

THE LOCOS

WISDOM

"We had our difficulties and our problems, and we might conceivably have carried on for a few years and then folded up, as other house-clubs were doing; but somehow we endured. As I think of it now, the permanent motivating force was our religion. Ostensibly, we were just eleven ordinary men on the college campus; but a man is always himself plus his ideal—and we were men with the Christian ideal. It gave us the long range outlook. Consequently, when President Benjamin Ide Wheeler came to be our dinner guest a few months later and suggested to us that we might well think of becoming a national fraternity 'with the mother chapter in Berkeley,' we took the suggestion seriously, and half a dozen years later, Alpha Kappa Lambda was born—purposing to be a national organization, and fired by the Christian ideal."

—Rev. Gail Cleland, one of the Founders of AKA, writing in the Spring, 1957, issue of *The Logos*.

Our Cover

It was a heavy load for an antique car at Omicron chapter, when Alpha Kappa Lambda members climbed aboard. The University of the Pacific students posed for this picture, then helped push.

Zeta Chapter Again Active

Twenty-two Actives Accept Zeta Charter, Reestablish Chapter on U. of M. Campus

Since the de-activation of Zeta chapter at the University of Michigan in 1941 (during World War II), Zeta alums have hoped that some day Zeta would be re-established and once again the proud name of Alpha Kappa Lambda would appear on the Michigan campus. That hope was fulfilled on February 17, 1962, after three years of hard work on the part of the active colony and many Zeta alums.

Plans for the big weekend began as soon as the IFC granted its official recognition. Finally the time we had all been waiting for arrived. The welcomed arrival of Lew Bacon and Sandy Farquhar served to spur the brothers toward their pledge manuals, re-learning what they had once learned for past-hopeful weekends and many

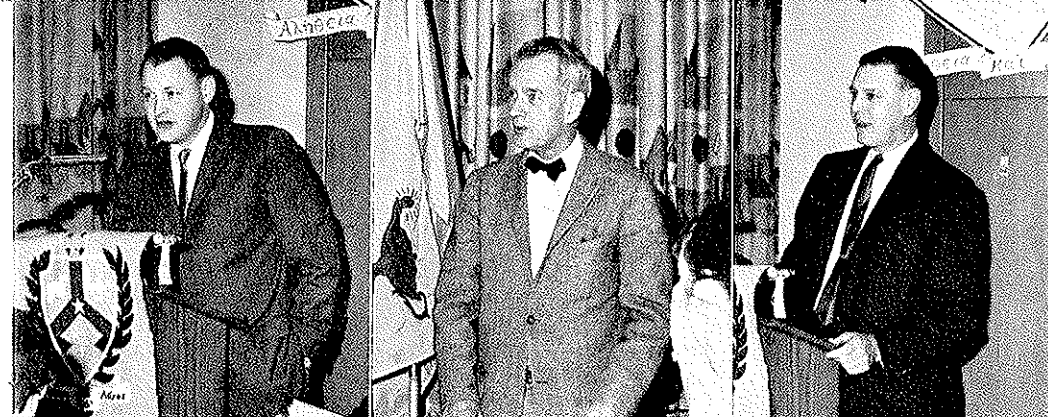

pledge masters. The Ohio State brothers from Mu arrived and immediately proceeded to claim their active rights by administering pledge tests.

Saturday morning everyone arose at the crack of dawn and had a formal breakfast after which the Mu men went to the Michigan Union where the installation ceremonies were to be held. The ceremony proved to be everything we expected and much more. At one time Ted Burroughs had said "everything will suddenly become clear and make sense after the activation." And it did. The 22 of us walked in individuals but walked out brothers with a real sense of pride in our accomplishment. Yes, we had all worked hard and re-established Zeta chapter, and we all felt good. But more than that, we had gained a real sense of unity, of brotherhood.

Following the ceremony, lunch was served at the house and the afternoon was spent entertaining our many guests and doing the many last minute projects which always seemed to crop up. At 5:30 the brothers, their parents, dates and guests, several alums and their wives, began arriving at the Michigan Union where the installation banquet was to be held. Among the guests was Mrs. Lewis Reimann, whose late husband was a Zeta Honorary and a past National President of AKA.

ALUMNI. Zeta alumni are on exhibit again, as the "old" house group pictures are placed in the library.

THE LOGOS

SPEAKERS. Among the many participants in the Zeta installation were, left to right: Dr. Thomas Moore, Illinois '51, who served as colony adviser for two years. Dr. Dow Baxter, Michigan Honorary, who is one of the popular U. of M. professors. James H. Spencer, Michigan '31, who was national president of Alpha Kappa Lambda, 1933-36.

After dinner we heard a few words from some of our honored guests, Tom Moore (Gamma), our faculty advisor during our colony status; Jim Spencer (Zeta), also a past National President of AKA; Walter (Bud) Rea, Dean of Men; Lou Rice, Assistant to the Dean in charge of fraternities; Michael Landwirth, Executive Vice President of the IFC; Dr. Dow Baxter (Zeta Honorary) of the University; and, of course, Lew Bacon, our National Executive Secretary. An old movie (the silent type), made by Dow Baxter "way back when," was shown and brought down the house with its scenes of AKA's on the Michigan campus in the roaring 20's.

The main address of the evening was given by Ted Burroughs, National President, and I don't think anyone will forget Ted's ringing words. "... AKA has gotta fly, brothers!" We thought we had "made-it" but Ted pointed out that this was only the beginning, that Zeta has only begun to build.

With the presentation of the charter, we realized more than ever before the huge responsibility we had undertaken.

The big day has come and gone and Zeta is once again an active chapter of Alpha Kappa Lambda. This chapter of our fraternity IS gonna fly, brothers, really fly! It has to. That's what the man said.

—Robert J. Savery '63

CHARTER. National AKA President Ted Burroughs presents the original Zeta charter to Jack Owens, chapter president as the culmination of an eventful week-end.

FALL, 1962

Alpha Gamma Chapter Installed

Thirty-year Old Local Accepts Charter At Wisconsin State College, La Crosse

Saturday, May 5, was a day that will long be remembered by the members of the local fraternity known as Phi Kappa Epsilon, at the campus of Wisconsin State College, La Crosse. On this day in the year 1962 our local became the Alpha Gamma chapter of Alpha Kappa Lambda Fraternity.

Prior to this memorable date Phi Kappa Epsilon had for thirty years been a local fraternity at La Crosse State College. Our local started with ten charter members, one of whom, Arthur McBain, has now been elected as our Board of Directors president. During the war, all but three of four members of the Kappa's left campus, and it was not until 1945 that the organization started up again under the leadership of Mr. McBain.

Phi Kappa Epsilon continued to improve and grow until the present. The average membership during this growing up period was about forty members. The Kappa's motto was "Fraternity and Progress" which seems to be very fit-

ting with regard to their wise choice of a national organization with whom they have now affiliated.

The events that led up to the big day were filled with surprises and enjoyment. We have Lewis Bacon, AKA National Executive Secretary, to thank for this because of his unceasing work, patience, and cooperation. The first event was the written test that was taken, and successfully passed on the first try, by all of the brothers who studied very faithfully in advance. The test was completed by 8:00 p.m. Friday evening, and we all adjourned to Grand Dad's Bluff, La Crosse's top tourist attraction, where a party was held in Mr. Bacon's honor.

Even this party did not culminate the day, however, as nine members of the Rho chapter from Eastern Illinois State University, Charleston, Illinois, arrived later that evening. Their purpose was that of initiating us into the brotherhood. The men of Rho were

Speakers' Table, Alpha Gamma Banquet

provided with accommodations, and everyone turned in to await the much-looked-forward-to initiation.

We were initiated in three groups, starting with the first at 12:30 p.m. and finishing at 4:00 p.m. After everyone had been congratulated, we met in the Student Union to discuss fraternity life with our brothers of Rho.

At 5:00 p.m. Mr. Bacon, and E. T. Burroughs, AKA National President, met with the Board of Directors and elections were held with the following results: Arthur McBain, president; James Jeske-witz, vice-president; Wesley Fechner, secretary; and William Parks, treasurer.

At this time Mr. Bacon explained the purpose and duties of the Board of Directors, and also gave us some helpful information with regard to problems that may arise in our quest for a house.

That evening at 7:00 p.m. we began our Initiation Banquet in the Student Union. Rexford Mitchell, the President of La Crosse State College, spoke to the newly initiated group and expressed his best wishes and heartiest congratulations. He was followed by R. J. Gunning, Dean of Men, who spoke to us of the things that are neces-

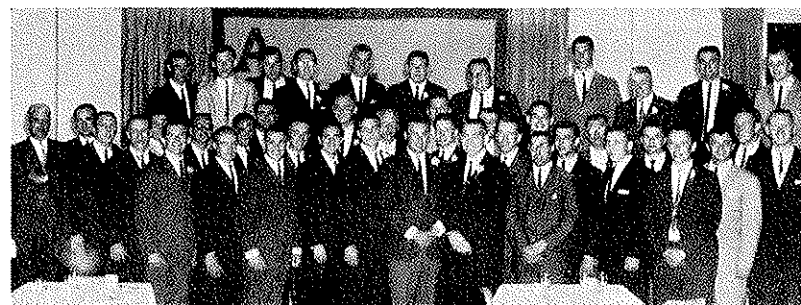

sary if a fraternity is to function successfully. Mr. Gunning spoke highly of all of the members and was sure we would be an asset to the national fraternity.

After a few selections by our AKA Trio, we had the honor of hearing Ted Burroughs speak to us about Alpha Kappa Lambda and the benefits that we can expect to receive if we strive to obtain and practice the principles that make for successful fraternity life. Mr. Burroughs compared a fraternity to a large business that can only be successful if it follows the correct procedures. Next, he called for all 41 of the newly initiated brothers to come to the front of the speakers' table, at which time our charter was presented to us. At last, we had obtained our goal as full-fledged members of Alpha Kappa Lambda Fraternity.

Following the banquet, another party was held, this time to honor the men of Rho chapter. Dates were provided for all of the men and they returned our kindness by teaching us the correct way to sing the AKA songs.

We were all very sad to see our big week-end come to a close, but

Alpha Gamma Chapter

Kind Words Are Appreciated

The officers and others closely associated with the recent strides made by Alpha Kappa Lambda appreciate the kind words of encouragement received from AKA alumni and friends, and with pardonable pride we want to share them with other members of the fraternity:

"... from a humble three-chapter fraternity to twenty-three chapters and four colonies is something to boast about. I salute the work of the officers and men working for the good of the cause."

—HOWDY ENGELBRECHT, Illinois '24
Oregon, Illinois

"I think it is wonderful that AKA is 'on the move.' This means a great deal to all of the alumni, as it does to all of the present undergraduates. All who are associated with the program are to be congratulated on their successful efforts."

—CHAS. A. GUSTAFSON, Michigan '28
Carmel, Indiana

"The last *Logos* was a dandy! I always enjoy the format, the fine articles and the news about Alums and Collegiate chapters. . . ."

—JAMES L. McDONALD, Illinois '51
Champaign, Illinois

"The Spring *Logos* has arrived, and I note our expansion program with sheer amazement! Heartiest congratulations on 23 chapters and 3 colonies. I don't believe we had more than eight or nine chapters when I graduated from Alpha in 1932. . . ."

—FRED STRIPP, California '32
Berkeley, California

"If the other past national presidents are as happy as I am to see AKA on the march, they are radiant. For decades we seemed to be on dead center. Neither actives nor alumni want that. AKA has so much to offer college men, campuses, and traditions, it should grow like the flowers in Florida."

—HOWARD T. BEAVER, Wisconsin '13
Lantana, Florida

"Congratulations on an outstanding issue, in the Spring, 1962 *Logos* Magazine! The articles sparked with the enthusiasm that has been generated by the recent healthy growth of AKA. The pictures were outstanding."

—LARRY BRADLEY, California '40
Los Angeles, California

"AKA expansion news is most gratifying. There can be no arguments against fraternities such as AKA. . . ."

—HERBERT E. DIX, Illinois '22
Berkeley Springs, West Virginia

Proposed AKA House, New Mexico State University

New House Construction Progresses

In line with the theme "AKA is on the move," two collegiate chapters are now looking forward to completion of new fraternity houses.

Construction started in July on the new house for Rho chapter at Eastern Illinois State University, Charleston, Illinois. The house is being built by Pessin & Associates, Inc., of Milwaukee, Wisconsin, on a lease and purchase option basis.

Alpha Alpha chapter at New Mexico State University will also soon have a new chapter house, constructed by Thrifty Builders, Inc., also of Milwaukee, Wisconsin. The school's Board of Regents handled all arrangements and is developing a new "fraternity row" which will include six chapter houses.

National Alpha Kappa Lambda played a key role in both projects. In both instances, the initial contacts were made by Lewis Bacon. He supervised all details of negotiations in the Rho project, and through his efforts interested the New Mexico officials in undertaking the fraternity row project.

Richard R. LaGue, Purdue '61, was married on June 10, 1962, to Cynthia Pierce. They are at home

Alpha Gamma Chapter Installed

(Continued from Page 5)

we were happy to be members of Alpha Gamma chapter, the newest chapter of Alpha Kappa Lambda Fraternity.

Wisconsin State College, La Crosse, was founded in 1909 after many years of effort by residents of La Crosse, a town located on the Mississippi River, about 25 miles north of the intersection of the state lines of Wisconsin, Minnesota, and Iowa.

The first legislative bill to finance the school was introduced in 1893 and defeated. Effort continued, and in 1905, the Wisconsin Board of Regents was ordered to establish a teachers college at La Crosse. State and local money was used to acquire two city blocks for the campus. A large classroom building was erected, and school opened to 176 students in September, 1909. Since then many additional buildings have been erected, and the current enrollment is over 2000 students.

at 1310 South "B," Richmond, Indiana.

Alpha Delta Joins The Ranks

Fort Hays Kansas State College Group Is Fraternity's 25th Active Chapter

On May 13, 1962, Alpha Delta chapter of Alpha Kappa Lambda fraternity became a reality. On that day, installation ceremonies were held for the AKA colony at Fort Hays Kansas State College.

The big week-end began on Saturday, May 12, with a charter run from Salina, Kansas, to Hays, Kansas, a distance of 100 miles. The run was via tandem bicycle and took seven and one-half hours, an average of nearly 14 miles per hour. Upon arriving at the city limits of Hays, the charter runners were granted a police escort through town. At the chapter house, the men helped unveil the new AKA sign.

The new Alpha Delta chapter boasts a membership of nearly 60 and has a long history as a local fraternity on the campus of Fort

Hays Kansas State College, dating back to 1928. The group became an AKA colony during the 1961-62 school year, and met all requirements for installation as Alpha Delta chapter prior to the May 12-13 week-end.

After the charter run, the men enjoyed a delicious buffet with the brothers of Upsilon chapter, from Colorado State University, Greeley, and then a pledge test was given to all members of the colony group. Later in the evening, the activities were culminated with a fine party.

Early the next morning, Sunday, May 13, initiation ceremonies were conducted by Iota chapter members, who had made the trip to Hays from Kansas State College, Manhattan. Thirty-five men were initiated.

Following church service, all

Alpha Delta Chapter

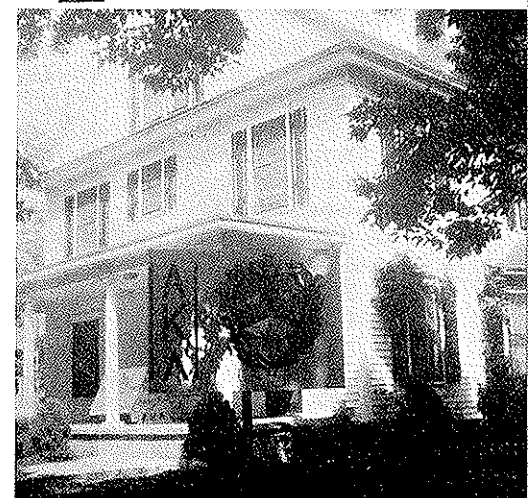

AKA brothers, friends and guests met at the Memorial Union of Fort Hays Kansas State College for a banquet. Dr. Ted F. Andrews, past national president of Alpha Kappa Lambda Fraternity, spoke to the group on fraternity ideals, and then presented the charter of Alpha Delta chapter, which was accepted by Verlyn Leiker, chapter president. A reception at the chapter house followed.

The new AKA chapter had its origin in a local group established on the Fort Hays State campus on March 7, 1928, under the name Kappa Beta Tau. Eight years later, on May 3, 1936, the group joined an infant national and became known as Beta chapter of Phi Delta Chi. Though forced to become inactive during the war, Phi Delta Chi returned to active status in the spring of 1946. On October 14, 1946, the group once again made a new affiliation, this time becoming Phi Delta chapter of Kappa Sigma Kappa. During the past school year, the group left Kappa Sigma Kappa and sought affiliation with AKA.

The chapter house at 317 West 7th Street, Hays, Kansas, was acquired in January, 1948. The house has undergone remodeling several times in order to better adapt it to the activities of the fraternity, and it is the most adequate of any Greek-owned house. All indebtedness on the house was retired in 1956.

Hall Seeks Bequests For Fraternity Funds

"Make a bequest to the fraternity," is the theme being advanced by Lloyd G. Hall, California '14, in his current travels for Alpha Kappa Lambda. A veteran worker for the fraternity, Lloyd made a cross-country trip in June and visited AKA alumni in numerous cities and towns. He plans other trips.

From his travels, he is convinced that many alumni are willing to make bequests to the fraternity, in amounts ranging from \$100 up. He suggests that in most cases a bequest of \$100, or even \$500, will not deplete the testator's estate, nor work a hardship on others whom the testator may want to benefit. Yet if one AKA out of every five will leave the fraternity just \$100, there will be a potential expectancy of \$80,000.

"How else," asks Brother Hall, "can our fraternity acquire the kind of endowment or foundation which is necessary for real stability?"

An AKA alumnus should consult his own lawyer for proper wording, but a bequest should state: "I give and bequeath the sum of \$_____ in cash to my college fraternity, National Alpha Kappa Lambda Fraternity, an Illinois corporation." Or if preferred, the bequest can be made to "The Logos Foundation, of National Alpha Kappa Lambda Fraternity."

Brother Hall is an indefatigable worker for the fraternity. He has served as National Vice-President and Chaplain on two occasions. He was largely responsible for formation in the early 1930's of the

National Endowment Fund which supports *The Logos* magazine, and was instrumental in organizing The Logos Foundation which works in AKA expansion.

Alpha Delta Joins The Ranks

(Continued from Page 9)

Faculty advisors for the chapter include Dr. Robert P. Marple, professor of geography, and John Tomlinson, political science instructor.

The chapter has won the semester scholarship trophy more times than any other fraternity on the campus, and is generally ranked as one of the strongest of the six fraternities at Fort Hays State.

Located immediately southwest of the city limits of Hays, the campus and agriculture experimental land consist of 4160 acres, of which 80 acres are utilized for school buildings. Fort Hays Kansas State College is a state, tax-supported, liberal and applied arts college.

Fort Hays was a famous military post in the Indian wars of the westward expansion of the United States. When the military reservation land was abandoned in 1889, the farsighted residents of the area proposed to Congress that the land be used for educational purposes. In 1900 the federal government enacted legislation granting the land to the State of Kansas for three purposes: a state college, an agricultural experiment station, and a state park.

The college now serves the needs of Western Kansas, and has an enrollment of over 3000 students. More than 800 courses are offered. Originally a normal or teachers college, the present name was adopted in 1931.

Lenz Writes About Visit With Founders

Frank Lenz, California '14, one of AKA's more active boosters, spent the winter of 1961-62 visiting in California. Now retired and living in New York, where for 33 years he did fund raising for the International YMCA, Brother Frank furnished *The Logos* with this brief report of his visits:

"My wife and I have spent the winter in California, my native state. We were in the Southern part about half the time, but a long stay in Berkeley gave me time to visit the AKA house on Hearst Ave. and speak at luncheon. I liked the appearance of the boys who are now members.

"While in Riverside, Lloyd Hall (California '14) and I had a luncheon meeting with two of the founding fathers, Charles Booth, and Oscar Perrine, whom I had heard about from 1912 but whom I had never met. Charles was principal of the Chaffee Union High School during his entire active career, and Oscar was a successful commercial photographer and a native of Riverside. I enclose a snapshot of them, but it was raining at the time, hence the poor

Founders of Los Amigos Club, Charles Booth (left) and Oscar Perrine.

quality of the picture. They are both admirable men, and I can see why Los Amigos prospered from the very beginning. Both are living a slower pace now in retirement.

"I also met Gail Cleland, another of the Founders, when in Berkeley. He and I have been friends and brothers since 1912, and I found that he has changed scarcely a bit since then."

(Editor's Note: Oscar Perrine died on May 18, 1962, several weeks after the above letter was written.)

Epsilon Alumni Give \$1000 To Foundation

Alumni members of Epsilon chapter recently contributed over \$1,000 to The Logos Foundation.

Epsilon chapter was located at the University of Wisconsin, where it was established in 1923 and continued in existence until 1942, when World War II brought its suspension. During the several years of the inactivity of Epsilon, the alumni group held the money in the hope that at some future date a new chapter would be activated at Wisconsin.

After deliberating for many months, the alumni group concluded that because of restrictions made by the Dean's office at the University, the probability of re-establishing Epsilon chapter is remote and that the money could be best used by adding it to the funds of The Logos Foundation. Accordingly, over \$1,000 was paid to the Foundation.

The details of the transfer were handled by Russell J. Dymond, Wisconsin '32, just prior to his unexpected death on April 2.

The Logos Foundation Announces SCHOLARSHIPS

Eastern New Mexico University

Roger Rinn

Roger C. Rinn, a member of Alpha Alpha chapter of AKA at New Mexico State University, is the winner of the scholarship to Eastern New Mexico University, Portales, awarded by The Logos Foundation for study during the 1962-63 school year. A resident of Clovis, New Mexico, Roger has served his chapter as corresponding secretary and as chapter editor. He will make the transfer to ENMU, a school of nearly 2000 students, to help form a colony of Alpha Kappa Lambda.

Long Island University

Ralph DiSibio

Ralph Robert DiSibio, of Upsilon chapter at Colorado State College, will enroll at Long Island University in Brooklyn, N. Y., for the 1962-63 school year, with the aid of a scholarship grant from The Logos Foundation. Ralph's home is at Camden, New Jersey. As a student at Colorado State College, he served his chapter as social chairman, corresponding secretary, and president. Long Island University has over 8000 students, and Ralph will give some time and attention to the formation of an AKA colony group.

Wisconsin State College, Eau Claire

Charles Tabler

Charles M. Tabler, a junior at Kansas State Teachers College, Emporia, is recipient of The Logos Foundation scholarship for study at Wisconsin State College at Eau Claire, Wisconsin. Nineteen years of age, Charles is from Larned, Kansas, and has been corresponding secretary and editor for Lambda chapter. He also played varsity basketball. The Eau Claire campus has a student enrollment of nearly 1800 students and is a prospective site for a new AKA chapter.

Wisconsin State College, Oshkosh

Rich Lindburg

Rich Lindburg, a native of Mackay, Idaho, and a sophomore at Washington State University, Pullman, has been awarded a scholarship to Wisconsin State College at Oshkosh, Wisconsin, by The Logos Foundation. The Oshkosh campus, founded in 1871, has an enrollment of nearly 2500 students, and has been approved for AKA colonization work. Rick is a member of Eta chapter and has served as rush chairman and as an IFC member.

Oscar Perrine Is Dead, Was Los Amigos Founder

Death came on May 18 to Charles Oscar Perrine, California '10, who was one of the founders of the Los Amigos Club. He had suffered a stroke on May 2 at Riverside, California, where he made his home.

The Los Amigos Club was founded in 1907 at the University of California, by eleven students who had made the Christian commitment and desired to band together in fellowship. The first house was at 2232 Barrow Street, now part of the University of California campus. The group later became Alpha chapter of Alpha Kappa Lambda, and these 11 men are honored as the founders of AKA.

Oscar Perrine was one of the men first selecting this new venture in living. He is described by Rev. Gail Cleland, another of the founders, as "a tall silent man, who proved to be remarkably wise and well balanced." During his active life, he was a successful commercial photographer. His wife,

Alice Perrine, survives, at the home address, 1749 Orange Street, Riverside, California.

The death of Oscar Perrine thins the ranks of AKA founders. Of the eleven, the following survive: Rev. Gail Cleland, Harry L. Osborn, Charles J. Booth, and Joseph L. Taylor.

21st Conclave Held At Minnesota Resort

The 21st National Conclave of Alpha Kappa Lambda Fraternity was held August 31 - September 3 at Breezy Point Lodge, near Brainerd, Minnesota. Over 150 delegates, alumni, and visitors were in attendance during the four-day sessions.

Many important decisions for the fraternity were made at the Conclave, which has just concluded as this issue of *The Logos* goes to press.

Twenty-five active chapters were represented, which made it the largest convention in the history of AKA. A full report will be carried in a later issue of *The Logos*.

Much is heard these days about the future of fraternities, partly due to the attitude of magazines and newspapers that criticism creates more reader interest than positive actions. Despite the criticism, fraternities have continued to grow. Never before has Alpha Kappa Lambda recorded a more productive and successful year. Because fraternities are needed more now than ever before, the system will continue to gain.

The weakest link in the fraternity system is a campus organization known as the Interfraternity Council or the "IFC." It seems strange that an organization designed to aid the system and one that is made up exclusively of fraternity members should actually be detrimental to its own purpose.

Mostly because of their lack of long-range or broad observations of cause and effect, the ever-changing local undergraduate IFC officers are constantly floundering amid red-tape regulations which are reducing the number of prospective new members. They have simply made it too difficult for a student to pledge. Anxious for the distinction that may come by seeming to be doing something, each new slate of officers is anxious to find opportunities for change or adoption of new regulations. Under these circumstances new restrictions are easily adopted. Through the years, local IFC's have adopted rules that regulate or restrict chapter operations in pledge training, scholarship, number of pledges, and term of pledging.

Several years ago, the IFC at U. C. L. A., tired of stumbling

over its own rules and lengthy by-laws, declared complete open rush without restrictions. After two years . . . an apparent trend is being established.

Fall, 1959 (Restrictions)

Number of men rushing 597
Number of men pledged 381
% of men pledged 63.4%

Fall, 1960 (Open)

Number of men rushing 549
Number of men pledged 478
% of men pledged 87%

Fall, 1961 (Open)

Number of men rushing 544
Number of men pledged 503
% of men pledged 92%

The College Fraternity Secretaries Association meeting in Miami Beach in July discussed this problem and set up a committee to study the feasibility of publishing a standardized most-likely-to-succeed rush program. This should help tremendously; however each member NIC fraternity should study new methods of educating IFC representatives to the danger of self-imposed restrictions . . . the greatest danger the fraternity system has today!

Colonel Ralph W. Bunn, Kansas '30, writes from Vientiane, Laos, that he is part of an army team studying the communist threat to Laos and evaluating the problems that the U. S. and Laos must solve to maintain freedom in Indo-China.

Marlyn L. Brack, Kansas State '58, is now employed in the claims department of Travelers Insurance Company, Colorado Derby Building, Wichita, Kansas.

AKA Leadership Training

by KEITH A. MCKNIGHT

Mu chapter at Ohio State University played host to Tau and Chi chapters, in the Northeast Regional Leadership Training Conference held April 7. Zeta chapter of Michigan, also to participate, was unable to attend.

Richard Farquhar, Mu chapter's National Chapter Representative, gave the keynote speech which preceded a day of meetings and discussions on chapter problems and new ideas.

In the afternoon the Tri-chapter representatives assembled in four discussion groups including: "Effective Rush Programs," "Profitable Pledge Training," "Methods of Efficient Administration and Creative Leadership," and "What should the fraternity offer the college student in its over-all program?"

The results of these discussion groups were compiled by the group leaders and presented in a speech given by Tau chapter President Bill Krum at the conference banquet held that evening.

"As you leave a post," said Krum, "leave it a little better than you've found it."

"Activity must promote interest and interest must promote the

During the spring semester, regional leadership training conferences for AKA collegiate chapter leaders were held at Washington State University, at Purdue University and at Ohio State University. Planned and staged with assistance from the National office, these conferences covered such varied topics as rushing, housing, pledge training, chapter administration, scholarship, public relations, and social programming.

The conferences were well attended and enthusiastically received. The accompanying article reports on the sessions held at Columbus, Ohio, in the house of Mu chapter, Ohio State University.

activity," Krum said. "The pledges must feel an obligation to the fraternity."

"Fraternities exist for the members. There must be an increased emphasis on scholarship and a decrease of emphasis on social."

Other conclusions reached by the discussion groups were:

"Personal contact method in rush procedure is the best method by far. Summer rush is not profitable.

"In pledge training there is a need for closer unity among the actives. The actives must take a more personal interest in the pledges. The pledges must feel a part of the Greek system.

"Individual members should get experience in offices as soon as possible. Public relations is a must. There should be enumerated fundamentals of an administration.

"The fraternity must serve as an example for college students. Fraternities exist for the benefit of the individual and the benefit of the campus."

(Continued on Page 17)

Sandy Farquhar and others discuss chapter leadership.

Death Takes Reimann, AKA President, 1925-7

Death came on August 20, 1961, to Lewis C. Reimann, fourth National President of Alpha Kappa Lambda. A longtime resident of Ann Arbor, Michigan, he was 70 years of age and had suffered from a prolonged illness.

Lewis C. Reimann

Well known for his work with youth groups, Reimann was author of several books on the Michigan North Country, including "Incredible Seney," "When Pine Was King," "Game Warden and the Poachers," and "Between the Iron and the Pine." He was considered an authority on the lumbering era in Michigan's Upper Peninsula.

Reimann entered the University of Michigan following his graduation from Iron River High School. At Michigan, he was a member of the 1914-15 football team and also was Big Ten Wrestling Champion. He received his degree in 1915.

Interested in the out-of-doors, Lewis became an expert on camp operations. He was founder of the University of Michigan Fresh Air Camp for underprivileged children and served as director for a time. For many years he was director of various YMCA camps, and was general secretary of the Ann Arbor YMCA. In 1927 he founded Camp Charlevoix and managed it until 1948. He became a national camp consultant for 150 camps, and for the American Camping Association

founded the National Boys and Girls Camp Week.

An honorary member of Zeta chapter of AKA, Lewis attended the 5th National Conclave, opening in Chicago on December 28, 1925. The Conclave sessions were presided over by Lloyd G. Hall, California '14, who was then National Vice-President, and lasted three days. Reimann was elected fourth National President of Alpha Kappa Lambda, succeeding Howard T. Beaver.

Reimann served as National President for two years, during which time Eta chapter was installed. Over a long period of years he maintained an active interest in the fraternity and was helping as he was able with the reactivation of Zeta chapter at the University of Michigan.

During his active years, he had also helped in many other organizations, serving as president of the Ann Arbor Community Chest, the Ann Arbor-Washtenaw Council of Churches, and the Ann Arbor Kiwanis Club.

His survivors include his wife, Pearle, a daughter, and three grandchildren.

Wilson M. Ranck, Michigan '31, is very active in lay activities of the Methodist Church in the Grand Rapids, Michigan, area. A district lay leader, he helped organize the newest Methodist Church in Grand Rapids. He is also on the board of directors, United Community Service of Grand Rapids and Kent County. Ranck is communications coordinator for American Seating Company, Grand Rapids. His address is 5631 West River Drive N. E., Comstock Park, Michigan.

Tye, Farquhar Join National AKA Staff

Two men have recently joined the AKA staff to serve as National Field Representatives, E. T. Burroughs, National President of Alpha Kappa Lambda, announced at the 21st National Conclave, held at Breezy Point, Minnesota.

Gary W. Tye, Washington State '62, and Richard Farquhar, Ohio State '62, began work in July. They participated in the Conclave at Breezy Point, Minnesota.

Gary Tye

Gary Tye completed his work at Washington State University in June, with a social science major. He was an active member of Eta chapter, serving as rush chairman, social chairman, and as president during 1960-61, the year in which Eta completed its new chapter house. Other campus activities included IFC, Intercollegiate Knights, and Pi Sigma Alpha political science fraternity.

Richard Farquhar

"Sandy" Farquhar received his degree in June from Ohio State University, where he took a pre-law course. His membership is with Mu chapter, where he filled many positions, including that of chapter president during the 1960-61 school year. He

attended the 20th National Conclave held at Estes Park in 1960.

Both new staff members were National Chapter Representatives during the 1961-62 school year, Gary handling the Washington-Oregon area, and Sandy the Ohio, Michigan and Pennsylvania area. Initially, Gary will be working with chapters, and Sandy will be working expansion prospects.

AKL Leadership Training

(Continued from Page 15)

Dr. A. E. Havens, agricultural economics and rural sociology instructor at OSU, and Past Dean of Fraternity Affairs, guest speaker at the evening banquet, told the AKA men that there is a need for change in the programs of fraternities.

"We are either going to change the programs of the fraternities or we aren't going to have any fraternities," Havens said.

According to Havens, there needs to be an increased emphasis placed on education. He said this should be placed in the fraternity program.

"We have all heard the critics say that fraternities are going to be dead in the matter of ten years. I don't believe this," Havens said, "but they are going to have to make a lot of changes in those ten years."

"We must be cognizant of these changes that are taking place. We can no longer look in our rear view mirrors. . . . Our eyes must be focused on the road ahead, we must be willing to change."

Chapter representatives said the conferences results would be of great help in solving chapter problems. They said such conferences should be held "at least once a year."

Carl C. Geiersbach, Michigan '28, is a product engineer at Dunham-Bush, Inc., Brunner Division, located in West Hartford, Conn. His home address is 53 Shadow Lane, West Hartford 10.

Francis O. Kanehl, Kansas '25, retired in 1961 and took a trip with his wife to the South Pacific. They visited the Fiji Islands, New Zealand, Australia, Indonesia, Thailand, Philippines, Hong Kong, and Japan. The Kanehl's permanent residence is at Rittman, Ohio, where Francis received the Rittman Man of the Year award for 1960.

Richard H. Thurston, Central Missouri State '61, is now enrolled in San Francisco Theological Seminary in San Anselmo, California. His address is 125 Mariposa Ave., Apt. 301, San Anselmo.

Charles W. Lindahl, Kansas State Teachers '58, received his master's degree in guidance and counseling in August, 1961, from KST. He is currently assistant director of admissions at Kansas State Teachers, Emporia.

James R. Hettick, Illinois '60, is currently stationed at Subic Bay, Luzon, Republic of the Philippines, with the U. S. Navy. He is attached to the public works center with the Navy Civil Engineer Corps. His address is Box 6, Navy #3002, FPO San Francisco, California.

Gustav H. Bliesner, Washington State '33, is now a senior facilities engineer "B" with Boeing's Aerospace division. His address is 8056 S. 113th St., Seattle 88, Washington.

Wylie Bloodgood, Illinois '20, retired from Kraft Foods engineering department last September. He is now with an architectural firm in Joliet, Illinois, working on school plans. His address is 418 Benton St., Aurora, Illinois.

C. Leroy Walton, California '12, and his wife, Mary, observed their golden wedding anniversary in Fresno in May. They were married in Berkeley the day after Walton graduated from the university. After 31 years of teaching, Walton retired and went to work for the U.S. Bureau of Reclamation. When retired by the Bureau last November, he returned to educational work as an administrative assistant to the Fresno County Superintendent of Schools. The Waltons have five children and 15 grandchildren. Their address is 2917 Harvard Ave., Fresno.

Arthur E. Breisky, Stanford '53, is presently working as a foreign affairs officer in the State Department's executive secretariat. Wife Marlene, and Douglas and Debrah, are being re-Americanized in suburban Alexandria, Virginia, prior to another overseas assignment.

John J. Davis, Kansas '32, is personnel director of the U.S. Weather Bureau. The family live at 1209 N. Jefferson St., Arlington, Virginia.

John W. Hubbard, Washington '59, is a middler at San Francisco Theological Seminary where he is studying for the Presbyterian ministry. He and his wife, Cheron Lyn, live at 25 Richmond Road, San Anselmo, California.

Les Janett, Wisconsin '35, vice-president of Jo Ross Engineering Division of Midland-Ross Corporation, spent a month in Europe this spring. In the interest of the company's air process systems business in the rubber and paper industries, he visited Italy, France, Switzerland and England. His address is 703 Glendale Lane, Mt. Prospect, Illinois.

Marion N. Hawk, Kansas '59, is the father of Jan Noel, born January 10, 1962. He is with Cosmodyne Corporation, Los Angeles, as a project engineer. The Hawks live at 5513 Laurette St., Torrance, California.

Ernest W. Merrow, Univ. of the Pacific '59, is also a graduate of the San Joaquin General Hospital School of Nursing, Stockton, California. He is now with the 78th Hospital USAF, Hamilton, California, as a 2/Lt.

Richard C. Haines, Kansas '59, is taking graduate studies at Columbia University, NYC, working toward a MA in accounting and business administration. His brother, **Raymond**, Delta active, married June Weston of Topeka and Yates Center last spring.

Gary Baughn, Washington '60, works for the Pacific National Bank in Seattle.

Robert Lohrman, Northeast Missouri State '62, will be doing graduate work at the University of Wisconsin in 1962-63. He holds a fellowship from the university.

Robert L. Davis, Kansas '50, and his wife, Marian, are parents of a son, Carl Bennett, born on May 9, 1962. Other children are Martha, age 5, and Alison, age 2. Bob practices law in Wichita, Kansas, and serves AKA as National Editor.

Wiley Is Consultant

T. T. "Teke" Wiley, Illinois '30, after 30 years of government service in traffic engineering, has established a private office as a consulting traffic engineer. The office address is 149 Broadway, New York 6, N. Y.

Wiley's years of traffic work began in 1931 with seven years with the Illinois Division of Highways. In 1938 he moved to Detroit where he served ten years as traffic control engineer and assistant city traffic engineer. From 1949 to 1961 he was with the City of New York, the last 10 as Commissioner of Traffic.

In his new business, Teke is serving a limited number of government, engineering, and business enterprises, providing consulting engineering services on all aspects of transportation, traffic management, parking, traffic safety, and related activities.

During his years with New York City, there were steady increases in traffic volume amounting to about 40%, yet during 1961 fewer pedestrians were killed in traffic in New York City than in any of the preceding 50 years.

Stewart Dadmun, Stanford '55, is now serving one year as chief resident, University of Illinois Medical Division, Cook County Hospital, Chicago. He is also an instructor in medicine at the University of Illinois School of Medicine. In the future he will be spending two years in the Navy on the "Berry Plan" and eventually will set up medical practice in San Diego, California. His Chicago address is 1239 W. 18th St., Chicago 8.

Paddock Is Honored

Robert H. Paddock, Wisconsin '26, has been with the U. S. Bureau of Public Roads since 1935, and recently received one of the highest awards given by the Department of Commerce, the Silver Medal for Meritorious Service.

Paddock's citation for outstanding contributions to the highway program since 1935 took particular note of his service since the inception of the giant Interstate program in 1956. He is Wisconsin Division Engineer and is responsible for the administration of the huge Federal aid program for road building in Wisconsin.

A graduate of the University of Wisconsin, he holds bachelor's and master's degrees in civil engineering and has had graduate training in government administration. He is a registered professional engineer and a member of the Wisconsin Society of Professional Engineers. He is a retired Colonel in the Army Reserve.

Maurice E. Myers, Northeast Missouri State '53, is a junior medical student at Marquette, married, and has six children. He reports the national record is seven. His address is 5735 N. 64th St., Milwaukee 18, Wisconsin.

Carl R. Sword, Penn State '58, completed his work at the Episcopal Theological School, Cambridge, Massachusetts, this year.

J. Palmer Trimble, Washington State '31, was elected president of the Washington State School Directors Association for 1962. He has been on the State Executive Board for two years and his local board 14 years. His home is Garfield, Washington.

Fred Clapp, Wisconsin '25, who now heads The Logos Foundation and for many years has been a practicing attorney in Los Angeles, California, recently announced his marriage to Miss Ruth Kempster. The marriage took place at Carson City, Nevada, on June 8.

Fred is an active participant in the Los Angeles AKA alumni chapter. He was one of the Committee of Ten who in 1952 conceived and founded The Logos Foundation.

Albert Lee Topp, Wisconsin '34, was recently named vice-president and general manager of the heating and air conditioning division, Controls Company of America, 2450 N. 32nd Street, Milwaukee, Wisconsin.

David T. Stephenson, Washington State '58, is attending the University of Illinois graduate school, studying electrical engineering. His address is G65B Stadium Terrace, Champaign, Ill.

Fred W. Dennis, Washington State '35, has been with the U. S. Treasury Department since August, 1960, and is assigned to Juneau, Alaska. He'd like to hear from other AKA's, in Alaska. His address is 277 Douglas Highway, Juneau.

J. M. Kenney, Stanford '30, had an eventful year. He received a merit award from the American Cancer Society, welcomed a new granddaughter, and celebrated his 25th wedding anniversary. His address is 1100 Riebli, Santa Rosa, California.

Charles W. Doak, Illinois '53, serves as Presbyterian University pastor at the University of Southern California. The Doaks, including sons William George, 4, and Robert Charles, 1, live at 13204 S. Wilkie Ave., Gardena, Calif.

Richard G. Browne, Illinois '23, former executive officer for the Illinois Teachers College Board, has recently been appointed head of the State Board of Higher Education.

It is with sorrow that the names of the following brothers are added to the Omega Roll of the fraternity:

Donald B. Lynch, California '50, was in a fatal automobile accident on October 14, 1961. He had, since graduation, been engaged in the livestock business at his ranch near Napa, California. His wife and three small daughters survive.

Francis A. Gabrielson, Illinois '23, died July 21, 1957. His death was only recently reported to the National Office.

Everett M. Cottrell, California '36, passed away in the spring of 1961, from a heart attack. He lived at Bridgeville, California.

Milton V. Johns, California '17, died on August 6, 1961. He was a lumber broker, specializing in redwood and other West Coast lumber. His home was in Berkeley, California, where he had long been active in the affairs of Alpha chapter and a supporter of the National Fraternity.

Russell J. Dymond, Wisconsin '32, died unexpectedly on April 2, 1962, at his home in Madison, Wisconsin. He was controller of Red Dot Foods, Inc. and active in local and state C. P. A. societies, as well as other civic and church groups. He is survived by his wife, two daughters, and a son, all of the home.

Arnold A. Lundgren, Illinois '20, died April 9, 1962, at Rockford, Illinois, after a long illness. He was a civil engineer, had taught briefly at the University of Illinois, and since 1926 had operated a surveying and engineering business at Rockford. He was a past president of the Illinois Society of Engineers. His wife and one son survive.

Lewis C. Reimann, Michigan Honorary, died August 20, 1961, after a prolonged illness. He was an author and youth worker and served as National President of Alpha Kappa Lambda 1925-27. (His death is noted elsewhere in this issue.)

Robert Newton, Colorado State '63, drowned June 2, 1962, while fishing near Gunnison, Colorado. His body was lost for 17 days. His home was at 815 Hazel Avenue, Canon City, Colorado, and he was a junior at Colorado State College and a member of Upsilon chapter.

Charles Oscar Perrine, California '10, one of the Founders of the Los Amigos Club, passed away at Riverside, California, on May 2, 1962. (See the article elsewhere in this issue.)

Narver Is Expert

David L. Narver, Jr., Stanford '48, has attained considerable distinction in the fields of petroleum, chemical, and nuclear engineering. As vice president, engineering, of Holmes & Narver, Inc., he is directing the engineering services being performed for San Diego on the \$45-million expansion program of its sewerage system and also the project for Los Angeles encompassing additions to the Hyperion sewerage facilities costing approximately \$43.5-million.

David Narver

During 1950-51, Narver was in charge of all work for his firm in connection with the instrumentation of the military structures that were tested at the Atomic Energy Commission's Eniwetok Proving Ground. He was project engineer for Operation "Ivy," an assignment which included facilities engineering on concrete, steel and wooden structures, electrical distributions systems, telephone and timing systems, and many scientific items.

Dave holds degrees in civil and structural engineering from Stanford University. He was the first chairman of the American Society of Civil Engineers' National Committee on Nuclear Structures and Materials.

Vern Schroeder, Kansas State Teachers '61, is employed by Bonicamp, Koelling & Smith, a CPA firm in Wichita, Kansas. His address is 2715 S. Washington, Wichita.

Dr. Wilford Weeks, Illinois '51, has accepted a position with the basic research branch of the Cold Regions Research and Engineering Laboratory of Hanover, New Hampshire. He will also be visiting assistant professor of geology at Dartmouth, teaching courses in glaciology. In the new CRREL cold rooms he will continue his studies of the properties of sea and lake ice. Dr. Weeks was formerly associated with Washington University, St. Louis, Mo.

Emmett Murphy, California '47, recently joined the staff of Marcona Mining Co. after a year of private practice as a consulting mechanical engineer. The Murphys, Emmett, his wife, and three sons, live at 1870 Stockbridge Ave., Redwood City, Calif.

Donald E. Snyder, Illinois '56, is personnel manager and purchasing agent for the Sunbeam Equipment Corporation, fabricators of industrial heat treating furnaces in Meadville, Pennsylvania. He and his wife, the former Nancy Crim, have two daughters, Debra Lynn, 2, and Beth Ann, six months.

Peter C. Appenzeller, Stanford '54, completed his thesis and earned his PhD in economics in 1961. In April, 1961, he married Esther Löw, a school teacher. He is working now at the Union Bank of Switzerland in the department of financial studies. His address is Oberezaune 4, Zurich 1, Switzerland.

David M. Adam, Jr., Penn State '56, has been promoted to associate manager of Hodgdon and Co., Washington, D. C., an investment firm. He and his wife and son live at 876 N. Kensington St., Arlington 5, Virginia.

William H. Griffith, Kansas '21, reports he has enjoyed his first year of retirement very much. He has done some substitute teaching but spent most of his time with his garden and flowers. The Griffiths live at 8521 W. 79th, Overland Park, Kansas.

Lt. Norman H. Hostetler, Kansas State '60, is assigned to the Air Force Academy where he teaches English at the Academy Preparatory School. He and his wife, Barbara, live at Qtrs. 6602-D, USAF Academy, Colorado.

Wesley W. Knight, Illinois '53, and his wife, Virginia, are the parents of a son, Mark Willard, born in January, 1962. Wes is an electronics engineer for the General Electric Co. in Syracuse, New York. The family lives at 100 Skyview Drive, Liverpool, New York. A proud grandfather is **Hubert W. Knight**, Illinois '22.

Bryan R. Wilber, College of the Pacific '60, served as minister of the Paris Corners Methodist Church, Paris Corners, Wisconsin, while he completed his second year at Garrett Theological Seminary, Evanston, Illinois.

Albert B. Martin, Kansas '24, is director of research and general attorney for the League of Kansas Municipalities. The Martins have three children: Carolyn, Maurice, and Harriet. They live at 734 Randolph, Topeka, Kansas.

Frank A. Waring, California '24, retired from the Foreign Service of the United States after 27 years of government service, lectured during the spring semester in the graduate school of business administration, University of California, Berkeley. He was National President of the fraternity, 1930-33.

Schlenz Is Featured

Harry E. Schlenz, Illinois '27, was featured on the November, 1961, cover of the *Water & Sewage Works* magazine, in honor of his new position as president of the Water Pollution Control Federation.

Long an active sanitary engineer, Schlenz heads the Pacific Flush Tank Co. as president.

Harry makes his home at Barrington, Illinois, and is active in civic and benevolent affairs. He is a member of the Lake Geneva Committee of George Williams College and a trustee of the Athletic Association of the University of Illinois. He was president of the school's Athletic Association in 1953.

Anderson Likes Jazz

Jack R. Anderson, Stanford '39, boasts one of the largest jazz collections in California, about 7000 records. Since 1941 history professor at Pasadena City College, he lectures on Asian, European, and American history.

Jazz is a hobby, and Jack plays drums once a week at various spots in Southern California. He has lectured on jazz on Station KFI in Los Angeles. Anderson reports that he developed his interest in music in Stanford's Beta chapter.

LeRoy H. Fischer, Illinois '39, professor of history at Oklahoma State University, Stillwater, was on a sabbatical leave of absence for research during the first semester of the academic year 1961-62. His address remains 1010 West Cantwell Ave., Stillwater, Okla.

REPORT OF THE LOGOS FOUNDATION For the Fiscal Year June 1, 1961, to May 31, 1962

The By-Laws of the Logos Foundation require that an annual report be published in the Logos magazine. The financial report for 1961-62 follows.

Cash—June 1, 1961	
Checking	\$1,050.57
Savings Account	3,636.28
Cash Available	\$4,686.85
Contributions Received	\$2,624.00

THE LOGOS

NEWS of the Collegiate Chapters

Gamma

ILLINOIS

The spring semester of 1962 will long be remembered by Gamma chapter. The house started the semester with the initiation of eleven new members. We also pledged seven new men through informal rush.

The men of Gamma participated in a number of campus activities spring semester. John Winings played the male lead in "West Side Story," the spring musical, while Mike Carter had a major supporting role in the show. Behind the scenes were John Thorp as production manager and Joel Suffield as art director. Four brothers were selected for major chairmanships in the Student Union. In the Men's Glee Club, Gamma continued to be a strong

participant with four members including the Junior Manager, Bob Compratt.

The house basketball team won the league championship. Larry Roberts, a member of the team, was chosen as a member of the Greek All-Star Basketball Team.

The Spring Formal and Initiation Dance were the highlights of our social events. Added to this were nine exchanges with top sororities. Climaxing these social events was a pairing with Delta Phi Epsilon for next fall's Stunt Show.

Having completed another successful semester, we are looking forward to an even more profitable fall.

—Dick Hart

Delta

KANSAS

For the men of Delta, the past year has been a slightly unusual yet very profitable experience. First semester, the house produced the lowest grade point average since the founding of the chapter. Naturally, this made us feel rather downhearted. But such a condition yielded unexpected fruits—in the form of five pledges whose grade point average is 2.16 [3.00 basis]. In other words, our poor effort during the first of the year provided the proverbial shot in the arm to make us rush like mad.

But don't be misled. We were

not without some accomplishments. Blaine King rounded out the year as editor of the Kansas yearbook, the *Jayhawker*. Three junior brothers, Larry Blackman, David Huffman, and Blaine King, were elected to K. U.'s senior honor society, Sachem. And Alan Latta, our Phi Beta Kappa senior, signs out of his undergraduate years with a Fulbright Grant and a Woodrow Wilson Scholarship. As for the coming fall, we are optimistic, yet have learned that the future is molded by the actions of the present.

—K. C.

Eta

WASHINGTON STATE

Eta has been no exception to national AKA's motto, "AKA is on the move." Since the beginning of

the fall term we have increased in membership from 21 to 44 and initiated a total of 21 new actives.

We have progressed in indefinable directions too: our prestige on campus is up and rising, the spirit in the house is high.

But this has not been motion at the expense of quality. We continue to rank high in scholastic rating and maintain an atmosphere of close brotherhood.

We have been active this year. We participated in all major intramural sports and were a strong contender for the IFC Intramural Improvement Trophy. We entered competition for the Spring Songfest. We held a number of parties

and dances, climaxed by the Spring Formal.

Though we are not yet a perfect fraternity, we have overcome many of the problems attendant with a new house and increase in size. We have begun to think in larger terms. We recently hosted a tri-chapter meeting with Eta, Theta, and Phi.

When we serenade now, we don't walk; we march, led by bagpipes and drum. This was an idea which originated with one of our new members. These men are excellent; they make one proud to say, "I belong to this fraternity."

Iota

KANSAS STATE

The second semester activities for Iota started February 5. Iota had much to look forward to, after a very successful fall semester. One of the proudest achievements of the men of Iota was our third place ranking in scholarship among the other 22 fraternities at Kansas State.

Socially the spring semester was highlighted with exchanges, house parties, and our annual spring formal. We had exchanges with Kappa Alpha Theta and Smurthwaite Hall, plus our entry in Y-Orpheum with the Alpha Chi

Omega's. Our spring formal, as usual, was enjoyed by all members. Carolyn Hurty was chosen as "Sweetheart of AKA." All these functions produced a very successful spring semester.

Individuals also accomplished many things. For instance, Roger Suttner, who, at 7 feet, is the tallest basketball player ever to play for K. State, had a good year.

In addition, many others were initiated into the various honor societies.

At the end of the semester, Iota honored its graduating seniors at the annual Senior and Scholarship Dinner. Those honored were John D. Peterson, John E. Peterson, John Clifford, Don Wise, Bob Worley, Hal Taylor, Maurice Schragg, and Barry Dukes. We also lost two members by transfer: Jim Dean is entering Harvard Law School, and Charles Kelley is attending Washington University Dental School.

Officers for the fall are: L. R. Reinhart, president; Bob Tichnor, vice-president; Marvin Whalen, corresponding secretary; Stan Ro-

buck, pledge trainer; Jim Gathers,

treasurer, and Ron McKenzie, house manager.

Lambda

KANSAS STATE TEACHERS COLLEGE

Spring semester was a very rewarding one for Lambda. It started with the pledging of twenty-six new men. Under the direction of Max Plank, senior music major from Harper, Lambda won first place in the annual singing bee for the seventh time in eight years. Following this, Lambda was informed in an honors convocation that it had won the scholarship award. Lambda has won this award since it was first given in 1954. To complete Lambda's sweep in the trophy division, Lambda, under the leadership of Gordon Long from Abilene, won the intramurals trophy.

For the second consecutive year, AKA won the Salvation Army Service Award given in all-Greek competition for outstanding service to the Army's Christmas drive for Emporia's needy families.

Lambda was happy to learn that Xi Phi, Honorary leadership fraternity, had invited three AKA's to join its select group. Darryl Hughey, Bob Kassleman, and pledge, Duane May, not only have been very active in AKA but have

shown their leadership on the campus of E-State.

Lambda held its Annual Parent's Day on Sunday, March 25. Approximately 250 parents, families, and friends of AKA members attended the Pot Luck dinner. Mr. Lewis Bacon was the special speaker and spoke of the values of membership in AKA. After dinner an open house was held at the chapter house.

If anyone has been watching NBC's nationally televised "Championship Debate" on Saturdays, they may have seen Gary Sherrer. Gary, a Lambda man, is one of the nation's best debaters. Gary and his partner, Harold Lawson, were chosen by NBC as one of the top debate teams in the nation and were asked to appear on their show. On the show they beat Notre Dame and Southwest Missouri State and lost in the Semi-final round to North Texas State. Gary was also the second-ranked speaker at the National Debate Tournament at West Point. Hats off to Gary and everyone who helped make this year a great year for Lambda.

Xi

NORTHEAST MISSOURI STATE TEACHERS

Elections were held March 13, 1962 at Xi chapter. Officers for the coming year are president, James Thompson, Minburn, Iowa; vice-president, David Hall, Davenport, Iowa; 2nd vice-president, Marvin Greiwe, St. Charles, Missouri; secretary, Karlos McClure, Leon, Iowa; treasurer, John Thomas, Wellsville, Missouri; cor-

responding secretary, Robert Beilstein, LaGrange, Missouri; chaplain, James Crenshaw, Osburn, Missouri; publicity chairman, Gene Probasco, Newton, Iowa; historian, Don Rupp, St. Charles, Missouri; Xi-Fi Editor, James Killion, Highland, Indiana; social chairman, Thomas Wolf, Brookfield, Missouri.

A successful rush season was

executed and completed during the winter quarter with a gain of 15 new members. An even bigger and better rush season is scheduled for next year.

Successful theme parties were held and carried out during winter and spring quarters. Our parties were climaxed by our most successful party, the Annual Spring Formal on April 28, 1962. The theme "April in Paris" was under the direction and planning of Gene Probasco.

Omicron

The men of Omicron chapter are just finishing what has been a most active and enjoyable spring semester. The semester started off with one of our best pre-rush dances. On preference day we pledged Tom Farley, who along with the rest of his accomplishments was an alternate on our College Bowl team. The pledge dance, a Ubangi Warrior Stomp, was one of the finest ever.

In the field of extracurricular activities, we gave a very polished Band Frolic performance, looking like professionals after the many long hours of practice. Also, a very nice looking and profitable booth was constructed for the school's celebration of Mardi Gras.

This year saw Xi chapter's first Annual Banquet in honor of graduating seniors. After the graduating seniors had been recognized, Jim Thompson, president, presented to Dr. Ralph Monay, Honorary, who is retiring from Kirksville State Teachers College, a plaque for his outstanding loyalty to Xi of AKA. Mrs. Pearl Turner, housemother, was presented with a sweetheart pin from the fraternity at this banquet.

—Robert Beilstein

UNIVERSITY OF THE PACIFIC

In the sportsfield, a competitive, although not a winning, intramural

They call it dancing?

basketball team was fielded, followed by a high-potential softball team which finished with a respectable 2-3 record in a very tough league.

Omicron, living in a cramped and inadequate house, has initiated a building fund campaign to help alleviate this situation. A parent-

Rho

Despite several disappointments in the starting of a new chapter house, Rho has pulled through the year in great shape. We began fall quarter by taking six pledges and building a fine homecoming float. Winning the Interfraternity Council scholarship trophy topped off a successful first quarter.

During winter quarter, Rho sponsored its annual open semi-formal "January Jump." For our campus stunt show presentation, the judges awarded us first place. Coupled with effective use of the theme "AKA is on the move" our hard work and 100% participation in winter rush was more than rewarded by taking thirty-two pledges, the most since Rho's founding.

Spring quarter topped the year's social activities with our annual spring formal. The second weekend in May, nine of our members went to La Crosse, Wisconsin, to initiate Alpha Gamma chapter. Our

Sigma

Sigma sponsored many events on the campus of Central Missouri State this past year, with the biggest social function being held on March 24.

"Treasure Island," the theme for the AKA formal, went into full swing, including twisting, on March

alumni luncheon, attended by more than sixty guests, was held to kick off this drive. All parents and alumni will be receiving a letter in August outlining this program. With the hope of returning in the fall to enjoy our promising future, we are preparing to take our finals.

—H. Everett Wilcock '64

EASTERN ILLINOIS STATE

successful spring rush yielded fourteen additional pledges. The men of Rho did an excellent job in our annual parent's day Greek Sing program.

This year's graduation claimed many of our most valuable members. Among them was Darold Herdes, who graduated with high honors. Darold, also, along with Terry Fortman, this year's I.F.C. president, was elected to *Who's Who in American Universities and Colleges*.

Rho has been active in athletics also this year. Our intramural activities have included football, basketball, volleyball, softball, and entries in the I.M. track meet.

All in all, Rho has had a very successful year at Eastern Illinois University. We look toward next year confidently, with visions of a new chapter house and an even better year for Alpha Kappa Lambda.

CENTRAL MISSOURI STATE

24. The favors for the dance were small jewelry box treasure chests. Decorations were colorful and added to the announcement of Sharon Simms as the Sigma chapter sweetheart.

Gary Myers and Rick Winegar received the outstanding senior

award at the formal. The award was presented by Gene Elliott, president of the Board of Trustees.

The Inferno dance, sponsored by Sigma chapter, was one of the biggest Greek affiliated dances on the CMS campus. Sigma has accomplished many sorority exchanges during the year. Themes for these events ranged from Harold's Club in Reno to social dancing.

Nine fraternity brothers lost their freedom as they also passed their pins to members of the fairer sex. Five of these were presented at the formal. The others were given to their mate at house parties or pinnings held at the girl's dormitories.

Upsilon _____ COLORADO STATE

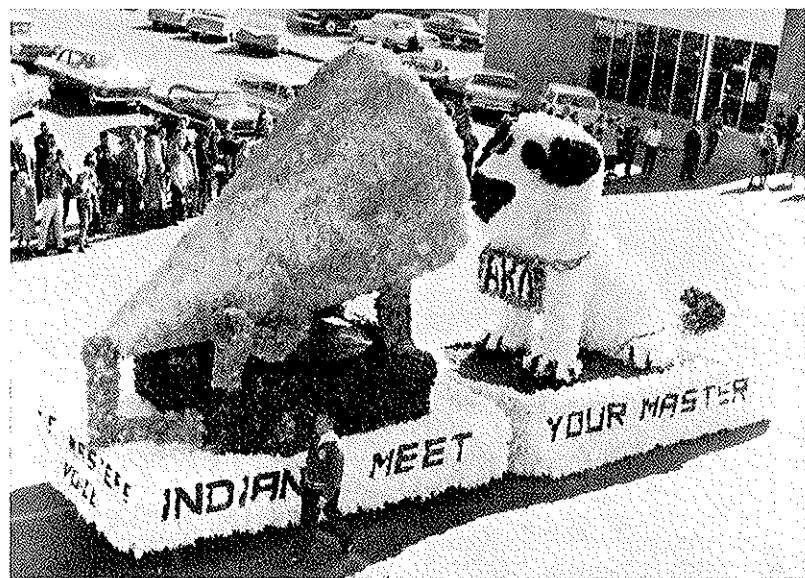

Upsilon started off winter quarter at C. S. C. with a bang. First, an expanded social program was approved by the active body and an all-out participation in Greek

During CMS Greek week activities, Sigma chapter captured the honor of Mr. Fraternity. Gary Myers won this award for the AKA's on the CMS campus.

The Sigma chapter placed second in the Greek sports activities. A third in the chariot race and a top win in the sack race enabled the AKA's to place as runner up. Running in the sack race were Gary Myers and DeWayne Allen. The horses for the chariot were Bob Allen, Bill Shockey, Ron Richard, Mike Gary, Roger Buhr, Bill Strohmeyer, Mike Bauer, and Don Thompson.

follies was instigated. Eclipsing all of this was the pledging of eleven men through a fine winter quarter formal rush.

Upsilon's faculty sponsor, Dr.

Upsilon parade float

Tate, has helped the chapter immensely this year. Dr. Tate helped to inaugurate Upsilon's V. I. P. pledging system, and was a tremendous help in his advisory capacity.

The intramural basketball program this winter found the A-team winning two and losing four. The B-team kept up their perfect losing streak of 36 games. After a good start at the beginning of the quarter, the softball team lost its momentum when it lost its star pitcher, Carl Passaneti, but still finished fourth.

Spring quarter also brought Up-

Phi _____ OREGON STATE

Phi Chapter of Alpha Kappa Lambda grew in one year from about 12 men to 21 men in the house during spring term. Next year we are expecting to have a capacity house.

The spirit of Phi chapter has improved very much in the past year. This has helped our scholastic

standing on campus and also our intramurals. Our softball team went to the semi-finals.

Phi chapter's reputation is unequaled on the Oregon State University campus, and we intend to maintain this reputation. We invite the reader to follow Phi chapter's progress; we are on the move.

Psi _____ IOWA STATE

This past year has been quite a successful year for AKA here at Iowa State University.

First of all, we had a successful rush week last Sept. 4-8 and we pledged 13 new men.

Probably the thing of which we are most proud this past year has been our ranking fifth among thirty-two fraternities on campus in grade standings. This was good enough to give us the scholarship improvement trophy for one quarter and nearly a second quarter.

During the course of the school year we participated quite extensively in intramural activities and had several house picnics, exchanges, and parties. "Snowflakes

over Psi" and our "Sweetheart Fireside," at which Mrs. Henry Bonnes was chosen as our chapter sweetheart, were among the more outstanding. AKA was also quite active in campus activities such as Operation Lifeline which was held during Greek Week and in which AKA men donated 16 pints of blood to the American Red Cross.

As we close the doors to the academic year 1961-62, we are looking forward to a better and brighter 1962-63. We hope to get this started through our extensive summer rush program which we have set up and are getting under way.

Alpha Alpha started off the school year with its installation as an active chapter of Alpha Kappa Lambda. Twenty-one charter members were initiated by brothers from the Lambda chapter.

We entered the Greek Stunt activities and won first place. The following night was the annual Greek Ball. Larry Borger, past chapter president, was elected Greek King by the campus sororities to reign during Greek Week.

Our intramural program was very successful in its first year. Our basketball team placed second in fraternity competition and third on the campus against twenty independent teams. Alpha Alpha's softball team won the fraternity crown and placed second in the intramural playoffs.

A chapter house in the spring of 1963 is seen as things stand now. The house is in the final stages of planning and will probably be constructed this summer and next fall.

Chapter members who gained recognition on the NMSU campus this year were Dan Evans, elected "Most Popular Aggie," and Dave Thompson, the "Greatest Aggie." Congratulations, guys! We're really proud of you. We would also like to congratulate our two graduation Seniors, Edwin Barker and John Campitell.

The new chapter officers are: president, Dan Evans; vice-president, Buddy Van Doren; corresponding secretary, Roger Rinn; recording secretary, Richard Davies; treasurer, Charles Chambers. Our chapter advisor is Dean Alvin Boston, head of the Fine Arts Department of NMSU.

Ten members of our chapter attended a Hawaiian Luau at Alpha Beta chapter in Tucson, Arizona. We all had a great time visiting our Alpha Beta brothers and the blind dates were "par excellence!"
—Roger Rinn

Rushing Help Needed

Alpha Kappa Lambda's continued strength and growth depends on the pledging of outstanding new members. All Alumni of the Fraternity should help in this great annual project.

Do you know friends, neighbors, relatives, or sons or brothers of acquaintances, who will be enrolling in college? Perhaps they deserve to know about AKA. Perhaps AKA should know about them.

Send Names to the AKA
National Office

Give name, address, probable school, and other pertinent data on each prospect. Your recommendation is important.
