AKL.

The beginning of Spring Quarter brought Rush Week and eighteen fine new pledges. The diverse young group boasts men from exceptional debaters to musicians to truly outstanding athletes.

Rounding out the year was our championship in the University track meet. Officially closing the social season May 28 was our farewell to thirteen top men, our Senior Banquet.

—TRACY DONOVAN

THE LOGOS

Gamma

ILLINOIS

Gamma finished the school year with a real flourish. The house, paired with Chi Omega Sorority, rated a third place out of fourteen entries in Sheequeon, a campus carnival of shows. The good times everyone had are reflected in the pairing with Alpha Delta Pi for Stunt Show next fall. The basketball team tied for the championship in their league and was edged out in a playoff game. The house's biggest social event of the semester was the traditional "Hawaiian Holiday" spring formal, complete with orchid leis and a backyard sirloin steak fry.

Stan Weber and Mark Juergensmeyer each had a double honor by being elected to the University Concert and Entertainment Board

and also to Wa-Na-See, a senior men's activity honorary; Mark was elected president of the latter. Larry Friedrich and Hal Holmes were elected to Sachem, a junior activity honorary. Larry is a major chairman in the Illini Union and Hal is recognized as probably the finest tumbler in the world, having won the tumbling title in the Pan-American Games, the AAU (three times), and the Big Ten competition. The vocal quartet and the instrumental trio of Gamma provided the entertainment at the Greek Ball this spring.

Through the summer Gamma has been preparing for Stunt Show and conducting an extensive summer rush.

—BRUCE HOFFMAN

Delta

KANSAS

Delta AKL's started the past school year with a successful rush week, netting 15 men. Three others pledged during October. Initiations were held for three men in October, and eight in February.

Another bright spot at Delta was intramurals. AKL copped a trophy in touch football by being undefeated in its league. The only game lost was the second playoff game for the division championship. The bowling team also earned the house a trophy.

The social program for the year was tops. Kicked off with a barn party at the Little Red Schoolhouse south of town, there followed a "Go to Hell with AKL" party in which the house was decorated as an inferno, a Christmas Formal,

exchange dinners, a caroling serenade, Spring Formal, Beaux Arts Ball, the Kansas Relays Dance, and a Sand Bar Party.

Delta won a trophy for its booth in the Student Union Activities Carnival in October. Entitled "Kiss of Death," the exhibit featured a machine-gunning, an acid-throwing demonstration, and a rather morbid electrocution. The chapter took second place in March in the Greek Week Chariot Race, and collected another trophy.

In scholarship, the Delta actives ranked fourth among all fraternities during the fall semester, but when the pledge grades were figured in, the house ranked ninth. Statistics for the spring semester are not available at this time.

ETA CHAPTER. After taking possession of their fine new chapter house, the hard-working men of Eta chapter tackled the lawn. This new house is the result of many years' planning, and to make it possible, the Eta men did many of the interior finish jobs themselves.

Eta chapter of AKL started off the second semester of the 1960-61 school year by moving into a new house. In order to cut down on the cost of the new home, the men of Eta united to paint the interior and lay the tile on the floors. The semester was almost half over before our new rugs, furniture, lamps, and dining room chairs arrived, making a great improvement in the appearance of the interior of the house.

After spring vacation the pledges, with the occasional help of the actives, tackled the job of putting in a lawn.

We have been very active so-

cially in order to show off our new house. We had several exchanges and a live band at our house dance. This was the first live band Eta had had for an all-campus function in several years. The pledges also held their pledge dance, during which they pulled a successful sneak but this only allowed the actives to enjoy themselves all the more at the dance.

Even with the extra work and increased social activities, the scholarship chairman reports an increase in the house's grades. We are very proud of this achievement.

—LAWSON VAN KUREN

Theta

WASHINGTON

The men of Theta chapter started the past school year by returning to the chapter house in the middle of September in preparation for Work Week which preceded formal rush. During this

week much work was done in fixing up the house, the most noticeable improvement being the new ceiling of acoustical tile placed in the dining room. Several of the rooms were brightened up with

new paint.

Theta started off on the right foot by pledging six fine men: Lowell Park, Walnut Creek, California; Marvin Wiess, Battle Ground, Washington; Jim Egbert, Kiona, Washington; Rex Tolstrup, Tacoma, Washington; Brent Hinze, Carnation, Washington; and Gary Hillman, Seattle, Washington.

The school year was sprinkled with a variety of social functions. Numerous exchanges, firesides, and parties dotted the social calendar. The Snow Party held at Snoqualime Pass was one of the most exciting events. The actual highlight of the social year was put on by the pledge class in January when they presented their annual pledge dance.

This year it was Theta's turn to be host to the joint Founder's Day Banquet for the three Northwest chapters. There was a full schedule of activities for the men of the

three chapters. This included a tour of the University campus, a bowling tournament between the three chapters (which was won by Theta), and a banquet featuring President Eastvold of Pacific Lutheran University in nearby Tacoma as guest speaker. The whole program was concluded with a dance for members of the three chapters and alumni at the chapter house.

Theta made a fine showing in all the intramural sports in which they participated, both record- and sportsmanshipwise. These sports included football, basketball, baseball, tennis, track, and bowling. The bowling team managed to come out in third place in the all-University bowling tournament.

In retrospect it can be said that Theta chapter had a fairly successful year and is looking forward to another one in the 1961-62 school year.

—JIM BRAIN

Iota

KANSAS STATE

The past year was very fast and furious at Iota. Almost every weekend was filled with an activity of some kind. On March 12, Iota initiated fifteen men. This left the pledge class rather short-handed, but due to constant rushing six men were pledged spring semester, giving the pledge class a total of fifteen.

Parents' Day, held on April 23, was a huge success at Iota. A buffet dinner was held with over 100 parents attending. Tables were placed in the living room and the TV room to accommodate the large turnout of parents.

Due largely to the efforts and organization of John McGee and

Bob Worley several enjoyable parties were held spring semester. On the week-end of March 18 a Rush Week-end was held. The highlight of this rush was a Stork Club Party in which the house was decorated like a night club. On April 29, Greek Day at Kansas State, another Rush Week-end was held, being highlighted by the annual "Go to Hell" party. Seventeen rushees attended this Beatnik-type party. Music was furnished by a combo.

Highlight of Iota social life was the spring formal, the Golden Yellow Pemet Rose Ball. The theme for this formal was "A Southern Mansion." Decorations included a

IOTA FORMAL. Highlight of Iota's spring social program was its Golden Yellow Pernet Rose Ball. With the theme, "A Southern Mansion," the decorations included this balcony scene overlooking a garden.

balcony overlooking a garden scene and a fish pool containing two fountains.

We have been working hard to fill the trophy case. We moved up thirteen places on the scholarship list of fraternities at Kansas State. Greek Day we were awarded the I.F.C. Scholarship Improvement Trophy. Founders' Day, May 6, saw us win two more trophies: by having the greatest percentage attending we won the participation

trophy. Due to placings in other events we won the AKL Founders' Day Award presented by the Wichita Alumni Chapter.

Officers elected for the fall semester are Jack Birkinsha, president; Don Wise, vice-president; Bill Urban, pledge trainer; Jon Peterson, treasurer; Barry Dukes, corresponding secretary; Hal Taylor, house manager; and Bob Worley, rush chairman.

—JAMES E. GATHERS

Kappa

PURDUE

This spring semester at Kappa, things have gone well. Through the hard work of our rush chairman, Walt Walters, our fall pledge class numbers 7 men. Therefore, Kappa should have about 33 men in the house next year. This would represent an increase of 6 men over last year.

The social season started off with a pledge costume dance that had a jungle theme. Our next party was held with the Sigma Kappa pledge class with the theme being "The Martins and the Coys." We also held trade dinners with the Sigma Kappas and the ADPis during the month of April.

Our last big social event of the year was our Spring Formal. The theme, "Oasis Sunset," was further accentuated by palm trees in the chapter room, along with a pool. The decorations for the dance were the best the house has seen in a long time. Before the dance, we went to a beautiful park 45 miles west of campus for a picnic. Shish-kabob was served and was more or less a success.

This year, as always, we invited our mothers up for Mother's Day and they took over the upper floors of the house. They enjoyed being in the dorm, but it seems that they got little sleep because they had

several things to discuss. While the mothers were in the dorm, the brothers were downstairs and sacked out on the living room floor. A few of the guys had stiff necks the next day, but it was well worth it as we enjoyed having the mothers and hoped they had a good time also.

The Senior Banquet was held, in honor of our eight graduating seniors, on May 17. Each senior gave a farewell speech; most were well

taken by us undergrads. Joe Stafford was presented the Senior Ideals and Outstanding Activities Awards. Congratulations!

As we look back, we have accomplished much during this year. Scholarship, social, and other activities struck a balance with each other. However, next year presents a new and unique challenge and the men of Kappa will face it with confidence.

—J. MAX ROACH

Mu

OHIO STATE

Spring quarter at Ohio State came in like a lion and went out like a bigger lion. The cold and the drizzle persisted all around Columbus town but Mu was its usual warm and vibrant self. Our hospitable hearth attracted a fine lot of new pledges—ten in number—and a goodly crew are they. Much of the credit goes to Jerry Soderquist who mounted a grand rushing program and led the troops through to a triumph.

Three old heads—Jim Roberts, Chuck Divelbiss and Bob Motznik—took leave of alma mater. Bob is doing graduate study. The crew at National will have to put up with Jim while Chuck handles the Gyrenes.

Dale Niesz and Dave Meyer brought home the scholastic bacon with honors. Niesz was initiated into Tau Beta Pi and Sigma Gamma Epsilon, engineering and science honoraries respectively, and Meyer became Mu's first initiate into Phi Beta Kappa. He was one of eight juniors at the University to receive the coveted invitation. Scholarship in general was up from winter quarter although the relative rank was lower. For the year,

Mu ranked fifteenth out of forty-four houses, more than one-tenth of a point above all-men's average and one-twentieth of a point higher than last year's average.

Social activities for the quarter were complete and varied. A Road Rally and Reception, a Wedding Party, a Scholarship Party, Girls-in-the-house Weekend, May Week Carnival, Frizbowl Booth, and Parent's Day were features. The annual Alumni Picnic and Corporation Meeting were held at Echo Woods Park where the big business of the day was organization of an Alumni chapter and the big announcement concerned the conclusion of liabilities for the house under the old land contract. Chief evidence of house improvement was the wall-to-wall carpeting in the reception hall and main lounge.

In vital statistics the chapter happily noted the engagements of brother Biggs and brother Farquhar—to girls, of course. Brother Kaefer also took the plunge. Brother past president Carlton and spouse announce the arrival of Laurie, a future Sweetheart for sure.

Omicron

Several weeks after the spring semester began, the brothers of Omicron chapter started rushing plans. Several rush functions were held.

Pledging the house were Bert Atwood, Louis Englehorn, Paul Harrison, Elroy Holtman, Craig Lunch, Jerry Moore, Joel Roninson, Tom Roughton, Tom Sanguinetti, Tad Tobbitt, Don Watkins, Wally Bates and Dave Blacher.

In the weeks following rushing, pledges and members were invited

UNIVERSITY OF THE PACIFIC

to a number of teas by the campus living groups.

Pledging was climaxed when the pledges presented their spring dance entitled "Barn Dance." During Help Week the pledges worked at each sorority doing odd jobs.

The climax of the social season was the University's annual Mardi Gras. AKL's booth was entitled "Pitching Pennies."

May 21 included formal initiation into Alpha Kappa Lambda Fraternity.

MILLIKIN

Pi

This summer we are going all out for rush. Besides our three monthly overnight parties, we have been having a get-together for Decatur rushees almost every week-end here at the house. We believe we will bring in a larger pledge class this fall than ever before at Pi chapter.

We had been having a lot of trouble with our lawn ever since we got the house, but this year we really worked on it. We sodded it and then had two men stay at the house during the summer to keep it in tip-top shape.

Our new officers, elected in the spring, are Dave Williams, president; Lynn Coverstone, vice-president; Ron Frystak, recording secretary; John Franklin, corresponding secretary; and Chuck Jones, treasurer.

Our football team has always

been our best intramural team, and it is going to improve tremendously next year. Our other teams will improve too.

Without doubt, the biggest Greek event on campus last year was the AKL First Annual Olympics Day in the spring. The four sororities on campus competed for a lovely traveling trophy in twelve events, such as a Greased Pig Chase, Musical Buckets, Ice Cake Sit, and Hat Grab. The last was an all-week event. All AKL members wore ridiculous-looking hats, and sorority girls tried to capture them—no holds barred. They were tallied and collected each night by the coaches, and the sorority with the most hats won. The Tri-delts won the Olympics this year, and the trophy will stay with them for the next year.

—W. C. JONES

EASTERN ILLINOIS STATE

Rho

The spring quarter of the past year was filled with great excitement with the hopes of breaking ground for a new fifty-two-man house. The climax of our excitement

came July 15 when Lew Bacon and Mr. Vernon Heath, president of the board of trustees, stood by as Dr. Doudna, president of EIU, turned over the first spadeful of sod.

Rho did it again last year as we captured the I.F.C. Scholarship trophy for the third consecutive year.

The men of Rho held their Spring formal at the Paris country club in Paris, Illinois. The highlight of the evening was the announcement of the outstanding pledge of the year and Chapter Sweetheart. Tom Lafferty, sophomore math and chemistry major from Charleston, Illinois, was awarded the Pledge Award and Mignon Strickland, a junior English major from Decatur, Illinois, was presented with a bouquet of roses as AKL Sweetheart of 1961. Miss Strickland, who is affiliated

with Sigma Sigma Sigma social sorority, is engaged to Larry Grabb, a transfer student from Gamma.

Other bright spots of the past quarter came when Terry Fortman was elected president of I.F.C. David Johnson was elected a chairman of the University Union board. Darold Herdes is to preside over the Student Court. Rho was also happy to welcome into our brotherhood the following men: Dick James, Ron Mis, Rich Cadawalader, Larry Voorhees, Dick Volrath, Keith Wise, Chet Balzer, Jack Pine, Donn Hammer, Paul McKown, Richard Keen, Carol Scrogin, Glen Keever.

—DAVID L. JOHNSON

Phi

OREGON STATE

As the end of the year rolls around at Phi, bravely we say that this has been our first successful year. Our membership has been small, but the fellowship has been tops, and there are other things Alpha Kappa Lambda stands for besides membership.

Scholarship, for instance, is increasing more every year. Increasing slowly, but increasing. Socially speaking, we have been restricted to a limited amount of activities this year due to our lack of manpower. However, our an-

nual fall dance was put on quite nicely, as were a number of exchanges and firesides and, also, our annual spring semi-formal dance.

Proudly the men of Phi devoted their time to three work parties—one in the fall at the Lutheran Student Center, one in the winter at Canterbury House, and one in the spring at Tscillicoose Boy Scout camp.

After our summer rush program, you should see many good things happening at Phi next year.

—JIM CHAPPELLE

Psi

IOWA STATE

This past year was a big year for AKL at Iowa State. Our big news event was our becoming Psi chapter of Alpha Kappa Lambda Fraternity on February 11, with 23 activities and 6 pledges. In the morning we ran our charter 40 miles from Des Moines, were initiated by Delta chapter in the afternoon, and had our Activation Banquet for over 100 in the evening.

We were quite active in intramural sports this past year. Fall quarter, AKL ranked 3rd among all men's residences in points per man. Winter quarter, our bowling team and basketball team did extremely well in their respective brackets. In the spring, one of our three canoe teams was finalist in the Veishea Canoe Races.

As far as social events are concerned, we had several exchanges

PSI CANOE RACES. Iowa State University held a Veishea Canoe Race during the spring quarter, and Psi chapter's entry made it to the finals.

with the girls' dorms here at Iowa State and at Drake. We also had a Fireside Party this spring.

During the past year we had several members who were elected to honoraries. Dave Welp was elected to the EE honorary, Dean Peterson to the ME honorary, and Bill Hamilton to the freshman scholastic honorary. Henry Bonnes served as secretary-treasurer of the National Collegiate Poultry Club. Dave Welp, Bert Schafer, and

Phil Crowley held the following respective offices in Newman Club: president, province secretary, and treasurer. Don Ruhde served as treasurer of Westminster Fellowship.

We set up an intensive summer rush program. A goal was set for every member to make contact with at least 10 men during the summer months and invite them in for our formal rush in the fall.

—DARRELL L. NEUMANN

AKL Colony

ARIZONA

The end of the school year is rapidly approaching, leaving the members of our AKL Colony with thoughts of the things we have done together here at the University of Arizona. We recently sent in our petition to National Headquarters, and we hope to receive our charter and become a chapter of AKL on October 1, 1961. During our first year as a colony on campus we feel that we have learned a great deal about fraternity living in facing the trials and tribulations as well as the triumphs which we have encountered as a colony.

Early in spring semester we participated in the annual Varsity Show and won first place in the singles division with our skit, "Re-

flections on Washington." We also took part in the activities and athletic events of Greek Week, which was sponsored by the IFC after Easter vacation. We are proud of the fact that we were second in scholarship out of the 29 fraternities on campus last semester.

We climaxed the school year by having a splash party at a private ranch-style house outside of Tucson. Swimming, badminton, croquet, dancing, and campfire singing were enjoyed by all.

Our new officers for the coming year are Dennis Nordeen, president; Jerry Banta, vice-president; Chuck Pomeroy, secretary; Mike Potter, treasurer; and Bob Rhoton, house manager.

—MICHAEL POTTER

Rushing Help Needed

Alpha Kappa Lambda's continued strength and growth depends on the pledging of outstanding new members. All Alumni of the Fraternity should help in this great annual project.

Do you know friends, neighbors, relatives, or sons or brothers of acquaintances, who will be enrolling in college? Perhaps they deserve to know about AKL. Perhaps AKL should know about them.

*Send Names to the AKL
National Office*

Give name, address, probable school, and other pertinent data on each prospect. Your recommendation is important.
